The Wings of Love Volume 1 Kwabena Osei, 2013-03-07 It is insignificant to blame an imaginary devil for your woes and miseries in your love and sex relationship The power of love is so real natural and creates no misery Rather it is the mind that we use to enter into love and sex relationships which constitutes our agonies and miseries The mind promises much but delivers nothing We use the mind in our daily business activities To love someone with the mind has its cornerstones It reflects on why you are in love When the cornerstone that dragged you to that love and sex relationships fades away you will be totally empty There will be no remains of love in you The rest will be agony and misery When you find no logic and reason and simply do not know why you are in love that is a pure love from your heart Love and sex is a divine gift It serves as finishing touches to crown the unification of two souls of oneness in existence It's by product is the multiplication of human race that makes the world to go round Generations go and generations come through the mystery of the power of love and sex And the world abides forever and ever A perfect natural love from both lovers in unification can trash down any deadly mountain that stands in their way They can easily exploit or discover the hidden mystery planet of love and its pleasure that most people with the mind games in love and sex relationship fail to discover Just let an unconditional sweet melody of love songs reign supreme in your love and sex relationship and you

will always find pleasure in love This book The wings of love reveals the major facts stories and occurrences in various love and sex relationships To enlighten and bring awareness to those lucky ones who may by the grace of the supreme power of love get access to these inspirational facts of love and sex stories Peace and love *In the Language of Love* Diane Schoemperlen,1997-05-01 In this astonishingly inventive novel Diane Schoemperlen uses the 100 stimulus words from the Standard Word Association Test as a narrative framework for exploring her heroine s growing understanding of the meaning of love A tour de force of wit and wordplay In the Language of Love is a wise and compassionate collage of one woman s coming of emotional age *Prisoners of Love* T.K. Cyan-Brock,2010-12-11 Prisoners of Love 10th Anniversary edition is for the families and friends of the incarcerated and those who want to be supportive to someone going through this situation It was written by families of the incarcerated with professional insights and advice on topics common to incarceration Prisoners of Love is empowering but does not sugarcoat the reality of waiting for someone while they are incarcerated It offers hope inspiration and how to information designed to help the reader navigate through this often heartbreaking situation Prisoners of Love will help you overcome obstacles and use this time to grow closer and grow better as individuals instead of let the system and situation break you down When my fianc was sentenced to serve time in prison I felt lost and alone After reading Prisoners of Love I realized that there was still hope for us Prisoners of Love gave us the encouragement and guidance we needed to bring us through the most difficult time of our relationship Margaret M This is a wonderful book for the millions of people who have loved ones on the other side I keep a copy by my bedside and refer to it when I need encouragement Sharon North Carolina T K Cyan Brock is the founder of www.prisonersoflove.com a website helping the families of the incarcerated since 1996 She has filled the 10th Anniversary edition with even more information that has kept her own family and other families going during times of incarceration **The Politics of Love** Rebecca Joubin,2013-10-03 Dramatic miniseries are the primary arena for the expression of postcolonial Syrian culture and artistic talent an arena that unites diverse aspects of artisanship in a struggle over visions of the past present and future of the nation As the tour de force of the television medium blossoming amidst persisting authoritarianism these miniseries serve as a crucial and complex artistic avenue through which political and social opposition manifests Scholars have tried to come to terms with a highly critical culture produced within attempted state co optation and argue that politically critical culture operates as a safety valve to release frustrations so that dissenters are less likely to mobilize against the government Through research fueled by a viewing of over two hundred and fifty miniseries ranging from the 1960s to the present as well as an examination of hundreds of press reports Facebook pages and extensive interviews with drama creators this book turns away from the dominant paradigm that focuses on regime intent When turning attention instead to the drama creators themselves we witness the polyphony of voices employing love and marriage metaphors and gender de constructions to explore larger issues of nationalism self identity and political critique At the heart of constructions of femininity are the complications that arise with the symbiosis of

pure femininity with authentic national identity Deconstructing masculinity as political critique has been less complicated since it is not implicated in Western identity issues on the contrary illustrations of subservient masculinity serve to subtly denounce government corruption and oppression Miniseries from the 1960s demonstrate that the focus of the qabaday tough man on female sexuality comes from his own political alienation vis vis the state and is part of a vicious cycle of state violence vis vis the citizen In recent years and in particular after the uprising we can see the emerging definition of the true qabaday as one who does not suppress a woman s sexuality thereby allowing for full equality in relationships as the basis of a truly free society
