Burning the Ice Laura J. Mixon,2002-08-17 More than a hundred years after a small band of humans stole an antimatter fueled starship and headed away at near lightspeed a colony of those renegades descendants are now struggling to survive on Brimstone a barely habitable world of ice and bitter cold four dozen light years from Earth In the long run they hope to slowly terraform Brimstone making it if not Earthlike at least bearable In the short run well life is hard and everyone lives in everyone else s laps Not easy for anyone Particularly hard if like Manda you just aren t cut out to get along with others in conditions of constant crowding and zero privacy Most people wouldn t be eager to get away from the main colony and work on a scientific project in the howling frozen wastes For Manda it s a deliverance But news of the intelligent life she discovers in Brimstone s depths will change everything if she can bring the news back to her fellows alive For it turns out there are political plots and counterplots still active in the colony dangerous twists tracing back to Earth itself and outward to the stars
