Staging Chinese Revolution Xiaomei Chen, 2016-11-08 *Staging Chinese Revolution* surveys fifty years of theatrical propaganda performances in China revealing a dynamic commercial capacity in works often dismissed as artifacts of censorship Spanning the 1960s through the 2010s Xiaomei Chen reads films plays operas and television shows from an interdisciplinary and comparative perspective demonstrating how in a socialist state with capitalist characteristics propaganda performance turns biographies memoirs and war stories into mainstream ideological commodities legitimizing the state and its right to rule Analyzing propaganda performance also brings contradictions and inconsistencies to light that throw common understandings about propaganda's purpose into question Chen focuses on revisionist histories that stage the lives of the founding fathers of the Communist Party such as Chen Duxiu Mao Zedong and Deng Xiaoping and the engaging mix of elite and ordinary characters that animate official propaganda in the private and public sphere Taking the form of personal memories and representing star and youth culture and cyberspace contemporary Chinese propaganda appeals through multiple perspectives complicating relations among self subject agent state building and national identity Chen treats Chinese performance as an extended form of political theater confronting critical issues of commemoration nostalgia state rituals and contested history It is through these reenactments that three generations of revolutionary leaders loom in extraordinary ways over Chinese politics and culture *Chinese Revolution in Practice* Guo Wu, 2023-10-24 This book employs multiple case studies to explore how the Chinese communist revolution began as an ideology oriented intellectual

movement aimed at improving society before China's transformation into a state that suppresses dissenting voices by outsourcing its power of coercion and incarceration. The author examines the movement's methods of early self-organization, grass roots level engagement, creation of new modes of expression and popular art forms, manipulation of collective memory and invention of innovative ways of mass incarceration. Covering developments from 1920 to 1970, the book considers a wide range of Chinese individuals and groups from early Marxists to political prisoners in the PRC to illustrate a dynamic interactive process in which the state and individuals contend with each other. It argues that revolutionary practices in modern China have created a regime that can be conceptualized as an ideology-military propaganda state that prompts further reflection on the relationships between revolution and the state, the state and collective articulation and memory, and the state and reflective individuals in a global context. Illustrating the continuity of the Chinese revolution and past decades' socialist practices and mechanisms, this study is an ideal resource for scholars of Chinese history, politics, and twentieth-century revolutions.

Visual Culture in Contemporary China Xiaobing Tang, 2015-01-08. Exploring a wealth of images ranging from woodblock prints to oil paintings, this beautifully illustrated full-color study takes

up key elements of the visual culture produced in the People's Republic of China from its founding in 1949 to the present day. In a challenge to prevailing perceptions, Xiaobing Tang argues that contemporary Chinese visual culture is too complex to be understood in terms of a simple binary of government propaganda and dissident art and that new ways must be sought to explain as well as appreciate its multiple sources and enduring visions. Drawing on rich artistic, literary, and sociopolitical backgrounds, Tang presents a series of insightful readings of paradigmatic works in contemporary Chinese visual arts and cinema. Lucidly written and organized to address provocative questions, this compelling study underscores the global and historical context of Chinese visual culture and offers a timely new perspective on our understanding of China today. *The Statesman's Yearbook 2024* Palgrave Macmillan, 2024-01-03.
