Local Story John P. Rosa, 2014-08-31 The Massie Kahahawai case of 1931 1932 shook the Territory of Hawai'i to its very core Thalia Massie a young Navy wife alleged that she had been kidnapped and raped by some Hawaiian boys in Waikiki A few days later five young men stood accused of her rape Mishandling of evidence and contradictory testimony led to a mistrial but before a second trial could be convened one of the accused Horace Ida was kidnapped and beaten by a group of Navy men and a second Joseph Kahahawai lay dead from a gunshot wound Thalia's husband Thomas Massie her mother Grace Fortescue and two Navy men were convicted of the lesser charge of manslaughter despite witnesses who saw them kidnap Kahahawai and the later discovery of his body in Massie's car Under pressure from Congress and the Navy territorial governor Lawrence McCully Judd commuted their sentences After spending only an hour in the governor's office at Iolani Palace the four were set free *Local Story* is a close examination of how Native Hawaiians Asian immigrants and others responded to challenges posed by the military and federal government during the case's investigation and aftermath In addition to providing a concise account of events as they unfolded the book shows how this historical narrative has been told and retold in later decades to affirm a local identity among descendants of working class Native Hawaiians Asians and others in fact this understanding of the term local in the islands dates from the Massie Kahahawai case It looks at the racial and sexual tensions in pre World War II Hawai'i that kept local men and white women apart and at the uneasy relationship between federal and military officials and territorial administrators Lastly it examines the revival of interest in the case in the last few decades true crime accounts a fictionalized TV mini series and most recently a play and a documentary all spurring the formation of new collective memories about the Massie Kahahawai case

A Concise History of Modern Korea

Michael J. Seth, 2016-03-03 Now in a fully revised and updated edition this comprehensive and balanced history of modern Korea explores the social economic and political issues it has faced since being catapulted into the wider world at the end of the nineteenth century Placing this formerly insular society in a global context Michael J Seth describes how this ancient culturally and ethnically homogeneous society first fell victim to Japanese imperialist expansionism and then was arbitrarily divided in half after World War II Seth traces the postwar paths of the two Koreas with different political and social systems and different geopolitical orientations as they evolved into sharply contrasting societies South Korea after an unpromising start became one of the few postcolonial developing states to enter the ranks of the first world with a globally competitive economy a democratic political system and a cosmopolitan and dynamic culture By contrast North Korea became one of the world's most totalitarian and isolated societies a nuclear power with an impoverished and famine stricken population

Considering the radically different and historically unprecedented trajectories of the two Koreas Seth assesses the insights they offer for understanding not only modern Korea but the broader perspective of world history All readers looking for a balanced knowledgeable history will be richly rewarded with this clear and cogent book **Hawaiian Language** Albert J. Schütz, 2020-05-31 With color and black and white illustrations throughout *Hawaiian Language Past Present Future* presents aspects of Hawaiian and its history that are rarely treated in language classes The major characters in this book make up a diverse cast Dutch merchants Captain Cook's naturalist and philologist William Anderson p kaha ia the inspiration for the Hawaiian Mission the American lexicographer Noah Webster philologists in New England missionary linguists and their Hawaiian consultants and many minor players The account begins in prehistory placing the probable origins of the ancestor of Polynesian languages in mainland Asia An evolving family tree reflects the linguistic changes that took place as these people moved east The current versions are examined from a Hawaiian centered point of view comparing the sound system of the language with those of its major relatives in the Polynesian triangle More recent historical topics begin with the first written samples of a Polynesian language in 1616 which led to the birth of the idea of a widespread language family The next topic is how the Hawaiian alphabet was developed The first efforts suffered from having too many letters a problem that was solved in 1826 through brilliant reasoning by its framers and their Hawaiian consultants The opposite problem was that the alphabet didn't have enough letters analysts either couldn't hear or misinterpreted the glottal stop and long vowels The end product of the development of the alphabet literacy is more complicated than some statistics would have us believe As for its success or failure both points of view from contemporary observers are presented Still it cannot be denied that literacy had a tremendous and lasting effect on Hawaiian culture The last part of the book concentrates on the most used Hawaiian reference works dictionaries It describes current projects that combine print and manuscript collections on a searchable website These projects can include the growing body of manuscript and print material that is being made available through recent and ongoing research As for the future a proposed monolingual dictionary would allow users to avoid an English bridge to understanding and move directly to a definition that includes Hawaiian cultural features and a Hawaiian worldview

Modern Times John W. Dower, 1986 A Power in the World Lorenz Gonschor, 2019-06-30 Few people today know that in the nineteenth century Hawai i was not only an internationally recognized independent nation but played a crucial role in the entire Pacific region and left an important legacy throughout Oceania As the first non Western state to gain full recognition as a coequal of the Western powers yet at the same time grounded in indigenous tradition and identity the Hawaiian Kingdom occupied a unique position in the late nineteenth century world order From this position Hawai i s leaders were able to promote the building of independent states based on their country s model throughout the Pacific envisioning the region to become politically unified Such a pan Oceanian polity would be able to withstand foreign colonialism and become in the words of one of the idea s pioneers a Power in the World After being developed over three decades among both native and non native intellectuals close to the Hawaiian court King Kal kaua s government started implementing this vision in 1887 by concluding a treaty of confederation with S moa a first step toward a larger Hawaiian led pan Oceanian federation Political unrest and Western imperialist interference in both Hawai i and S moa prevented the project from advancing further at the time and a long interlude of colonialism and occupation has obscured its legacy for over a century Nonetheless it remains an inspiring historical precedent for movements toward greater political and economic integration in the Pacific Islands region today Lorenz Gonschor examines two intertwined historical processes The development of a Hawai i based pan Oceanian policy and underlying ideology which in turn provided the rationale for the second process the spread of the Hawaiian Kingdom s constitutional model to other Pacific archipelagos He argues that the legacy of this visionary policy is today re emerging in the form of two interconnected movements namely a growing movement in Hawai i to reclaim its legacy as Oceania s historically leading nation state on one hand and an increasingly assertive Oceanian regionalism emanating mainly from Fiji and other postcolonial states in the Southwestern Pacific on the other As a historical reference for both nineteenth century Hawaiian policy serves as an inspiration and guideline for envisioning de colonial futures for the Pacific region

Hamilton, 2011-12-31 In this volume Hamilton deals with some of the antecedents and the outcome of the Spanish American war specifically the acquisition of an American empire It critiques the progressive view of those events questioning the notion that businessmen and compliant politicians aggressively sought new markets particularly those of Asia Hamilton shows that United States exports continued to go predominantly to the major European nations The progressive tradition has focused on empire specifically on the Philippines depicted as a stepping stone to the China market Hamilton shows that the Asian market remained minuscule in the following decades and that other historical works have neglected the most important change in the nation s trade pattern the growth of the Canada market which two decades after the 1898 war became the United States largest foreign market The book begins with a review and criticism of the basic assumptions of the progressive framework These are first that the nation is ruled by big business political leaders being compliant co workers Second that those businessmen are zealous profit seekers And third that they are well informed rational decision makers A further underlying assumption is that the economy was not functioning well in the 1890s and that a need for new markets was recognized as an urgent necessity so that big business accordingly demanded world power and empire Each of these assumptions pivotal elements in the dominant progressive tradition in historical writing is challenged with an alternative viewpoint presented Hamilton presents a different more complex view of the events following the Spanish American War The class dominance theory is not supported The alternative argued here elitism proves appropriate and more useful This review and assessment of arguments about American expansion in the 1890s adds much to the literature of the period Constitutional History of Hawaii Henry Edward Chambers, 1896
