Carnell,2007-11-01 Introducing the Edward Carnell Library Nine Titles Listed Inside A Philosophy of the Christian Religion is not a defense of the Christian faith in the conventional sense The gamut of contending values and the systems of thought preoccupying the contemporary mind are analyzed here with admirable comprehension and lucidity These competing philosophies are severally evaluated by the whole perspective of the Christian system and demonstrated as partial here and now values incapable of satisfying the demands of the whole man Christianity is a coherent religion It never asks the heart to trust values which the reason is obliged to discard as contradictory No value commitment is completely satisfying until the complete man is satisfied from the preface      **Humanism and Christian Theism** William Hallock Johnson,1931      **Policy Document: Corruption Within Modern Christianity, Form #08.012** Sovereignty Education and Defense Ministry (SEDM),2020-02-06 Issues that pastors either refuse to discuss or misrepresent to Congregations      **Speculations on Black Life** Darrell Jones,Monifa Love,Anthony B. Pinn,2023-05-18 Is God a white racist Posed by William R Jones in his ground breaking book of the same name this question disrupted the theological assumptions that marked Black religious thought from early writings of the 1800s to the formation of Black theology in the 1960s This book compiles his key and essential writings related to over three decades of critical reflection on race religion secularism and oppression in the United States Over the course of 30 years Jones pushed questions and considerations that refined Black theology and that gave greater shape to and understanding of Black philosophers intervention into issues of racial and structural inequality His philosophical work related to the grid of

oppression fosters an approach to the nature and meaning of oppression in the United States encouraging rational interrogation of structures of injustice and thought patterns supporting those structures Still relevant today the straightforward style of communication used by Jones makes these essays easily accessible to a popular audience while maintaining intellectual rigor making the book also suitable for an academy based audience     **Towards a Post-Modern Understanding of the Political** A. Bielskis,2005-08-19 While claiming that liberalism is the dominant political theory and practice of modernity this book provides two alternative post modern theoretical approaches to the political Concentrating on Nietzsche s and Foucault s work it offers a novel interpretation of their genealogical projects It argues that genealogy can be applied to analyze different forms of cultural kitsch vis vis the dominant political institutions of consumer capitalism The problem with consumer capitalism is not so much that it exploits individuals but that it fosters cheap human existence saturated with the artefacts of kitsch Contrasting genealogy with hermeneutic philosophy it calls for a renewal of hermeneutics within the Thomistic tradition     **The Christian Century**,1939     *The Christian Century* ,1924

*Presumption: Chief Weapon for Unlawfully Enlarging Federal Jurisdiction, Form #05.017* Sovereignty Education and Defense Ministry (SEDM),2020-02-06 Explains how federal agencies courts and the law profession unlawfully use presumption as a means to enlarge federal or government jurisdiction     **Zen-Existentialism** Lit-sen Chang,2011-07-21 Modern man has found that material achievements are failing him but in his escape from despair he has become an easy prey for the deceptive cult of Zen Existentialism There has emerged a mode of radical New Humanism with its emphasis on human autonomy In place of the God man appears the man god There is a search for the world within the limitless inner space the expansion of consciousness and the transcendental experience of Satori First published in 1969 this book prophetically anticipated the growth of New Age developments in the decades to follow Lit sen Chang directly spoke to the Hippie movement of his day which was then seeking various means of transcendence through drugs and eastern mysticism This book also reflects fifty years of bitter experiences of the author s spiritual pilgrimage and shows how he was miraculously delivered by the grace and power of God from his cul de sac Chang writes of the utter futility of the fantasy of the East analyzes the root causes of the crises in the West and points out the doom of auto soterism after his careful diagnosis of the human problem in cultural philosophical religious and theological terms     **The Great IRS Hoax, Form #11.302** Family Guardian Fellowship,2020-02-06 Exhaustive treatment of the federal tax enforcement fraud OFFSITE LINK Disclaimer Disclaimer <https://famguardian.org/disclaimer.htm> Family Guardian Fellowship the author of this document has given their express permission for SEDM to republish their materials to Google Books and Google Play at section 10 of the following location [https://famguardian.org/Ministry\\_DMCA\\_Copyright.htm](https://famguardian.org/Ministry_DMCA_Copyright.htm) For reasons why NONE of our materials may legally be censored and violate NO Google policies see [https://sedm.org/why\\_our\\_materials\\_cannot\\_legally\\_be\\_censored](https://sedm.org/why_our_materials_cannot_legally_be_censored)     **Annual Catalogue** Chicago Theological Seminary,1926     **Gadamer's Hermeneutics** Robert J. Dostal,2022-01-15 In Gadamer s

Hermeneutics Robert J Dostal provides a comprehensive and critical account of Hans Georg Gadamer s hermeneutical philosophy arguing that Gadamer s enterprise is rooted in the thesis that being that can be understood is language He defends Gadamer against charges of linguistic idealism and emphasizes language s relationship to understanding though he criticizes Gadamer for too often ignoring the role of the prelinguistic in our experience Dostal goes on to explain the concept of the inner word for Gadamer s account of language The book situates Gadamer s hermeneutics in three important ways in relation to the contestability of the legacy of the Enlightenment project in relation to the work of his mentor Martin Heidegger and in relation to Gadamer s reading of Plato and Aristotle Dostal explores both Gadamer s claim on the Enlightenment and his ambivalence toward it He considers Gadamer s dependence on Heidegger s accomplishment while pointing out the ways in which Gadamer charted his own course rejecting his teacher s reading of Plato and his antihumanism Dostal points out notable differences in the philosophers politics as well Finally Dostal mediates between Gadamer s hermeneutics and what might be called philological hermeneutics His analysis defends the civic humanism that is the culmination of the philosopher s hermeneutics a humanism defined by moral education common sense judgment and taste Supporters and critics of Gadamer s philosophy will learn much from this major achievement Reformed and Always Reforming (Acadia Studies in Bible and Theology) Roger E. Olson, 2007-10-01 The community of evangelicals sometimes seems so broad as to defy definition but theological conservatism has been one consistent marker Now says theologian Roger Olson postconservatism is moving beyond conventional battles against liberalism and heresy to posit a dynamic and realistic approach While conservatives strive to preserve tradition and protect orthodoxy postconservatives urge openness to doctrinal reform without abandoning orthodoxy Where differences exist between doctrine and Scripture doctrine must be brought into conformity with the Word Postconservatives want to free evangelical theology from its paradoxical captivity to rationalism and its obsession with facts so that it may recognize truth in experience and personal knowledge Theologians pastors seminarians and serious thinkers will find many depths to plumb in this exhaustive survey of critics advocates and fellow travelers on the evangelical journey **The Rhetoric of American Civil Religion** Jason A. Edwards, Joseph M. Valenzano III, 2016-09-30 The tie that binds all Americans regardless of their demographic background is faith in the American system of government This faith manifests as a form of civil or secular religion with its own core documents creeds oaths ceremonies and even individuals In The Rhetoric of American Civil Religion Symbols Sinners and Saints contributors seek to examine some of those core elements of American faith by exploring the proverbial saints sinners and dominant symbols of the American system **Religion & Politics in America** Dr. Mohamad Arif Zakaullah, 2011-09-14 This study discusses the dimensions and interactions of both religion and politics in the United States of America USA and with special refer to the strong influential role of Christian Evangelists in determining the US policies Though the subject was previously explored by several writers this book is special distinguished analyzing the historical background and the roots of Christian

Evangelism all the way till their present status and power Remarkably the author presents in perfect doses a blend of ideology and events past and present updated till late 2006 all tied up in a well organized concise academic approach

**Metaphysics and the Future of Theology** William J. Meyer, 2010-01-01 William J Meyer engages in critical and illuminating conversation with major figures in contemporary philosophy and theology in order to explain why theology has been marginalized in modern culture and why modernity has had such difficulty integrating religion and public life Wrestling with notable philosophers like MacIntyre and Stout and theologians such as Gustafson Hauerwas Porter Milbank and Reinhold Niebuhr Meyer argues that theology must embrace modernity's formal commitments to public and democratic discourse while simultaneously challenging its substantive postmetaphysical outlook Drawing on the philosophical perspectives of Whitehead and Hartshorne and the theologies of Ogden and Gamwell he concludes that a process metaphysical theology offers the most promising path for theology to regain a vital public voice in the world of the twenty first century

**From Logos to Trinity** Marian Hillar, 2012-01-30 This book presents a critical evaluation of the doctrine of the Trinity tracing its development and investigating the intellectual philosophical and theological background that shaped this influential doctrine of Christianity Despite the centrality of Trinitarian thought to Christianity and its importance as one of the fundamental tenets that differentiates Christianity from Judaism and Islam the doctrine is not fully formulated in the canon of Christian scriptural texts Instead it evolved through the conflation of selective pieces of scripture with the philosophical and religious ideas of ancient Hellenistic milieu Marian Hillar analyzes the development of Trinitarian thought during the formative years of Christianity from its roots in ancient Greek philosophical concepts and religious thinking in the Mediterranean region He identifies several important sources of Trinitarian thought heretofore largely ignored by scholars including the Greek middle Platonic philosophical writings of Numenius and Egyptian metaphysical writings and monuments representing divinity as a triune entity
