## Looking At Women:

Ladies, Please! José Covaco, 2014-07-11 Try as you may you won't get the answer because we're guys and we come from Mars where it's an alien eat alien world. Most of the time we're confused as heck and need a girl to set us straight but all the other times we pretty much know what we want. The same way how we can't figure you out and why you need so many pairs of shoes we too can be hard nuts all puns intended to crack. Girls rule. That's a fact no guy can deny. That said there are a few things about you that drive us crazy and make us go running across continents and enroll into witness protection programmes to get as far away from you as possible. Here's a book that'll help you if not figure us out save you from a few nasty dates and know when to run screaming because at the end of the day boys will be boys. Daily Life of Women in Postwar America Nancy Hendricks, 2021-02-15 From Beatniks to Sputnik and from Princess Grace to Peyton Place this book illuminates the female half of the US population as they entered a brave new world that revolutionized women's lives. After World War II the United States was the strongest most powerful nation in the world. Life was safe and secure but many women were unhappy with their lives. What was going on behind the closed doors of America's picture perfect houses. This volume includes chapters on the domestic economic intellectual material political recreational and religious lives of the average American woman after World War II. Chapters examine topics such as the entertainment industry's evolving concept of womanhood Supreme Court decisions the shifting idea of women and careers advertising rural urban and suburban life issues women of color faced and child rearing and other domestic responsibilities. A timeline of important events and glossary help to round out the text along with further readings and a bibliography to point readers to additional resources for their research. Ideal for students in high school and college this volume provides an important look at the revolutionary transformation of women's lives in the decades following World War II. **Feminist Interrogations of Women's Head**

**Hair** Sigal Barak-Brandes, Amit Kama, 2018-06-13 Feminist scholarship has looked extensively at the perception of the body as a flexible construction of cultural and social dictates but head hair has been often overlooked. *Feminist Interrogations of Women's Head Hair* brings new focus to this underrepresented topic through its intersections with contemporary socio-cultural contexts. Scholars from a wide range of disciplines investigate private and public meanings associated with female head hair problematising our assumptions about its role and implications in the 21st Century. Readers are invited to reflect on the use of hair in popular culture such as children's television and pop album artwork as well as in work by women artists. Studies examine the lived experiences of women from a range of backgrounds and histories including curly haired women in Israel African American women and lesbians in France. Other essays interrogate the connotations of women's head hair in relation to body image religion and aging. *Feminist Interrogations of Women's Head Hair* brings together cultural discourses and the lived experiences of women across time and place to reveal the complex and ever evolving significance of hair. It is an important contribution to the critical feminist thought in cultural studies fashion studies media studies African American

studies queer theory gerontology psychology and sociology      **Women's Bodies** Jane Arthurs, Jean Grimshaw, 1999-03-01

Thomas Wolfe s seminal works *Look Homeward Angel* and *Of Time and the River* offer a profound exploration of the human experience framed within the complexities of familial bonds and the quest for identity Utilizing a stream of consciousness narrative style Wolfe crafts an evocative tapestry of his semi autobiographical characters particularly the introspective Eugene Gant whose journey reflects the universal struggle between aspiration and the pull of home Set against the backdrop of early 20th century America these novels delve into themes of nostalgia memory and the passage of time all conveyed through Wolfe s lush lyrical prose that often teeters on the edge of the poetic Thomas Wolfe an American novelist born in 1900 in Asheville North Carolina was greatly influenced by his own tumultuous upbringing in a family of stone masons and his experiences of both small town life and the vastness of the American landscape His formative years marked by the dichotomy of ambition and the warmth of home propelled him to articulate the intricacies of his personal narrative Wolfe s encounters with literary giants such as Sherwood Anderson and F Scott Fitzgerald further shaped his distinctive voice and experimental approach to storytelling Readers are encouraged to engage with Wolfe s works as they grapple with not only the nuances of Gant s experience but also the larger questions of belonging and self discovery This profound duality encapsulates a poignant reflection on life itself making both novels essential reading for those interested in the emotional depths of American literature      The Emerald Handbook of Appearance in the Workplace Adelina Broadbridge, 2023-11-27
