Modern Poets Of France:

Modern Poets of France Louis Simpson, 1997 In this bilingual anthology editor and translator Simpson selects those masterpieces of French poetry that formed the taste of generations of readers throughout the world Here are the moderns of 1848 the Symbolist poets of the turn of the century the Dadaists and the Surrealists who flourished in the 1930 s Also included are biographies of the poets and descriptions of main literary movements Story Line Press **Modern French Poets** Wallace Fowlie, 1992-01-01 Treasury of poems and prose extracts by Max Jacob Saint John Perse Andre Breton Paul Eluard Jean Cocteau five more Excellent English translations on facing pages **Modern Poets of France** Louis Simpson, 1997-03-01 Fresh Ink Student Writing From Rural Oregon is Story Line s answer to the question Who will be our writers of the 21st century This volume highlights the first two years of the Rural Readers Project an educational outreach program that brings students of generally underfunded and underserved communities into contact with nationally recognized writers The impact for many of these students has been tremendous **Six French Poets of Our Time** Robert W. Greene, 2015-03-08 During the last sixty to seventy years avant garde poetry in France has evolved in two directions one toward poetry conceived as a means to an end the other toward poetry as an end in itself Focusing on Pierre Reverdy Francis Ponge Ren Char Andr du Bouchet Jacques Dupin and Marcelin Pleynet as the modern French poets who most faithfully reflect these directions Robert Greene s chronological study allows us to follow the two pronged evolution of French poetry since 1910 Situating his argument in a detailed historical context and basing it on comparisons with artistic movements and the poets own writings on art and on extended analyses of selected representative poems the author is able to establish a new intellectual historical perspective on contemporary poetry Professor Greene finds that whereas Reverdy Char du Bouchet and Dupin all embrace a conception of poetry as quest as a search for the absolute as the Way of beauty or truth Ponge and Pleynet hold to a view of poetry as j te as a celebration of the relative as the play and display of language in action What knits them together he concludes is the way in which each poet sums up his era as a stage in the development of twentieth century French poetry Originally published in 1979 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Carnac** Eugène Guillevic, 1999 One of France s most important modern poets Eug ne Guillevic 1907 97 was born in Carnac in Brittany and although he never learned the Breton language his personality is deeply marked by his feeling of oneness with his homeland His poetry has a remarkable unity driven by his desire to use words to bridge a tragic gulf between man and a harsh and often apparently hostile natural environment For Guillevic the purpose of poetry is to arouse the sense of Being In this poetry

of description where entire landscapes are built up from short intense texts language is reduced to its essentials as words are placed on the page like a dam against time When reading these poems it is as if time is being stopped for man to find himself again Carnac 1961 marks the beginning of Guillevic's mature life as a poet A single poem in several parts it evokes the rocky sea bound unfinished landscape of Brittany with its sacred objects and its great silent sense of waiting The texts are brief but have a grave meditative serenity as the poet seeks to effect balance and to help us to make friends with nature and to live in a universe which is chaotic and often frightening Introduction by Stephen Romer French English bilingual edition Bloodaxe Contemporary French Poets 9 Six Contemporary French Women Poets, 1997 Although many practice the art contemporary French women poets generally have been vastly underrepresented in periodicals and anthologies In the only anthology to feature avant garde French women poets exclusively Gavronsky shows how Kaplan Grangaud Portugal Lapeyre Giraudon and Risset differ from their American counterparts Before presenting his translations of the poems Gavronsky gives each poet the opportunity to define herself in terms of major influences on her poetry distinctive traits in her writing major themes in her work and the influence of gender on her art The poets also speculate about the relative underrepresentation of women poets in French periodicals and anthologies as well as about the form poetry might take in the twenty first century The poems in this volume are simultaneously delightful informative and combative They typify according to Gavronsky some of the main currents of a poetics in the making a poetics little known in the United States In reaffirming women's involvement with poetry Gavronsky believes that he has reconnected today's work with an immemorial tradition that in France clearly goes back to the Middle Ages Some Modern French Writers Gladys Turquet-Milnes, 1921

Shapiro, 2008-09-22 Original texts and translations are presented on facing pages allowing readers to appreciate the vigor and variety of the French and the fidelity of the English versions Divided into three chronological sections spanning the Middle Ages through the sixteenth century the seventeenth and eighteenth centuries and the nineteenth and twentieth centuries the volume includes introductory essays by noted scholars of each era's poetry along with biographical sketches and bibliographical references for each poet BOOK JACKET The Poem Itself

Stanley Burnshaw,1960 This unique anthology offers the English speaking reader of foreign poetry an experience he has not had before that of savoring to the greatest degree the foreign poem in its original tongue In both matter and method this is a truly modern volume The book deals with the work of 45 poets of the last hundred years writing in French Spanish German Italian and Portuguese Liberal sections are given from the early modernist such as Holderlin Nerval Baudelaire and Leopard the living artist are represented by such men as St John Perse Char Neruda Alberti Montale and Quasimodo There are more than 150 poems in all In method of presentation this volume is entirely new Rather than a translation which gives the reader an experience in English verse the actual foreign poem is resented and illuminated with an extensive pose commentary This commentary includes 1 a literal rendering interwoven with 2 an explanatory discussion of each poem The result is an intimacy with the poem in its original language that has never been possible to the English speaking reader before The volume also includes an explanatory introduction an essay on versification and a guide to pronunciation LIONEL TRILLING The Poem Itself is a remarkable enterprise and a strikingly successful one The method of translation which it proposes and exemplifies is sound and right and will bring a new and intense kind of pleasure to many readers ROBERT PENN WARREN The Poem Itself is ingenious fascinating and for anyone who is fascinated with poetry permanently useful In a special perspective it dramatizes the problems of poetic language and in comment after comment from the various hands introduces the reader to new depths and angles of vision JOHN CIARDI Certainly the best way anyone has yet found to get an English speaking reader to the poetry of other languages An exciting and radical new departure in the art of translation SIR HERBERT READ I have lived with this book for several months and i have become increasingly indebted to it Reading poetry is a kind of prayer This volume might be called the poet s prayer book MARIANNE MOORE Mr Burnshaw s intensive poetic energy and tireless patience with problems of presentation these only could have made possible this anthology I am fascinated by these studies and the manner of the renderings THE NATION A book that everyone concerned with poetry should own Publisher

The Modern Poet Robert Crawford,2001-08-09 Addressed to all readers of poetry this is a wide ranging book about the poet s role throughout the last three centuries It argues that a conception of the poets as both primitive and sophisticated emerged in the 1750s Encouraged by the classroom when English literary works began to be studied in universities this view continues to shape our own attitudes towards verse Whether considering Ossian and the Romantics Victorian scholar gipsies Modernist poetries of knowledge or contemporary poetry in Britain Ireland and America The Modern Poet shows how many successive generations of poets have needed to collaborate and to battle with academia

Selections from the Modern Poets of France, Translated Into English Verse, with Biographical Notices B.

SOMERS,1846 **The Poem Itself** Stanley Burnshaw,1960 **An Introduction to the French Poets** Geoffrey Brereton,2022-07-10 The French poetry of some five centuries is here surveyed in a series of studies of the work and personality of individual poets from Villon to the present day Each chapter is primarily concerned with establishing the

literary identity of the poet or poets with whom it deals the work of each is outlined and related to the historical and biographical circumstances in which it was written and its characteristics are then examined critically in terms relevant to the modern reader Comparisons are made between different poets and more general topics such as the concepts of classic and baroque are discussed This book first published in 1956 had become a standard introductory work for students of French poetry and general readers alike For this revised edition originally published in 1973 new chapters have been added on irregular seventeenth century poets and on various modern poets whose work now enables the Surrealist movement to be seen in clearer perspective The bibliography has been revised extensively Contemporary French Theatre and Performance C.
