Astonishing Beauty Roger L. Williams, 2003-05-07 As we approach the bicentennial of the Lewis and Clark Expedition in 2004 attention will inevitably turn to the nineteenth century explorers who risked life and limb to interpret the natural history of the American West Beginning with Meriwether Lewis and his discovery of the bitterroot the goal of most explorers was not merely to find an adequate route to the Pacific but also to comment on the state of the region s ecology and its suitability for agriculture and of course to collect plant specimens In this book Williams follows the trail of over a dozen explorers who botanized the Rocky Mountains and who by the end of the nineteenth century became increasingly convinced that the flora of the American West was distinctive The sheer wonder of discover which is not lost on Williams or his subjects was best captured by botanist Edwin James in 1820 as he emerged above timberline in Colorado to come upon a region of astonishing beauty *Dangerous Spirits* Shawn Smallman, 2015 An examination of the role of windigo narratives among the Algonquian peoples of North American and how those narratives were influenced through colonialism

Democratic Reichsbanner is widely recognized as a politically important region in this period of German history Using a case study of this socially diverse province this book provides a comprehensive analysis of political violence in Weimar Germany with particular emphasis on the political culture from which it emerged It refutes both the claim that the Bolshevik revolution was the prime cause of violence and the argument that the First World War s all encompassing brutalization doomed post 1918 German political life from the very beginning The study thus contributes to a view of the Weimar Republic as a state in severe crisis but with alternatives to the Nazi takeover

Institutionalizing Elites Suzanne Francis,2011-12-19 In this book Francis expands and redefines the approach to the problematic of a comprehensive framework for the study of political elites through an interrogation of political elite formation in the African context of the Provincial Legislature of KwaZulu Natal The result is an empirically rich and detailed study of the realization accumulation and exercise of institutionalized political power Political elite agency shapes enables and undermines political institutions and is dependent on a multiplicity of currencies including social and political capital and patterns of culture respect and institutional capacity Studies of political elites must now consider not whether elite values attitudes and patterns of political etiquette penetrate political institutions but rather how they do so
