Absolutist states in the early modern period from their roots in European feudalism and assesses their various trajectories Why didn't Italy develop into an Absolutist state in the same indigenous way as the other dominant Western countries namely Spain France and England On the other hand how did Eastern European countries develop into Absolutist states similar to those of the West when their social conditions diverged so drastically Reflecting on examples in Islamic and East Asian history as well as the Ottoman Empire Anderson concludes by elucidating the particular role of European development within universal history

King James VI and I and the Reunion of Christendom W. B. Patterson, 1998-01-08 This book shows King James VI and I king of Scotland and England in an unaccustomed light Long regarded as inept pedantic and whimsical James is shown here as an astute and far sighted statesman whose reign was focused on achieving a permanent union between his two kingdoms and a peaceful and stable community of nations throughout Europe

Conscription in the Napoleonic Era Donald Stoker, Frederick C. Schneid, Harold D. Blanton, 2008-10-09 This edited volume explores conscription in the Napoleonic era tracing the roots of European conscription and exploring the many methods that states used to obtain the manpower they needed to prosecute their wars The levée en masse of the French Revolution has often been cited as a Revolution in Military Affairs but was it truly a revolutionary break with past European practices of raising armies or an intensification of the scope and scale of practices already inherent in the European military system This international collection of scholars demonstrate that European conscription has far deeper roots than has been previously acknowledged and that its intensification during the Napoleonic era was more an evolutionary than revolutionary change This book will be of much interest to students of Military History Strategic Studies Strategic History and European History
