Rise Of A Gay And Lesbian Movement

Diane Richardson, Steven Seidman

Rise Of A Gay And Lesbian Movement:

The Rise of a Gay and Lesbian Movement Barry D. Adam, 1987 Social Movements Past and Present offers thorough analyses of the ideas and actions that have changed the way Americans think and live Each volume is written by a specialist drawing on the insights and methodologies of history sociology and political science Copyright Libri GmbH All rights reserved *Handbook of Lesbian and Gay Studies* Diane Richardson, Steven Seidman, 2002-11-18 Drawing from a rich team of global contributors and carefully structured to elucidate the core issues in the field this text is organised into four sections History and theory Identity and community Institutions and Politics **Queer Airwaves: The Story of Gay and Lesbian**

Broadcasting Phylis W Johnson, Michael C Keith, 2014-12-18 This book is both a retrospective history of the gay community's use of electronic media as a way of networking and creating a sense of community and an examination of the current situation an analysis and critical assessment of gay lesbian electronic media Keith and Johnson use original interviews and oral history to delineate the place of electronic media in the lives of this increasingly visible and vocal minority in America

The Global Emergence of Gay and Lesbian Politics Barry D. Adam, Duyvendak and Willem, Jan Willem Duyvendak, Andre Krouwel, 2009-03-16 Rich accounts of gay and lesbian groups on five continents **Gay and Lesbian Activism in the Republic of Ireland, 1973-93** Patrick McDonagh, 2021-10-07 This thematically arranged study traces the emergence of visible gay and lesbian communities across the Republic of Ireland and their impact on public perceptions of homosexuality Along the way it explores the critical and hidden activism of lesbian women the role of rural provincial activists the importance of interactions with international gay and lesbian organisations and the extent to which HIV and AIDS impacted the gay rights campaign Gay and Lesbian Activism in the Republic of Ireland 1973-93 focuses in particular on activists' efforts to engage with the different religious organisations in Ireland the Trade Union movement Irish political parties and the media and how these efforts in turn shaped the strategies and activities of gay and lesbian organisations McDonagh argues that gay and lesbian activists mounted an effective campaign to improve both the legal and social climate for Ireland's gay and lesbian citizens In doing so gay and lesbian individuals were important agents of social and political change in the Republic of Ireland in the period from the 1970s to the early 1990s particularly in relation to Irish sexual mores The book also helps to contextualise the changes in perceptions of homosexuality that have taken place in recent years and encourages scholars of Irish history to further explore the contribution of Ireland's LGBTQ community in transforming Irish society in the 20th and 21st centuries *Sex and the Constitution* Geoffrey R. Stone, 2017-03-21 A New York Times Book Review Editors Choice Selection A volume of lasting significance that illuminates how the clash between sex and religion has defined our nation's history Lee C Bollinger president Columbia University Lauded for bringing a bracing and much needed dose of reality about the Founders' views of sexuality New York Review of Books Geoffrey R Stone's *Sex and the Constitution* traces the evolution of legal and moral codes that have legislated sexual behavior from America's earliest days to today's fractious

political climate This fascinating and maddening Pittsburgh Post Gazette narrative shows how agitators moralists and especially the justices of the Supreme Court have navigated issues as divisive as abortion homosexuality pornography and contraception Overturning a raft of contemporary shibboleths Stone reveals that at the time the Constitution was adopted there were no laws against obscenity or abortion before the midpoint of pregnancy A pageant of historical characters including Voltaire Thomas Jefferson Anthony Comstock Margaret Sanger and Justice Anthony Kennedy enliven this commanding synthesis of scholarship Publishers Weekly that dramatically reveals how our laws about sex religion and morality reflect the cultural schisms that have cleaved our nation from its founding *Rethinking the Gay and Lesbian Movement* Marc Stein,2022-11-18 Now in its second edition Rethinking the Gay and Lesbian Movement provides an accessible overview of an important and transformational struggle for social change highlighting key individuals and events influential groups and organizations major successes and failures and the movement s lasting effects and unfinished work Focusing on four decades of social cultural and political change in the second half of the twentieth century Marc Stein examines the changing agendas beliefs strategies and vocabularies of a movement that encompassed diverse actions campaigns ideologies and organizations From the homophile activism of the 1950s and 1960s through the rise of gay liberation and lesbian feminism in the 1970s to the multicultural and AIDS activist movements of the 1980s this book provides a strong foundation for understanding gay lesbian bisexual transgender and queer politics today This new edition reflects the substantial changes in the field since the book s original publication eleven years ago Rethinking the Gay and Lesbian Movement will be valued by everyone interested in LGBTQ struggles the politics of movement activism and the history of social justice in the United States *Gays and Lesbians in the Democratic Process* Ellen D. B. Riggle,Barry L. Tadlock,1999 In this collection of articles the various authors examine the interaction of gays and lesbians with the democratic process in regards to public policy public opinion and political representation *The Sexuality of Migration* Lionel Cantu,2009-02-01 Winner of the 2010 Distinguished Book Award from the American Sociological Association Sociology of Sexualities Section Winner of the 2010 Distinguished Book Award in Latino Studies Honorable Mention from the Latin American Studies Association The Sexuality of Migration provides an innovative study of the experiences of Mexican men who have same sex with men and who have migrated to the United States Until recently immigration scholars have left out the experiences of gays and lesbians In fact the topic of sexuality has only recently been addressed in the literature on immigration The Sexuality of Migration makes significant connections among sexuality state institutions and global economic relations Cant situates his analysis within the history of Mexican immigration and offers a broad understanding of diverse migratory experiences ranging from recent gay asylum seekers to an assessment of gay tourism in Mexico Cant uses a variety of methods including archival research interviews and ethnographic research to explore the range of experiences of Mexican men who have sex with men and the political economy of sexuality and immigration His primary research site is the

greater Los Angeles area where he interviewed many immigrant men and participated in organizations and community activities alongside his informants Sure to fill gaps in the field The Sexuality of Migration simultaneously complicates a fixed notion of sexual identity and explores the complex factors that influence immigration and migration experiences *The Health of Lesbian, Gay, Bisexual, and Transgender People* Institute of Medicine, Board on the Health of Select Populations, Committee on Lesbian, Gay, Bisexual, and Transgender Health Issues and Research Gaps and Opportunities, 2011-07-24 At a time when lesbian gay bisexual and transgender individuals often referred to under the umbrella acronym LGBT are becoming more visible in society and more socially acknowledged clinicians and researchers are faced with incomplete information about their health status While LGBT populations often are combined as a single entity for research and advocacy purposes each is a distinct population group with its own specific health needs Furthermore the experiences of LGBT individuals are not uniform and are shaped by factors of race ethnicity socioeconomic status geographical location and age any of which can have an effect on health related concerns and needs The Health of Lesbian Gay Bisexual and Transgender People assesses the state of science on the health status of LGBT populations identifies research gaps and opportunities and outlines a research agenda for the National Institute of Health The report examines the health status of these populations in three life stages childhood and adolescence early middle adulthood and later adulthood At each life stage the committee studied mental health physical health risks and protective factors health services and contextual influences To advance understanding of the health needs of all LGBT individuals the report finds that researchers need more data about the demographics of these populations improved methods for collecting and analyzing data and an increased participation of sexual and gender minorities in research The Health of Lesbian Gay Bisexual and Transgender People is a valuable resource for policymakers federal agencies including the National Institute of Health NIH LGBT advocacy groups clinicians and service providers
