Graebner, Richard Dean Burns, Joseph M. Siracusa, 2010-05-05 Three distinguished diplomatic historians offer an assessment of the Cold War in the realist tradition that focuses on balancing the objectives of foreign policy with the means of accomplishing them *America and the Cold War 1941 1991 A Realist Interpretation* is a sweeping historical account that focuses on the policy differences at the center of this conflict In its pages three preeminent authors offer an examination of contemporary criticism of the Cold War documenting the views of observers who appreciated that many policies of the period were not only dangerous but could not resolve the problems they contemplated The study offers a comprehensive chronicle of U S Soviet relations broadly conceived from World War II to the collapse of the Soviet Union It places the origins of the Cold War as related to the contentious issues of World War II and stresses the failure of Washington to understand or seriously seek settlement of those issues It points out how nuclear weaponry gradually assumed political stature and came to dominate high level Soviet American diplomatic activity at the same time discounting the notion that the Cold War was a

global ideological confrontation for the future of civilization A concluding chapter draws lessons from the Cold War decades showing how they apply to dealing with nation states and terrorist groups today Access to History: Russia 1894-1941 for OCR Second Edition Michael Lynch, 2015-09-18 Exam Board AQA Edexcel OCR WJEC Level A level Subject History First Teaching September 2015 First Exam June 2016 This is an OCR endorsed resource Give your students the best chance of success with this tried and tested series combining in depth analysis engaging narrative and accessibility Access to History is the most popular trusted and wide ranging series for A level History students This title Supports the content and assessment requirements of the 2015 A level History specifications Contains authoritative and engaging content Includes thought provoking key debates that examine the opposing views and approaches of historians Provides exam style questions and guidance for each relevant specification to help students understand how to apply what they have learnt This title is suitable for a variety of courses including OCR Russia 1894 1941 **The Soviet Union** Tania Raffass, 2012 The Soviet Union is often characterised as nominally a federation but really an empire liable to break up when individual federal units which were allegedly really subordinate colonial units sought independence This book questions this interpretation revisiting the theory of federation and discussing actual examples of federations such as the United States arguing that many federal unions including the United States are really centralised polities It also discusses the nature of empires nations and how they relate to nation states and empires and the right of secession highlighting the importance of the fact that this was written in to the Soviet constitution It examines the attitude of successive Soviet leaders towards nationalities and the changing attitudes of nationalists towards the Soviet Union Overall it demonstrates that the Soviet attitude to nationalities and federal units was complicated wrestling in a similar way to many other states with difficult questions of how ethno cultural justice can best be delivered in a political unit which is bigger than the national state Death Orders Anna Geifman, 2010-05-20 This fascinating study shows how terrorism as developed and practiced in Romanov Russia has over the past century manifested itself as the template for modern and postmodern terrorism as a universal sociocultural psychological and existential experience irrespective of particular political causes ethnic distinctions and ideological boundaries Arguing that Russia is the birthplace of modern terrorism Death Orders The Vanguard of Modern Terrorism in Revolutionary Russia uses the nation as a case study of psycho historical patterns of worldwide terrorist activity during the past century Key features of early 20th century Russian political extremism serve as models for terrorist experiences in other periods and regions as author Anna Geifman builds a typology of a universal phenomenon The book shows how in Russia and elsewhere terrorists objectives have degenerated from punishment of individual adversaries and attempts to intimidate political elites to indiscriminate acts of political violence It shifts attention from ideology to practices that had been previously hidden ignored or rationalized demonstrating that what terrorists say about their motives may not be what actually drives them to brutality By looking closely at Russian precedents for the general experience of modern political violence the book helps illuminate many obscure
