Long Way From Rome Why The Australian Catholic Church Is In Crisis:

A Long Way from Rome Chris McGillion, 2003 Many Catholics today described themselves as lapsed Despite a new hunger for meaning and community it is clear that over the last decade the Australian Catholic Church has become a marginal influence on society Repeated accusations of child sexual abuse by priests is taken as a sign of moral bankruptcy the ongoing refusal to include women in more active roles has left many disenchanted and attendance at Mass continues to decline Leading commentators including Morag Fraser Paul Collins and Damian Grace explore the crisis at the heart of Australian Catholicism They offer a confronting analysis of the direction for the Church set by Rome and the way in which this is stifling local initiative and alienating large numbers of Catholics from the institutional life of the Church *A Long Way from Home* argues that the problem goes beyond the headlines of sexual abuse and internal dissent to issues of Vatican intervention the abuse of authority the decline of ritual the development of a Catholic cultural ghetto and the loss of a distinctive Catholic imagination Catholic Schools and the Future of the Church Kathleen Engebretson, 2014-02-27 During the first decade of the 21st century the Catholic Church in the developed world has faced a decline in its moral authority increasing accusations of irrelevance to a secular age and a steep and steady decline in commitment among successive generations from the 1960s on Despite this Catholic schools have multiplied and grown in popularity and educational achievement The book sets out a programme for the contribution of Catholic schools to the future of the Church covering such topics as the religious education curriculum in its cognitive and affective aspects the sacramental life of the school selection of staff the issue of staff and Catholic witness and many other topics Engebretson argues that Catholic schools are a powerful key to the future of the Church and shows how within their diversity Catholic schools can be ecclesial communities which have at their heart the building up of the Church Reflecting on Faith Schools Helen Johnson, 2013-09-13 Profound changes in society government policy and the political landscape as well as cataclysmic events such as 9 11 have greatly altered perceptions of faith schools and their existence now causes more controversy than ever Taking a reflective practice approach this study by people working within faith schools and colleges explores the new hot issues surrounding the subject in a sophisticated way Looking at the supposed secularisation of the West the nature of the multi cultural and multi faith society the role of women the spiritual development of children and most of all the form that the tolerance of religious diversity should take in liberal societies this book encourages readers to re examine their assumptions and to consider faith schools as a part of the future of the English schooling system within a multi cultural society This book was previously published as a special issue of *The International Journal of Children s Spirituality* Historical Dictionary of Australia Norman Abjorensen, James C. Docherty, 2014-12-05 Australia s development from the most unpromising of beginnings as a British prison in 1788 to the prosperous liberal democracy of the present is as remarkable as is its success as a country of large scale immigration Since 1942 it has been a loyal ally of the United States and has demonstrated this loyalty by

contributing troops to the war in Vietnam and by being part of the coalition of the willing in the U S invasion of Iraq in 2003 and in operations in Afghanistan In recent years it has also been more willing to promote peace and democracy in its Pacific and Asian neighbors This fourth edition of Historical Dictionary of Australia covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Australia **The A to Z of Australia** James C.

Docherty,2010-04-01 The last continent to be claimed by Europeans Australia began to be settled by the British in 1788 in the form of a jail for its convicts While British culture has had the largest influence on the country and its presence can be seen everywhere the British were not Australia s original populace The first inhabitants of Australia the Aborigines are believed to have migrated from Southeast Asia into northern Australia as early as 60 000 years ago This distinctive blend of vastly different cultures contributed to the ease with which Australia has become one of the world s most successful immigrant nations The A to Z of Australia relates the history of this unique and beautiful land which is home to an amazing range of flora and fauna a climate that ranges from tropical forests to arid deserts and the largest single collection of coral reefs and islands in the world Through a detailed chronology an introduction appendixes a bibliography and cross referenced dictionary entries on some of the more significant persons places and events institutions and organizations and political economic social cultural and religious facets author James Docherty provides a much needed single volume reference on Australia from its most unpromising of beginnings as a British jail to the liberal tolerant democracy it is today Reckoning

Chris Gillion,Damian Grace,Chris McGillion,2014-06-01 The Royal Commission into Institutional Responses to Child Sexual Abuse has focused more public attention on the Catholic Church in Australia than on any other organisation subject to this investigation It is a cathartic moment for the Church Public disillusionment and a deep distrust within the community about the way the Church has handled clerical sexual abuse cases could prove more damaging or more transformative than any findings from the Commission itself This book examines the public discussion around the child abuse issue and its construction as a problem of Catholicism It considers what the Australian Catholic response to the greatest crisis in its history will mean in the long term for the Australian Church s credibility the reputation of its schools hospitals and welfare organizations and for its future cultural and political influence **Rome in Australia: The Papacy and Conflict in the**

Australian Catholic Missions, 1834-1884 (set 2 volumes) Christopher Dowd,2008-07-30 The founding of the Catholic missions in Australia coincided with the defining drift of power and prestige within the nineteenth century Church This was a period of chronic dissension among Australia s Catholic communities powerfully drawn by the ultramontane impulse and political manoeuvring to refer their problems to the Pope Roman bureaucratic control exercised through the Sacred Congregation de Propaganda Fide was the single most important factor in the resolution of these problems and consequently

in the determinative shaping of the colonial Australian Church Based on extensive archival research this study explores issues of process politics and personality in the formulation of papal policy towards a part of the world that could not be more distant from Rome Abuse and Cover-Up Arbuckle, Gerald A.,2019-09-26 Written for readers deeply concerned for the future of the church this book seeks to answer two questions Why is the culture of the Catholic Church despite Vatican II s emphasis on collegiality and transparency still prone to covering up abuses of power How can this culture change in order to move forward A timely book on the sex abuse crisis by a scholar who is adept at weaving insights from the social sciences into a framework of practical theology **Australians** Thomas Keneally,2017-11-14 The third volume of Thomas Keneally s history of the Australian people *Australians Flappers to Vietnam* chronicles the lives and deeds of Australians both known and unknown during the 20th century Entering an age of consumerism media and communism Australia underwent radical change in the hands of two less remembered prime ministers the stoic Stanley Melbourne Bruce of the Melbourne Establishment and the humbler Irishman Jim Scullin of the Labor Party Keneally examines the Great Crash the rise of fascism the reasons why Australia entered the Second World War through the massive unemployment that arrived later in the century With a compassionate lens and rich storytelling *Flappers to Vietnam* presents history in a fresh and vivid way

Gays and Grays Donal Godfrey,2008-04-01 This book tells the story of a unique Catholic Parish Most Holy Redeemer Parish in San Francisco The story tells how the original parishioners the gray accepted the new gay community especially in response to the AIDS epidemic **Australian Book Review** ,2003 **Historical Dictionary of Australia** J. C. Docherty,2007-03-16 Includes entries on some of the more significant persons places and events institutions and organizations and political economic social cultural and religious facets **A Church in Crisis: Pathways Forward** Ralph Martin,2020-10-01 Nearly forty years ago Ralph Martin s bestselling *A Crisis of Truth* exposed the damaging trends in Catholic teaching and preaching that combined with attacks from secular society threatened the mission and life of the Catholic Church While much has been done to counter false teaching over the last four decades today the Church faces even more insidious threats from outside and within In *A Church in Crisis Pathways Forward* Martin offers a detailed look at the growing hostility to the Catholic Church and its teaching With copious evidence Martin uncovers the forces working to undermine the Body of Christ and offers hope to those looking for clarity *A Church in Crisis* covers polarization in the Church caused by ambiguous teachings initiatives that accommodate the culture without calling for conversion Vatican sponsored partnerships with organizations that actively contradict the teaching of the Catholic Church and the recycling of theological errors long settled by Vatican II Pope St John Paul II and Pope Benedict XVI Powerfully written *A Church in Crisis* reminds all readers to heed Jesus express command not to lead His children astray With ample resources to encourage readers Ralph Martin provides the solid foundation of Catholic teaching both Scripture and Tradition to fortify Catholics against the errors that threaten us from all directions **Parliamentary Debates (Hansard)**. Champ, 2006 **The Catholic Church in Ireland, 1914-1918** Jérôme aan De Wiel, 2003 Almost nothing of any value has been written about the Catholic church during the First World War and yet as the church of the great majority of Irish people it occupied a central position at a time of considerable social and political turmoil This work for the very first time and using some archives never before properly examined explores the church s response to the changing circumstances at a high political and ecclesiastical level It reassesses some of the leading ecclesiastical figures of the time such as Cardinal Logue Archbishop Walsh and Bishop O Dwyer of Limerick and discusses the political interest of belligerent foreign powers in Ireland and its church *The Catholic Periodical and Literature Index*, 2007 **SUMMING UP** JOHN MENADUE, 2024-07-03 The world and its people are facing serious local and global challenges Climate change economic instability limits to free speech threats to independent media reporting and increasing social inequality all signal the breakdown of democratic systems across the world Our political institutions and leaders are failing us with increasingly conservative policies that favour big business Far right political movements gain ascendancy and move whole nations towards fascism while American hostility to China threatens global security and economic prosperity Yet we learn and grow most when we are challenged by difference and adversity when we are out of our comfort zones Such experiences offer turning points for change I ve had many such turning points throughout my career and have become more radical as I ve grown older In 1999 I published my autobiography *Things You Learn Along the Way* This new collection continues with personal accounts and my views on issues that remain of concern to me It comprises posts I wrote for Pearls and Irritations along with several speeches interviews and articles I ve written over the past 14 years I hope these accounts continue to prompt readers to think question and act for a more just Australia and world
