

rites of passage

DEFINITION

A rite of passage is a ceremony or event marking an important stage in someone's life, especially birth, puberty, marriage, and death. It serves as a formal transition from one social or religious status to another. These rituals often involve symbolic activities, challenges, or teachings that convey cultural values and expectations to the participants.

EXAMPLES

- **Quinceañeras:** The "Quinceañera" in Latin American cultures celebrates a girl's fifteenth birthday, symbolizing her transition from childhood to womanhood.
- **Weddings:** In many cultures, wedding ceremonies celebrate the union of two individuals, signifying their transition from single to married life.

Rites Of Passage

Arnold van Gennep

Rites Of Passage:

The Rites of Passage Arnold van Gennep, 2004 Brief notes on wife lending to stranger Central Australia revenge parties reincarnation beliefs Arunta initiation magician Rites of Passage Jean Holm, John Bowker, 1994-01-01 No Marketing Blurb

The Rites of Passage Arnold van Gennep, 2019-05-24 This classic work of anthropology explores the transitional stages of an individual's life and the societal rituals involved Arnold van Gennep's masterwork *The Rites of Passage* has been a staple of anthropological education for more than a century First published in French in 1909 and translated into English by the University of Chicago Press in 1960 this landmark book explores how the life of an individual in any society can be understood as a succession of transitions birth puberty marriage parenthood old age and finally death Van Gennep's great insight was discerning a common structure in each of these seemingly different transitions involving rituals of separation liminality and incorporation With compelling precision he set out the terms that would both define twentieth century ritual theory and become a part of our everyday lexicon This new edition of his work demonstrates how we can still make use of its enduring critical tools to understand our own social religious and political worlds and even our personal and professional lives In his new introduction Pulitzer Prize winning historian and anthropologist David I Kertzer sheds new light on van Gennep on the battles he fought and on the huge impact the book has had since publication of the first English edition With a new introduction by Pulitzer Prize winner David I Kertzer *Rites of Passage in Ancient Greece* Mark William Padilla, 1999 This volume reflects on liminality as it relates to initiatory themes in Greek literature and on literary works especially tragedy that represent heroes and heroines undergoing rites of passage Featured works include Aeschylus's *Prometheus Bound* Euripides *Ion* and *Iphigenia in Tauris* and Sophocles *Antigone* and *Women of Trachis* *Coming of Age the RITE Way* David G Blumenkrantz, 2016-05-02 *Coming of Age the RITE Way* Youth How do we raise our children to be resilient self reliant capable adults who are competent and with compassion that is manifested in civic engagement for social justice The book sets forth guiding principles and clear methods for putting into practice a whole systems approach to youth development through rites of passage The approach involves connecting and enhancing environments and building competencies which promote the positive development of children and youth in their families in their schools among their peers in their community and with a strong connection to the natural world It provides extensive narratives and case studies to illustrate how a framework of rites of passage is used to weave a common language throughout the community and links techniques for youth development with prevention identification intervention and treatment and strengthens the fabric of community support Deeply into the Bone Ronald L. Grimes, 2000-06-29 Over the past two decades North Americans have become increasingly interested in understanding and reclaiming the rites that mark significant life passages In the absence of meaningful rites of passage we speed through the dangerous intersections of life and often come to regret missing an opportunity to contemplate a child's birth mark the arrival of maturity or meditate on the loss of a loved one Providing a

highly personal thoroughly informed and cross cultural perspective on rites of passage for general readers this book illustrates the power of rites to help us navigate life s troublesome transitions The work of a major scholar who has spent years writing and teaching about ritual *Deeply into the Bone* instigates a conversation in which readers can fruitfully reflect on their own experiences of passage Covering the significant life events of birth initiation marriage and death chapters include first person stories told by individuals who have undergone rites of passage accounts of practices from around the world brief histories of selected ritual traditions and critical reflections probing popular assumptions about ritual The book also explores innovative rites for other important events such as beginning school same sex commitment ceremonies abortion serious illness divorce and retirement Taking us confidently into the abyss separating the spiritual from the social scientific the personal from the scholarly and the narrative from the analytical Grimes synthesizes an impressive amount of information to help us find more insightful ways of comprehending life s great transitions As we face our increasingly complex society *Deeply into the Bone* will help us reclaim the power of rites and understand their effect on our lives *Death rituals, ideology, and the development of early Mesopotamian kingship* Andrew C. Cohen,2005 At the beginning of Mesopotamia s Early Dynastic period the political landscape was dominated by temple administrators but by the end of the period rulers whose titles we translate as king assumed control This book argues that the ritual process of mourning burying and venerating dead elites contributed to this change Part one introduces the rationale for seeing rituals as a means of giving material form to ideology and hence structuring overall power relations Part two presents archaeological and textual evidence for the death rituals Part three interprets symbolic objects found in the Royal Cemetery of Ur showing they reflect ideological doctrines promoting the office of kingship This book will be particularly useful for scholars of Mesopotamian archaeology and history Pagan Rites of Passage Pauline Campanelli,Dan Campanelli,1998 Here is a complete and cohesive system of rites that draw upon ancient Pagan traditions of many cultures to celebrate the inevitable life transitions of those on the Pagan path Hundreds of traditions and rites are provided including birth and Paganing coming of age and initiation handfasting and parting mid life and priest or priestesshood cronehood elderhood death and many more Rites and Relationships Monika Vizedom,1976 Symbols and Meaning Mari Womack,2005-03-31 Womack offers a concise and easy to read overview of the power and meaning of symbols in all human societies She describes how symbols_images words or behaviors with multi layered meanings_are mechanism of communication She demonstrates how we experience the power of symbols in all aspects of human life birth death love sexual desire and the need for food and shelter Womack investigates the use of symbols in the language of religion healing politics social organization and control popular culture psychology philosophy semiotics magic and expressive culture including art aesthetics literature theater sports and music The author s eclectic anthropological approach incorporates the social conceptual and psychological dynamics of symbols Her new book is an essential introductory textbook for courses that define fundamental concepts in religion cultural anthropology
