Die Ritterkreuzträger der Deutschen Wehrmacht 1939-1945 Franz Thomas, 1996 *The Illegals* Shaun

Walker, 2025-04-15 The definitive history of Russia's most secret spy program from the earliest days of the Soviet Union to Putin's invasion of Ukraine and a revelatory examination of how that hidden history shaped both Russia and the West More than a century ago the new Bolshevik government began sending Soviet citizens abroad as deep cover spies training them to pose as foreign aristocrats merchants and students Over time this grew into the most ambitious espionage program in history Many intelligence agencies use undercover operatives but the KGB was the only one to go to such lengths spending years training its spies in language and etiquette and sending them abroad on missions that could last for decades These spies were known as illegals During the Second World War illegals were dispatched behind enemy lines to assassinate high ranking Nazis Later in the Cold War they were sent to assimilate and lie low as sleepers in the West The greatest among them performed remarkable feats while many others failed in their missions or cracked under the strain of living a double life Drawing on hundreds of hours of interviews as well as archival research in more than a dozen countries Shaun Walker brings this history to life in a page turning tour de force that takes us into the heart of the KGB's most secretive program A riveting spy drama peopled with richly drawn characters The Illegals also uncovers a hidden thread in the story of Russia itself As Putin extols Soviet achievements and the KGB's espionage prowess and Moscow continues to infiltrate illegals across the globe this timely narrative shines new light on the long arc of the Soviet experiment its messy aftermath and its influence on our world at large Knight's Cross Holders of the Fallschirmjäger Jeremy Dixon, 2025-06-06 Mini biographies of the 130

Knight's Cross Holders of the Fallschirmjäger Hitler's elite paratroopers *Hitler's Heroes During Operation Barbarossa* Jeremy Dixon, 2024-11-30 Profiles the 178 generals awarded the Knight's Cross during the early months of Hitler's invasion of the Soviet Union This is a study of the officers who were promoted to the rank of general and who were also awarded the Knight's Cross during the early period of Hitler's assault upon the Soviet Union This takes us from the great onslaught of Operation Barbarossa through to Hitler's decision to abandon his attempt to capture Moscow and adopt a temporary defensive stance due to the early onset of winter Such was the scale of operations during these momentous first six months of the war on the Eastern Front there were endless opportunities for officers to display courage and leadership This resulted in a total of 172 generals twenty five Generalmajors fifty five Generalleutnants eighty three full Generals eight Generalobersts and one Generalfeldmarschall being awarded the Knight's Cross in this period alone One such recipient was General der Artillerie Erich Marcks who personally directed the fire of his guns against enemy bunkers at very close range On the day he was notified of his award of the Knight's Cross he was seriously wounded and had to have his left leg amputated Despite this he returned to service in March 1942 and was later awarded the Knight's Cross with Oakleaves General der Infanterie Ernst Schroth the Commanding General of the XII Army Corps was awarded the Knight's Cross for his

part in the attack on the Brest Litvosk Fortress in June 1941. Considered a staunch supporter of Hitler, he was appointed to the Court of Honor which investigated those members of the Wehrmacht who had participated in the 20 July 1944 Valkyrie plot to kill the Führer. Hermann Heinrich Behrend was just a Major when he was awarded the Knight's Cross on 15 July 1941. This was for his actions while commanding I Battalion of the 489th Infantry Regiment in its successful breakthrough of the enemy's heavily defended lines southeast and east of Tauragė in Lithuania on 22 June 1941. Behrend continued to display great courage and resourcefulness which saw him rise to the rank of Generalmajor and the later awards of both the Knight's Cross with Oakleaves and the Knight's Cross with Oakleaves and Swords. With each of these 178 entries, there is a detailed description of how and where the Knight's Cross was won and, in the case of the higher awards such as the Oakleaves, Swords, and Diamonds, who presented the award, where and when. This study provides details of their rank and command at the time of the award, as well as also detailing their career during the war and after, with investigations into their fate and post-war life. The book is completed with a considerable number of photographs of many of these officers.

Hitler's War Against the Partisans During the Kursk Offensive Antonio J Muñoz, 2025-11-25 By the summer of 1943, the Soviet partisan forces had grown from small disorganized groups into a formidable fighting force. Hitler, still holding some advantages, hoped to crush a Red Army salient near Kursk and shorten the front lines with a localized offensive. However, the Soviets anticipated the attack and built extensive defense lines to thwart it, employing large numbers of partisans to disrupt German preparations. The critical period of 1943 saw intense fighting behind German lines, particularly during the Battle for the Rails in July and August. Stalin's partisans worked relentlessly to block the flow of German supplies and troops, forcing the Germans to contend with a growing insurgency. Dr. Antonio J. Muñoz's book examines these guerrilla operations, using German maps to detail partisan movements and the German response, which included increasing anti-partisan operations. The year 1943 marked a turning point in the war on the Eastern Front. While Stalingrad in 1942 revealed Germany's inability to win in Russia, the failed Battle of Kursk in 1943 demonstrated the inevitable loss of the war. The partisan efforts were so successful that by August 1943, only 80% of the trains carrying supplies reached Army Group Centre's front lines.

Hitler's Heroes During the Advance to Stalingrad Jeremy Dixon, 2025-04-28 This is the second book by Jeremy Dixon on the subject, a study of those German officers who were promoted to the rank of general and who were also awarded the Knight's Cross during the period of the fighting in Russia between Hitler's assault upon the Soviet Union (Operation Barbarossa) and the complete destruction of the German 6th Army at Stalingrad. The Germans lost 500,000 soldiers during the Stalingrad campaign, some 91,000 of whom were taken prisoner, a number which included 2,000 officers, twenty-three generals, and one Generalfeldmarschall, Friedrich Paulus. There were 149 officers who later held the rank of general who were awarded the Knight's Cross for their actions on the Eastern Front between 6 December 1941 and 2 February 1943. One such recipient was Maximilian Fretter-Pico, who as Generalmajor and Commander of the 97th Infantry Division was awarded the Knight's Cross.

on 26 December 1941 He was later promoted to Generalleutnant and in June 1942 was Commander of the Army Detachment Fretter Pico with the rank of General der Artillerie He was awarded the Knight's Cross with Oakleaves as Commanding General of the XXX Army Corps for actions in the Don and Donez area on 16 January 1944 He was personally presented personally with the award at the Obersalzberg by Hitler Dietrich von Saucken was awarded the Knight's Cross with Oakleaves and Swords for his bravery and leadership whilst commanding the 4th Panzer Division on the Russian Front On 8 May 1945 he was awarded the Knight's Cross with Oakleaves Swords and Diamonds as General der Panzertruppe and Commander in Chief of Army Headquarters East Prussia and presented by Hitler's successor Grossadmiral Karl Dönitz Saucken was later captured by the Soviets who flew him to Moscow for interrogation and he was later sentenced to twenty five years imprisonment The youngest general in the German Army to be awarded the Knight's Cross with Oakleaves and Swords on 23 January 1944 was Erich Brenner who was only 29 years old at the time His award was presented personally by Hitler at his headquarters the Wolf's Lair in Rastenburg At the time he held the rank of Major and was promoted to Oberstleutnant in February 1944 and was promoted to Generalmajor on 28 April 1945 and named as Battle Commandant of Sector A and Sector B of the Berlin Defensive District He committed suicide together with his wife in Berlin with Soviet forces fast approaching just four days later With each individual's entry there is a detailed description of how and where the Knight's Cross was won and in the case of the higher awards such as the Oakleaves Swords and Diamonds who presented the award where and when This study provides details of their rank and command at the time of the award as well as also detailing their career during the war and after with investigations into their fate and post war life The book is completed with a considerable number of photographs of many of these officers

Hitler's Heroes During The Defeat in the East Jeremy Dixon, 2025

Falling From Grace: The German Airborne In World War II Chris Mason, 2014-08-15 In the late 1930s an aggressive and innovative rearmament program in Nazi Germany gave rise to the tactics of vertical envelopment Pioneering the use of gliders as troop carriers parachutists and the air landing of reinforcements to exploit tactical success the German Wehrmacht used the new technique of airborne warfare with startling success as part of the Blitzkrieg campaign against the Low Countries and France in 1940 When the tactical doctrine used to seize bridges strong points and road junctions in Fall Gelb was transferred to the seizure of an entire island that was heavily defended in 1941 however the German airborne effectively committed suicide In ten days in May 1941 half the airborne forces in the entire German army were killed or wounded on Crete Hitler wrongly ascribed the disaster to a playing out of the surprise factor and banned further parachute operations until 1943 The right conclusions were arrived at by the commander of the German airborne himself General Kurt Student in post battle analysis His own insistence on faulty tactics was devastating The German innovation of vertical envelopment in the 1930s was as revolutionary to modern military tactics as the simultaneous development of the integrated combined arms offensive known today as the Blitzkrieg In putting Billy Mitchell's ideas into

practice Luftwaffe General Student demonstrated vision innovative thinking and practical military skill Poor intelligence and reliance on his spreading oil drops tactics for the deployment of his paratroopers the Fallschirmtruppe on Crete however led directly to their removal as a significant weapon from the German arsenal in World War II

Erwin Rommel und Heinz Guderian Charles River Editors, 2025-04-29 Einer seiner Biographen nannte ihn einen komplexen Mann ein geborener Führer ein brillanter Soldat ein hingebungsvoller Ehemann ein stolzer Vater intelligent instinktiv mutig mitfhlend eitel egoistisch und arrogant Wie diese Beschreibung nahelegt muss sich jede Darstellung des Lebens von Erwin Rommel mit den ihm scheinbar innewohnenden Widersprüchen auseinandersetzen Passenderweise ist er einer der am besten in Erinnerung gebliebenen Generale des Zweiten Weltkriegs und der Geschichte im Allgemeinen obwohl er auf der Verliererseite stand und in der bittersten Schlacht seiner Karriere der Entscheidungsschlacht von El Alamein besiegt wurde Dennoch ist der Wstenfuchs seit über 70 Jahren auf beiden Seiten des Atlantiks eine Legende dank der entscheidenden Rolle die er im tödlichsten Konflikt der Geschichte spielte Vor seinen legendären Gefechten gegen die Briten und Amerikaner in Nordafrika erlangte Rommel große Berühmtheit durch seine Rolle bei den Invasionen in Polen und Frankreich bevor er im Februar 1941 nach Nordafrika geschickt wurde Der italienische Offizier Alessandro Predieri beschrieb Rommel mit den Worten er habe zwei sehr seltene und wertvolle Gaben Die erste ist das Glück das wie Sie sich erinnern werden Napoleon seinen Generalen vorschrieb Die zweite Gabe ist die dass er inmitten all der Verwirrung des modernen Westenkriegs die Orientierung behält Sein Instinkt sagt ihm sofort wo sich eine schwierige Situation entwickeln wird und er geht mit seiner Kampfstaffel die er wie eine Prätorianergarde behandelt los und bringt die Dinge in Ordnung indem er wie ein junger Offizier herumstrahlt Heinz Wilhelm Guderian war einer der angesehensten Kommandeure und Theoretiker des Zweiten Weltkriegs Als innovativer Panzerkommandant war er ein Pionier der deutschen Blitzkriegstaktik und damit eine äußerst einflussreiche Figur für die Art und Weise wie der Krieg geführt wurde Guderians Profil war nicht immer das was man von einem Mann mit seinen Fähigkeiten und seinem Einfluss erwartet hätte was auf die Form seiner Karriere zurückzuführen ist Als deutscher Befehlshaber während des Krieges kämpfte Guderian für eines der schrecklichsten Regime der Geschichte Während seine Fähigkeiten respektiert werden fällt es schwer einen Mann zu feiern der die Truppen des Reiches geführt hat vor allem zu einem solchen Erfolg Erwin Rommel dem legendären Wstenfuchs gelang es dieses Stigma durch seinen Glanz und seine bemerkenswerten Leistungen während des gesamten Krieges ein wenig zu umgehen aber Guderian war über ein Jahr lang nicht an der Macht und als er zurückkehrte hatte er keine Befehlsgewalt auf dem Schlachtfeld so dass er weniger Gelegenheit hatte als Rommel seinen Ruf in den Augen der westlichen Medien aufzubauen

Battle of the Bulge Jean Paul Pallud, 2022-06-30 This WWII pictorial history presents an in depth study of Hitler's epic final offensive campaign In December of 1944 nine days before Christmas Hitler played Germany's last card on which he staked everything to turn the tables in the West In this densely illustrated volume military historian Jean Paul Pallud examines the entire salient with then and now photographs Hundreds of

miles have been traveled by the author throughout every corner of the battlefield to search out the scenes of past events every known photograph belonging to combatants civilians and in public collections and private sources has been sought or considered All available film has been examined frame by frame and certain sequences illustrated and analyzed This painstaking process offers a vividly detailed look at the famous battle A number of classic pictures used or misused in depicting the conflict are placed in their true context often revealing them to be very different from what they seem
