THE MODERN AGE
1890-1960

Modern Age 1890 1960

Robert E. Cunningham Jr.

Modern Age 1890 1960:

New Oxford History of Music: The modern age, 1890-1960, ed. by M. Cooper, 1974 **New Oxford History of Music: The modern age, 1890-1960**, 1954 The Modern Age, 1890-1960, 1975 English Drama of the Early Modern Period 1890-1940 Jean Chothia, 2016-07-01 The period 1890 1940 was a particularly rich and influential phase in the development of modern English theatre the age of Wilde and Shaw and a generation of influential actors and managers from Irving and Terry to Guilgud and Olivier Jean Chothia s study is in two parts beginning with a portrait of the period setting the narrative context and considering the dramatic social and cultural changes at work during this time It then focuses on some of the main themes in the theatre from Shaw and comedy to the rise of political and radio drama providing an interpretative framework for the period This volume will be of great benefit to students and academics of English literature and drama as it covers the work of the major dramatists of the period as well as considering the dramatic output of literary figures such as James Eliot and Lawrence **Choral Music** James Michael Floyd, Avery T. Sharp, 2019-05-23 Choral Music A Research and Information Guide Third Edition offers a comprehensive guide to the literature on choral music in the Western tradition Clearly annotated bibliographic entries guide readers to resources on key topics within choral music individual choral composers regional and sacred choral traditions choral techniques choral music education genre studies and more providing an essential reference for researchers and practitioners Covering monographs bibliographies selected dissertations reference works journals electronic databases and websites this research guide makes it easy to locate relevant sources Comprehensive indices of authors titles and subjects keep the volume user friendly The new edition has been brought up to date with entries encompassing the latest scholarship and updated references and annotations throughout capturing the continued growth of literature on choral music since the publication of the second edition **“The” New Oxford History of Music** Martin Cooper, J. A. Westrup, 1975 **Ravel the Decadent** Michael J. Puri, 2012-03-27 Ravel the Decadent offers a bold new perspective on the music of Maurice Ravel by locating its aesthetic origins in the French Decadence and demonstrating this influence across the length of his oeuvre The notions of memory sublimation and desire are invoked to delineate the Decadent profile of this music **Ethnicity in the Mainstream** Pauline Greenhill, 1994-04-19 Greenhill presents three studies from the perspective of a folklorist and within the framework of feminist analysis Loosely linked by the theme of power and discussion of carnivalesque elements of traditional and popular culture these studies examine immigrants narratives about adjusting to life in Canada Morris dancing as practised by Forest City Morris of London Ontario and actions and responses of promoters and residents to the development of the Shakespeare festival in Stratford Ontario Greenhill notes that because the English are perceived as lacking carnivalesque traditions their position vis vis other ethnic groups has been defined solely in terms of power and demonstrates that concepts of power and entitlement are inextricably bound up in English self definition She concludes by examining the implications for social scientific practice of an insider

studying her own culture and the political ramifications of such studies for a pluralistic multicultural society such as Canada Greenhill's methods, concepts and conclusions have much to offer practitioners in the fields of folklore, Canadian studies, ethnic studies, anthropology and women's studies

Choral Music Avery T. Sharp, James Michael Floyd, 2011 This is an annotated bibliography to books, recordings, videos and websites on choral music. This book will serve as an excellent tool for librarians, researchers and scholars in sorting through the massive amount of new material that has appeared since publication of the previous edition.

Sergei Rachmaninoff Robert E. Cunningham Jr., 2000-10-30 Sergei Rachmaninoff was a renowned composer, pianist and conductor. Because he was a member of the Russian aristocracy, he fled the country after the tsar's abdication and eventually relocated in the United States. Many of his compositions are for piano, yet he also composed orchestral and symphony works, three operas, choral and liturgical works, some chamber works and numerous songs. This guide catalogues his numerous works and performances, provides a detailed bibliography and includes a discography of recordings released within the last half century. Cross-referenced throughout, this volume should appeal to music and Rachmaninoff scholars who are looking for a comprehensive guide to further research.

If you ally habit such a referred **Modern Age 1890 1960** book that will have enough money you worth, get the certainly best seller from us currently from several preferred authors.
