The Question of Peace in Modern Political Thought Toivo Koivukoski, David Edward Tabachnick, 2015-04-08 The essays in *The Question of Peace in Modern Political Thought* address the contribution that political theories of modern political philosophers have made to our understandings of peace The discipline of peace research has reached a critical impasse where the ideas of both realist peace and democratic peace are challenged by contemporary world events Can we stand by while dictators violate the human rights of citizens Can we impose a democratic peace through the projection of war By looking back at the great works of political philosophy this collection hopes to revive peace as an active question for political philosophy while making an original contribution to contemporary peace research and international relations *Modern Political Philosophy* Richard Hudelson, 2015-02-12 An introduction to the topics and issues in political philosophy from the Enlightenment to Postmodernism The author presents both the historical background of and a systematic discussion of contemporary issues relating to the major traditions within political philosophy **Modern Political Philosophy** Alan Brown, 1990-01 **Kant and Modern Political Philosophy** Katrin Flikschuh, 2000-08-28 In this book Katrin Flikschuh examines the relevance of Kant's political thought to major issues and problems in contemporary political philosophy She advances and defends two principal claims that Kant's philosophy of Right endorses the role of metaphysics in political thinking in contrast to its generally hostile reception in the field today and that his account of political obligation is cosmopolitan in its inception assigning priority to the global rather than the domestic context She shows how Kant's metaphysics of freedom as a shared idea of practical reason underlies the cosmopolitan scope of his theory of justice and she concludes that despite the revival of Kantianism in contemporary thinking his account of justice is in many respects very different from dominant approaches in contemporary liberal theory Her study will be of interest to political philosophers political theorists and historians of ideas **Modern Political Philosophy** Alan Brown, 1988 *A History of Modern Political Thought* Gary K. Browning, 2016 How are we to understand past political thinkers Is it a matter simply of reading their texts again and again Do we have to relate past texts of political thought to the contexts in which ideas were composed and in which the aims of past thinkers were formulated Or should past political theories be deconstructed so as to uncover not what their authors maintain but what the texts reveal In this book theories of interpreting past political thinkers are examined and the interpretive methods of a range of theories are reviewed including those of Hegel Marx Oakeshott Collingwood the Cambridge School Foucault Derrida and Gadamer The application of these theories of interpretation to notable modern political theorists Machiavelli Hobbes Locke Rousseau Kant Hegel Marx Bentham Mill Nietzsche and Beauvoir is then used as a way of understanding modern political thought and of assessing interpretive theories of past political thought The result is a book which sees the history of modern political thought as more than a procession of political theories but rather as a reflection on the meaning of past political thought and its interpretation It provides a way of reading

the history of modern political thought in which the question of interpretation matters both for understanding how we interpret the past but also for considering what it means to undertake political thinking
