Mercury: or the Secret and Swift Messenger John Wilkins,1984-01-01 Works of the Right Reverend John Wilkins 1708 Together with an abstract of Dr Wilkin s Essay towards a Real Character and a Philosophical Languages a sketch of the life of the author and an account of his writings With an introductory essay on the Universal Language Movement in England France and Germany in the 17th and 18th century by Brigitte Asbach Schnitker **Mercury** John Wilkins,2014-03-29 This Is A New Release Of The Original 1694 Edition **The Rhetoric of the Conscience in Donne, Herbert, and Vaughan** Ceri

Sullivan,2008-09-11 There is a kind of conscience some men keepe Is like a Member that s benumb d with sleepe Which as it gathers Blood and wakes agen It shoots and pricks and feeles as bigg as ten Donne Herbert and Vaughan see the conscience as only partly theirs only partly under their control Of course as theologians said it ought to be a simple syllogism comparing actions to God s law and giving judgement in a joint procedure of the soul and its maker Inevitably though there are problems Hearts refuse to confess or forget the rules or jumble them up or refuse to come to the point when delivering a verdict The three poets are beady eyed experts on failure After all where subjects can only discover their authentic nature in relation to the divine it matters whether the conversation works Remarkably each poet despite their very different devotional backgrounds uses similar sets of tropes to investigate problems enigma aposiopesis breaking off chiasmus subjectio asking then answering a question and antanaclosis repetition with a difference Structured like a language the conscience is tortured rewritten read and broken up to engineer a proper response Considering the faculty as an uncomfortable extrusion of the divine into the everyday the rhetoric of the conscience transforms Protestant into prosthetic poetics It moves between early modern theology rhetoric and aesthetic theory to give original scholarly and committed readings of the great metaphysical poets Topics covered include boredom torture graffiti tattoos anthologizing resentment tears dust casuistry and opportunism

This Is Enlightenment Clifford Siskin, William Warner, 2010-06-15 Debates about the nature of the Enlightenment date to the eighteenth century when Immanuel Kant himself addressed the question What is Enlightenment The contributors to this ambitious book offer a paradigm shifting answer to that now famous query Enlightenment is an event in the history of mediation Enlightenment they argue needs to be engaged within the newly broad sense of mediation introduced here not only oral visual written and printed media but everything that intervenes enables supplements or is simply in between With essays addressing infrastructure and genres associational practices and protocols this volume establishes mediation as the condition of possibility for enlightenment In so doing it not only answers Kant's query it also poses its own broader question how would foregrounding mediation change the kinds and areas of inquiry in our own epoch

This Is Enlightenment is a landmark volume with the polemical force and archival depth to start a conversation that extends across the disciplines that the Enlightenment itself first configured
