Modern Art Of Education:

A Modern Art of Education Rudolf Steiner, 2001-03-15 In this fine introduction to Waldorf education written out of a series of lectures given in 1924 Steiner provides one of the most comprehensive introductions to his pedagogical philosophy psychology and practice Steiner begins by describing the union of science art religion and morality which was the aim of all his work and underlies his concept of education Against this background many of the lectures describe a new developmental psychology On this basis having established how children s consciousness develops Steiner discusses how different subjects should be presented so that individuals can grow and flourish inwardly Only if the child absorbs the right subject in the right way at the right time can the inner freedom so necessary for life in the modern world become second nature **The New Art of Education** Rudolf Steiner, 1928 **The Kingdom of Childhood** Rudolf Steiner, 1995 These seven intimate aphoristic talks were presented to a small group on Steiner s final visit to England Because they were given to pioneers dedicated to opening a new Waldorf school these talks are often considered one of the best introductions to Waldorf education Steiner shows the necessity for teachers to work on themselves first in order to transform their own inherent gifts He explains the need to use humor to keep their teaching lively and imaginative Above all he stresses the tremendous importance of doing everything in the knowledge that children are citizens of both the spiritual and the earthly worlds And throughout these lectures he continually returns to the practical value of Waldorf education These talks are filled with practical illustrations and revolve around certain themes the need for observation in teachers the dangers of stressing the intellect too early children s need for teaching that is concrete and pictorial the education of children s souls through wonder and reverence the importance of first presenting the whole then the parts to the children s imagination Here is one of the best introductions to Waldorf education straight from the man who started it all German source Die Kunst des Erziehens aus dem Erfassen der Menschenwesenheit GA 311 SYNOPSIS OF THE LECTURES LECTURE 1 The need for a new art of education The whole of life must be considered Process of incarnation as a stupendous task of the spirit Fundamental changes at seven and fourteen At seven the forming of the new body out of the model body inherited at birth After birth the bodily milk as sole nourishment The teacher s task to give soul milk at the change of teeth and spiritual milk at puberty LECTURE 2 In first epoch of life child is wholly sense organ Nature of child s environment and conduct of surrounding adults of paramount importance Detailed observation of children and its significance In second epoch seven to fourteen fantasy and imagination as life blood of all education e g in teaching of writing and reading based on free creative activity of each teacher The child as integral part of the environment until nine Teaching about nature must be based on this The higher truths in fairy tales and myths How the teacher can guide the child through the critical moment of the ninth year LECTURE 3 How to teach about plants and animals seven to fourteen Plants must always be considered not as specimens but growing in the soil The plant belongs to the earth This is the true picture and gives the child an inward joy Animals must be spoken of always in

connection with humans All animal qualities and physical characteristics are to be found in some form in the human being Humans as synthesis of the whole animal kingdom Minerals should not be introduced until twelfth year History should first be presented in living imaginative pictures through legends myths and stories Only at eleven or twelve should any teaching be based on cause and effect which is foreign to the young child s nature Some thoughts on punishment with examples

LECTURE 4 Development of imaginative qualities in the teacher The story of the violet and the blue sky Children s questions Discipline dependent on the right mood of soul The teacher s own preparation for this Seating of children according to temperament Retelling of stories Importance of imaginative stories that can be recalled in later school life Drawing of diagrams from ninth year Completion and metamorphosis of simple figures to give children feeling of form and symmetry Concentration exercises to awaken an active thinking as basis of wisdom for later life Simple color exercises A Waldorf school timetable The main lesson

School as a Journey Torin M. Finser,1995-10

School as a Journey is a lively colorful absorbing account of one Waldorf s teacher s journey with his class through the curriculum from first through eighth grades A moving story told in a straightforward anecdotal humorous style it is and excellent introduction to what goes on inside the classroom of a Waldorf school School as a journey was written with both parents and educators in mind Filled with pedagogical gems it will be an invaluable resource for understanding the practical implications of Rudolf Steiner s insight into child development Extensively documented it can serve as a study text for anyone wishing to go deeper into the works of Rudolf Steiner and others experienced in Waldorf education

Management, Information and Educational Engineering Hsiang-Chuan Liu, Wen-Pei Sung, Wenli Yao, 2015-06-11

This book contains selected Computer Management Information and Educational Engineering related papers from the 2014 International Conference on Management Information and Educational Engineering MIEE 2014 which was held in Xiamen China on November 22 23 2014 The conference aimed to provide a platform for researchers engineers and academic The Art of Being Jewish in Modern Times Barbara Kirshenblatt-Gimblett, Jonathan Karp, 2013-02-11 The wide ranging portrayal of modern Jewishness in artistic terms invites scrutiny into the relationship between creativity and the formation of Jewish identity and into the complex issue of what makes a work of art uniquely Jewish Whether it is the provenance of the artist as in the case of popular Israeli singer Zehava Ben the intention of the iconography as in Ben Shahn's antifascist paintings or the utopian ideals of the Jewish Palestine Pavilion at the 1939 New York World's Fair clearly no single formula for defining Jewish art in the diaspora will suffice The Art of Being Jewish in Modern Times is the first work to analyze modern Jewry's engagement with the arts as a whole including music theater dance film museums architecture painting sculpture and more Working with a broad conception of what counts as art the book asks the following questions What roles have commerce and politics played in shaping Jewish artistic agendas Who determines the Jewishness of art and for what purposes What role has aesthetics played in reshaping religious traditions and rituals This richly illustrated volume illuminates how the arts have helped Jews confront the various challenges of modernity including cultural adaptation and self preservation economic diversification and ritual transformation There truly is an art to being Jewish in the modern world or alternatively an art to being modern in the Jewish world and this collection fully captures its range diversity and historical significance **Report of the Commissioner of Education** United States. Office of Education, 1885 **The Handbook of Educational Theories**

Beverly Irby, Genevieve H. Brown, Rafael Lara-Alecio, Dr. Shirley A. Jackson, 2013-03-01 Although educational theories are presented in a variety of textbooks and in some discipline specific handbooks and encyclopedias no publication exists which serves as a comprehensive consolidated collection of the most influential and most frequently quoted and consulted theories There is a need to put such theories into a single easily accessible volume A unique feature of the Handbook is the way in which it conveys the theories The organization of the chapters within each section makes the volume an easy to use and understandable reference tool as researchers and practitioners seek theories to guide their research and practice and as they develop theoretical frameworks In addition to the traditional theories presented the Handbook includes emerging theories for the 21st Century as well as presenting practical examples of the use of these theories in research from dissertations and published articles An appendix which indicates which theories have instruments associated with them and where those instruments can be found is also included The Handbook consists of 12 sections Section I provides the introduction with a focus on what constitutes good theory as well as how theory guides research and practice The remaining sections address Philosophical Educational Constructs Learning Theory Instructional Theory Curriculum theory Literacy and

Language Acquisition Theory Counseling Theory Moral Development Theory Classroom Management Theory Assessment Theory Organizational Theory and Leadership Management Theory Each section consists of an overview written by the section editor of the general theoretical concepts to be addressed by the chapter authors Each chapter within the section will include a a description of the theory with goals assumptions and aspects particular to the theory b the original development of and interactions of the theory c validation of the theory d generalizability of the theory across cultures ethnicities and genders e the use and application of the theory f critiques of the theory g any instruments associated with the theory and h two to five particular studies exemplifying particular theories as individuals have used them in theoretical framework of dissertations or published articles and be written by the original theorist or prominent contributors to the theory The Handbook is intended for graduate students enrolled in research courses or completing theses and dissertations Additionally professors of all educational disciplines in the social sciences would be an interested audience There is also potential use of the text as administrators counselors and teachers in schools use theory to guide practice As more inquiry is being promoted among school leaders this book has more meaning for practitioners
