## **Modern Christian Revivals:**

**Modern Christian Revivals** Randall Herbert Balmer, 1993 Beginning with the Great Awakening in the American colonies and continuing through contemporary Latin America where revolution and revivalism have been central to sociopolitical change *Modern Christian Revivals* demonstrates the enduring relevance of Christian revivalism Half of the contributors focus on the United States from Puritan New England through the Old South to Billy Graham and Pat Robertson the others discuss revivalism in England Norway China and Canada chronicling influential as well as less frequently studied movements This volume explores long held assumptions about revivalism and illustrates its central role in the Christian tradition *Victorian Religious Revivals* David Bebbington, 2012-05-31 Revivals are outbursts of religious enthusiasm in which there are numerous conversions In this book the phenomenon of revival is set in its broad historical and historiographical context David Bebbington provides detailed case studies of awakenings that took place between 1841 and 1880 in Britain North America and Australia showing that the distinctive features of particular revivals were the result less of national differences than of denominational variations These revivals occurred in many places across the globe but revealed the shared characteristics of evangelical Protestantism Bebbington explores the preconditions of revival giving attention to the cultural setting of each episode as well as the form of piety displayed by the participants No single cause can be assigned to the awakenings but one of the chief factors behind them was occupational structure and striking instances of death were often a precipitant Ideas were far more involved in these events than historians have normally supposed so that the case studies demonstrate some of the main patterns in religious thought at a popular level during the Victorian period Laymen and women played a disproportionate part in their promotion and converts were usually drawn in large numbers from the young There was a trend over time away from traditional spontaneity towards more organised methods sometimes entailing interdenominational co operation *Encyclopedia of Christianity in the United States* George Thomas Kurian, Mark A. Lamport, 2016-11-10 From the Founding Fathers through the present Christianity has exercised powerful influence in the United States from its role in shaping politics and social institutions to its hand in inspiring art and culture The *Encyclopedia of Christianity in the United States* outlines the myriad roles Christianity has played and continues to play This masterful five volume reference work includes biographies of major figures in the Christian church in the United States influential religious documents and Supreme Court decisions and information on theology and theologians denominations faith based organizations immigration art from decorative arts and film to music and literature evangelism and crusades the significant role of women racial issues civil religion and more The first volume opens with introductory essays that provide snapshots of Christianity in the U S from pre colonial times to the present as well as a statistical profile and a timeline of key dates and events Entries are organized from A to Z The final volume closes with essays exploring impressions of Christianity in the United States from other faiths and other parts of the world as well as a select yet comprehensive bibliography Appendices

**Global Awakening** Mark R. Shaw, 2010-05-07 The last century has seen the revolutionary remaking of Christianity into a truly world religion How did it happen What triggered the emergence of this new global faith no longer dominated by the West full of new and vital forms of devotion Mark Shaw's provocative thesis is that far flung revivals are at the heart of the global resurgence of Christianity These were not the quirky folk rituals associated with rural America and nineteenth century camp meetings that belong more to an age of plows and prairies than of postmodernity and globalization Rather they were like forces of nature protean constantly adjusting their features and ferocity to new times and to new places speaking Spanish Portuguese Yoruba Korean Mandarin and Gujarati They crossed the equator As they traveled abroad they grabbed hold of missionaries Bible translations national evangelists globalization and glossolalia and turned them into a religious revolution In this engaging book we read the stories of Joseph Babalola and the Aladura Revival in Africa of Kil Sun Ju and the great Korean revival of 1907 of Paulo Borges Jr and explosion of neo Pentecostalism in Brazil and of V S Azariah and the mass conversions of the Dalit people in India As Shaw paints portraits of these and many more his gallery fills and we begin to see beyond isolated pictures to the sweeping landscape that we didn't realize was before our eyes all the time

**Creating Christian Indians** Bonnie Sue Lewis, 2003 Creating Christian Indians takes issue with the widespread consensus that missions to North American indigenous peoples routinely destroyed native cultures and that becoming Christian was fundamentally incompatible with retaining traditional Indian identities from jkt

*Revival in the City* Eric Robert Crouse, 2005 From 1884 to 1911 over 1.5 million working class Canadians attended approximately 800 revival meetings held by celebrity American evangelists Revival in the City traces the development of American revivalism the support of the daily press image makers and working class acceptance of a populist form of conservative evangelicalism in Canada Eric Crouse argues that by 1911 despite the endorsement of the masses and the press protestant leaders were less willing to work together to champion modern revivalism that embraced orthodox theology and popular culture strategies BOOK JACKET

Christian Missions and the

Enlightenment Brian Stanley, 2014-05-22 Addresses the nature of the influence of the European Enlightenment on the beliefs and practice of the Protestant missionaries who went to Asia and Africa from the mid eighteenth century onwards particularly British missions and the formative role of the Scottish Enlightenment on their thinking     Divine Healing: The Holiness-Pentecostal Transition Years, 1890-1906 James Robinson, 2013-03-06 In the present volume James Robinson shows how the Holiness movement contributed to the rise of Pentecostalism with emphasis on those sectors that practiced divine healing Although other scholars have undertaken to explore this story Robinson's treatment is by far the most thorough examination to date He draws productively on the burgeoning secondary literatures on Pentecostalism and healing and brings to light frequently overlooked yet revealing primary sources The events narrated are fascinating in their own right and are important to the histories of Pentecostalism and healing for how they clarify the processes by which divine healing was pursued debated and often disparaged The text also contributes to larger medical and social histories offering tantalizing glimpses of the roots of some of today's most popular and contested medical and religious responses to sickness and health

**Christianity Through the Centuries** Earle E. Cairns, 2009-09-13 The third edition of Christianity Through the Centuries brings the reader up to date by discussing events and developments in the church into the 1990s This edition has been redesigned with new typography and greatly improved graphics to increase clarity accessibility and usefulness New chapters examine recent trends and developments expanding the last section from 2 chapters to 5 New photos Over 100 photos in all more than twice the number in the previous edition Single column format for greater readability and a contemporary look Improved maps 21 and charts 39 Building on the features that have made Christianity Through the Centuries an indispensable text the author not only explains the development of doctrines movements and institutions but also gives attention to the impact of Christianity on its times and to the mark of the times on Christianity     *Pentecostal Currents in American Protestantism* Edith Waldvogel Blumhofer, Russell P. Spittler, Grant A. Wacker, Grant Wacker, 1999 Pentecostal Currents in American Protestantism addresses the theme of encounter within the Protestant faith by exploring moments in which identities and boundaries have been established or challenged as the Pentecostal and charismatic movements have taken their place on the American religious scene Examining topics as diverse as the animosity that marked Pentecostalism's encounter with the Holiness movement the forms and results of engagement between Pentecostal missionaries and Protestant mission boards in China and the response of Southern and American Baptists to the charismatic renewal contributors show how the confluence of the mainstream with other streams brings about questioning realignment and change     *A God-Sized Vision* Collin Hansen, John D. Woodbridge, 2010 In God Sized Vision Collin Hansen and John Woodbridge recount the fascinating stories of revivals throughout history from biblical times to the Great Awakenings to more recent revivals in China strengthening your understanding of God's work in the past and deepening your faith in the possibility of revival today     The Revival of 1857-58 Kathryn Teresa Long, 1998-07-02 This book provides a fresh in depth

examination of the Revival of 1857-58 a widespread religious awakening most famous for urban prayer meetings in major metropolitan centers across the United States Often mentioned in religious history texts and articles but overshadowed by scholarly attention to the first and second Great Awakenings the revival has lacked a critical book length analysis This study will help to fill this gap and to place the event within the context of Protestant revival traditions in America The Revival of 1857-58 was a multifaceted religious movement that Long suggests may have been the closest thing to a truly national revival in American history The awakening marked the coming together of formalist and populist evangelical groups particularly in urban areas and helped to create the beginnings of a transdenominational religious identity among middle class American evangelicals Long explores the revival from various angles emphasizing the importance of historiography and examining the way Calvinist clergy and the editors of the daily press canonized particular versions of the revival story most notably its role in the history of great awakenings and its character as a masculine businessmen's revival She gives attention to grassroots perspectives on the awakening and also pursues wider social and cultural questions including whether the revival actually affected evangelical involvement in social reform The book combines insights from contemporary scholarship concerning revivals women's history and nineteenth century mass print with extensive primary source research The result is a clearly written study that blends careful description with nuanced analysis      *Encyclopedia of Protestantism* Hans J. Hillerbrand, 2004-08-02 This Encyclopedia is the definitive reference to the history and beliefs that continue to exert a profound influence on Western thought      Justification Paul ChulHong Kang, 2006 This book returns to the true nature of the gospel justification by grace alone through faith alone because of Christ alone Fundamental to the book's argument is a rejection of the biblical truth and the faithful heritage of the gospel By tracing the development of Reformation theology in Luther and Calvin the giants in the American Great Awakening and the Korean revivals are brought up for analysis Jonathan Edwards Timothy Dwight Sun Ju Kil Ik Doo Kim Yong Do Lee and Sung Bong Lee Paul ChulHong Kang makes clear what can be at stake not merely for academic theologians but for all Christians the gospel itself      *Baptist Identities* Ian M. Randall, Toivo Pilli, Anthony R. Cross, 2006-08-01 The authors of the papers published here come from a dozen different countries and represent different expressions of Baptist life The papers were delivered at the third International Conference on Baptist Studies held at the International Baptist Theological Seminary in Prague in July 2003 with the theme Baptist Identities Those who gave presentations explored what factors have contributed to the nature of Baptist distinctiveness in different countries and at different times In some cases the authors have written about their own contexts using specific case studies that relate to particular periods whereas in other cases they range more widely covering several countries and or longer periods of time Topics examined in this volume include theological education women in leadership issues of ethnicity Baptist identity and national consciousness and creeds The regional scope of the Baptist stories that are analyzed includes Africa Asia Australia Eastern and Western Europe and North America At a time when there is considerable discussion

throughout the world Baptist community about the nature of Baptist identity this collection of papers by significant historians of Baptist life is an important contribution

*Principle and Propensity* Kelsey L. Bennett, 2014-09-01 Reimagining the coming of age literary tradition in the U S and U K within dynamic theological contexts Scholars have traditionally relied upon the assumption that the nineteenth century bildungsroman in the Goethean tradition is an intrinsically secular genre exclusive to Europe incompatible with the literature of a democratically based culture By combining intellectual history with genre criticism *Principle and Propensity* provides a critical reassessment of the bildungsroman beginning with its largely overlooked theological premises bildung as formation of the self in the image of God Kelsey L. Bennett examines the dynamic differences tensions and possibilities that arise as interest in spiritual growth or self formation collides with the democratic and quasi

democratic culture in the nineteenth century British and American bildungsroman Beginning with the idea that interest in an individual's moral and psychological growth or bildung originated as a religious exercise in the context of Protestant theological traditions Bennett shows how these traditions found ways into the bildungsroman the literary genre most closely concerned with the relationship between individual experience and self formation Part 1 of Principle and Propensity examines the attributes of parallel national traditions of spiritual self formation as they convened under the auspices of the international revival movements the Evangelical Revival the Great Awakening and the renewal of Pietism in Germany led respectively by John Wesley Jonathan Edwards and Count Nikolaus Ludwig Zinzendorf Further it reveals the ways in which spiritual self formation and the international revival movements coalesce in the bildungsroman prototype Johann Wolfgang von Goethe's Wilhelm Meisters Lehrjahre Wilhelm Meister's Apprenticeship Part 2 in turn explores the ways these traditions manifest themselves in the nineteenth century bildungsroman in England and the United States through Jane Eyre David Copperfield Pierre and Portrait of a Lady Though Wilhelm Meisters Lehrjahre was a library staple for most serious writers in nineteenth century England and in the United States Bennett shows how writers such as Charlotte Brontë Charles Dickens Herman Melville and Henry James also drew on their own religious traditions of self formation adding richness and distinction to the received genre
