Caryl Phillips, David Dabydeen and Fred D'Aguiar Abigail Ward,2013-07-19 Slavery is a recurring subject in works by the contemporary black writers in Britain Caryl Phillips David Dabydeen and Fred D Aguiar yet their return to this past arises from an urgent need to understand the racial anxieties of twentieth and twenty first century Britain This book examines the ways in which their literary explorations of slavery may shed light on current issues in Britain today or what might be thought of as the continuing legacies of the UK s largely forgotten slave past In this highly original study of contemporary postcolonial literature Abigail Ward explores a range of novels poetry and non fictional works by these authors in order to investigate their creative responses to the slave past This is the first study to focus exclusively on British literary representations of slavery and thoughtfully engages with such notions as the ethics of exploring slavery the memory and trauma of this past and the problems of taking a purely historical approach to Britain s involvement in slavery or Indian indenture Although all three authors are concerned with the problem of how to commence representing slavery their approaches to this problem vary immensely and this book investigates these differences

Facing Diasporic Trauma Fatim Boutros,2015-11-09 Fictional writing has an important mnemonic function for the Afro Carib bean community It facilitates an encounter between contemporary societies and their historical origins The representation of diasporic trauma in the novels

of Fred D Aguiar John Hearne and Caryl Phillips challenges territorial under standings of nationality and raises awareness of the eurocentric basis of Western historiography Slavery is a recurring motif of the nine novels analysed in this study They narrate the fates of silenced victims who all share the traumatic experience of racial violence even if otherwise separated through time space gender and age These charismatic fictional characters facilitate an empathic access to the history of slavery that goes beyond the anonymity of traditional historical sources Their most private and intimate sorrows make the traumatic conditions of slavery appear much less remote and reveal their suffering The euphemistic and distorting selection of the events that has been passed down by the dominant culture is thus countered by a relentless display of historical violence These literary images establish an important symbolic repertoire and introduce powerful founding myths of the diaspora In spite of the traumatic foundations of the community the nine novels display considerable optimism about the possibility of a convivial future that transcends racial boundaries The capacity and willingness to improvise and adapt to new environments and to do so even in face of a traumatic heritage can be regarded as the most important precondition for positive future developments within the matrix of a rapidly transforming global environment **Africa and the Americas**

Ghosts of the African Diaspora Joanne

Chassot,2018-01-02 The first monograph to investigate the poetics and politics of haunting in African diaspora literature *Ghosts of the African Diaspora Re Visioning History Memory and Identity* examines literary works by five contemporary writers Fred D Aguiar Gloria Naylor Paule Marshall Michelle Cliff and Toni Morrison Joanne Chassot argues that reading these texts through the lens of the ghost does cultural theoretical and political work crucial to the writers engagement with issues of identity memory and history Drawing on memory and trauma studies postcolonial studies and queer theory this truly interdisciplinary volume makes an important contribution to the fast growing field of spectrality studies **The Oxford History of the Novel in English** Simon Gikandi,2016-09-05 Why did the novel take such a long time to emerge in the colonial world And what cultural work did it come to perform in societies where subjects were not free and modes of social organization diverged from the European cultural centers where the novel gained its form and audience Answering these questions and more Volume 11 *The Novel in Africa and the Caribbean since 1950* explores the institutions of cultural production that exerted influence in late colonialism from missionary schools and metropolitan publishers to universities and small presses How these structures provoke and respond to the literary trends and social peculiarities of Africa and the Caribbean impacts not only the writing and reading of novels in those regions but also has a transformative effect on the novel as a global phenomenon Together the volume s 32 contributing experts tell a story about the close relationship between the novel and the project of decolonization and explore the multiple ways in which novels enable readers to imagine communities beyond their own and thus made this form of literature a compelling catalyst for cultural transformation The authors show that even as the novel grows in Africa and the Caribbean as a mark of the elites mastery of European form it becomes the essential instrument for critiquing colonialism and for articulating the new horizons of cultural nationalism Within this historical context the volume examines works by authors such as Chinua Achebe Nadine Gordimer George Lamming Jamaica Kincaid V S Naipaul Zoe Wicomb J M Coetzee and many others [CrossRoutes, the Meanings of "race" for the 21st Century](#) Paola Boi,2003 This collection reflects the still urgent project of historical recuperation as well as an examination of literary representations and other cultural manifestations of the Black Diaspora Disciplinary work within the boundaries of African American Studies has been enhanced by more general considerations of the history of race and racism in globalized contexts The articles assembled here reflect recent empirical research as well as challenging theoretical considerations Contributions address particular formations of racialized modernity owed to the impact of the Atlantic slave trade and slavery and thus broaden the approach to the Middle Passage to improve our understanding of it as a constitutive transatlantic phenomenon in the widest possible sense
