Ana María G. Laguna

Modern Age From Victorias Empire:

The Story of the Empire Sir Charles Prestwood Lucas,1924 *The British Empire* ,1924 *Cervantes, the Golden Age, and the Battle for Cultural Identity in 20th-Century Spain* Ana María G. Laguna,2021-07-29 Studies that connect the Spanish 17th and 20th centuries usually do so through a conservative lens assuming that the blunt imperialism of the early modern age endlessly glorified by Franco s dictatorship was a constant in the Spanish imaginary This book by contrast recuperates the thriving humanistic vision of the Golden Age celebrated by Spanish progressive thinkers writers and artists in the decades prior to 1939 and the Francoist Regime The hybrid modern stance of the country in the 1920s and early 1930s would uniquely incorporate the literary and political legacies of the Spanish Renaissance into the ambitious design of a forward democratic future In exploring the complex understanding of the multifaceted event that is modernity the life story and literary opus of Miguel de Cervantes 1547 1616 acquires a new significance given the weight of the author in the poetic and political endeavors of those Spanish left wing reformists who believed they could shape a new Spanish society By recovering their progressive dream buried for almost a century of incipient and full Spanish modernities Ana Mar a G Laguna establishes a more balanced understanding of both the modern and early modern periods and casts doubt on the idea of a persistent conservatism in Golden Age literature and studies This book ultimately serves as a vigorous defense of the canonical as well as the neglected critical traditions that promoted Cervantes s humanism in the 20th century

Empireland Sathnam Sanghera,2023-02-28 A best selling journalist s illuminating tour through the hidden legacies and modern realities of British empire that exposes how much of the present day United Kingdom is actually rooted in its colonial past *Empireland* boldly and lucidly makes the case that in order to understand America we must first understand British imperialism *Empireland* is brilliantly written deeply researched and massively important It ll stay in your head for years John Oliver Emmy Award winning host of Last Week Tonight with John Oliver With a new introduction by the author and a foreword by Booker Prize winner Marlon James A best selling journalist s illuminating tour through the hidden legacies and modern realities of British empire that exposes how much of the present day United Kingdom is actually rooted in its colonial past *Empireland* boldly and lucidly makes the case that in order to understand America we must first understand British imperialism *Empire* whether British or otherwise informs nearly everything we do From common thought to our daily routines from the foundations of social safety nets to the realities of racism and from the distrust of public intellectuals to the exceptionalism that permeates immigration debates the Brexit campaign and the global reckonings with controversial memorials *Empireland* shows how the pernicious legacy of Western imperialism undergirds our everyday lives yet remains shockingly obscured from view In accessible witty prose award winning journalist and best selling author Sathnam Sanghera traces this legacy back to its source exposing how in both profound and innocuous ways imperial domination has shaped the United Kingdom we know today Sanghera connects the historical dots across continents and seas to show how the shadows

of a colonial past still linger over modern day Britain and how the world in turn was shaped by Britain's looming hand. The implications of course extend to Britain's most notorious former colony turned imperial power the United States of America which prides itself for its maverick soul and yet seems to have inherited all the ambition brutality and exceptional thinking of its parent. With a foreword by Booker Prize winner Marlon James, *Empire* is a revelatory and lucid work of political history that offers a sobering appraisal of the past so we may move toward a more just future.

The Story of the Empire Hugh Gunn, 1924 *The British Empire, a Survey in 12 Volumes--each Self-contained* Hugh Gunn, 1924 **The Middle Ages and Modern Europe** Dana Carleton Munro, Merrick Whitcomb, 1912 The British Empire: Lucas, Sir C.P. The story of the Empire Hugh Gunn, 1924 The 'Sailor Prince' in the Age of Empire Miriam Magdalena Schneider, 2017-09-21

This book explores the puzzling phenomenon of the remarkable revival of monarchy in nineteenth century Europe through a new prism: the public persona of the Sailor Prince. It highlights how four usually overlooked dynastic figures, the younger sons and brothers of monarchs such as Queen Victoria or Emperor William II, decisively helped to advertise their respective dynasties in the fiercely contested political and popular mass market by aligning them with one of the most myth-invested cultural presences and power-political symbols of the Age of Empire: the navy. The Sailor Prince in the Age of Empire traces the unusual professional careers, the adventurous empire travels, and the multifaceted public representations of Prince Alfred of Britain (1844-1900), Prince Heinrich of Prussia (1862-1929), Prince Valdemar of Denmark (1858-1939), and Prince Georgios of Greece (1869-1957). Through the prism of these four personality brands, the study also investigates issues such as the role of the maritime sphere in national identity, the nature and extent of nineteenth century monarchical modernization, the relevance of intra and inter-imperial royal diplomacy in the Age of High Imperialism, and the curious collaboration of middle class opinion makers and entrepreneurs with Europe's monarchical establishment.
