Modern Egypt And Its Heritage:

Modern Egypt and Its Heritage Carolyn Fluehr-Lobban,1990 **Islam and the Culture of Modern Egypt** Mohammad Salama,2018-11-08 Telling a new story of modern Egypt Mohammad Salama uses textual and cinematic sources to construct a clear and accessible narrative of the dynamics of Islam and culture in the first half of the twentieth century The conflict between tradition and secular values in modern Egypt is shown in a stimulating and challenging new light as Salama bridges analysis of nationalism and its connection to Islamism and outlines the effects of secular education versus traditional Islamic teaching on varied elements of Egyptian society These include cultural production politics economic identity and gender relations All of this helps to discern the harbingers that led to Egypt s social transition from the monarchy to the republic and opens the possibility of Islam as an inspiring and inspirational force This illuminating provocative and informative study will be of use to anyone interested in the period whether general readers students or researchers **A Short History of Modern Egypt** Afaf Lutfi Sayyid-Marsot,1985-07-25 A history of Egypt from the Arab conquest to the present day **The Oxford Handbook of Modern Egyptian History** Beth Baron,Jeffrey Culang,2024 Until relatively recently scholars of Egyptian history understood the modern period to begin with the movement of European people and ideas to Egypt s northern shores precipitated by Napoleon s invasion in 1798 From this perspective modern Egyptian history was animated by the diverse and sometimes contradictory ways in which Egyptians responded over time to colonial power and modern forms of knowledge This handbook featuring 26 originally commissioned essays by top scholars in the field adds to a growing literature that complicates the facile colonizer colonized and modern tradition binaries undergirding this view Modern Egyptian history is a continuous process of translation and adaptation invention and reinvention Bringing together a dynamic and accomplished group of historians of Egypt the book maps the present state of modern Egyptian history highlighting the most promising avenues of research and laying new ground upon which future generations of scholars may build The contributors address both long persisting themes in the field though in new ways as well as new themes reshaping how we understand modern Egyptian history and thus Middle Eastern and global history These include environment family infrastructure intellectuals labor law literature medicine politics popular culture and slavery Within these categories they explore issues of gender race and class The questions these scholars consider reflect pressing contemporary concerns and debates including medical sovereignty and bodily autonomy the management of the environment the rights and movements of workers courts and legal struggles cultural expression production and reception and the relationship between the army state and society The History of Egypt Panayiotis J. Vatikiotis,1980 Certainly the best general history available in English Times Literary Supplement *The History of Modern Egypt* Panayiotis J. Vatikiotis,1991 Certainly the best general history available in English Times Literary Supplement **The History and Culture of Ancient and Modern Egypt** Charles River Charles River Editors,2018-02-16 Covers the history and culture of Ancient Egypt from 3 000 30 B C Covers the history and

culture of Modern Egypt from 1800 2012 Includes pictures of famous people places art and events in Egypt Africa may have given rise to the first human beings and Egypt probably gave rise to the first great civilizations which continue to fascinate modern societies across the globe nearly 5 000 years later From the Library and Lighthouse of Alexandria to the Great Pyramid at Giza the Ancient Egyptians produced several wonders of the world revolutionized architecture and construction created some of the world s first systems of mathematics and medicine and established language and art that spread across the known world With world famous leaders like King Tut and Cleopatra it s no wonder that today s world has so many Egyptologists What makes the accomplishments of the Ancient Egyptians all the more remarkable is that Egypt was historically a place of great political turbulence Its position made it both valuable and vulnerable to tribes across the Mediterranean and the Middle East and Ancient Egypt had no shortage of its own internecine warfare Its most famous conquerors would come from Europe with Alexander the Great laying the groundwork for the Hellenic Ptolemy line and the Romans extinguishing that line after defeating Cleopatra and driving her to suicide About 2 050 years after Cleopatra s death Egypt still remains a volatile hotspot In the last year Egypt has undergone a revolution that expelled its authoritarian leader of nearly 30 years and implemented elections that have pitted the Egyptian military in a power struggle with the Muslim Brotherhood the long time Islamic opposition group with ties to Hamas and elements of al Qaeda Making everything that much more surreal the events have played out before well placed television cameras with continuous real time coverage of the revolution and ongoing turmoil and foreign nations around the world eagerly await or dread the end result The situation in Egypt sounds messy today but strife in Egypt is hardly a new occurrence In fact conflict has been more of a rule than exception since the end of the 18th century when Western powers beginning with Napoleon and the French got involved in the territory that was at that point a part of the Ottoman Turkish Empire Since then European powers came into conflict with each other and local Egyptian officials in their imperialistic efforts Egyptian nationalists tried to do away with foreign interference and the critically important Suez Canal became a geopolitical hotspot And when Egypt finally did receive full independence and sovereignty from the British it was subjected to conflict between religious extremists secular forces pan Arab nationalists and oppressive strongmen The History and Culture of Ancient and Modern Egypt comprehensively covers the history and culture of Ancient Egypt looking at its religious political foreign and military past and examining all the architectural and artistic achievements from 3 000 30 B C It also comprehensively covers this turbulent history helping to explain and sort through all the different forces at play in Egypt over the last 215 years Along with maps and pictures of important people places and events you will learn about Ancient and Modern Egypt like you never have before **View of Ancient and Modern Egypt** Michael Russell,1835 *Love, Sex, and Desire in Modern Egypt* L. L. Wynn,2018-11-23 Cairo is a city obsessed with honor and respectability and love affairs Sara a working class woman has an affair with a married man and becomes pregnant only to be abandoned by him Ayah and Zeid a respectably engaged couple argue over whether Ayah s

friend is a prostitute or a virgin Malak a European belly dancer who sometimes gets paid for sex wants to be loved by a man who won't treat her like a whore just because she's a dancer and Alia a Christian banker who left her abusive husband is the mistress of a wealthy Muslim man Haroun who encourages business by hosting risqué parties for other men and their mistresses Set in transnational Cairo over two decades Love Sex and Desire in Modern Egypt is an ethnography that explores female respectability male honor and Western theories and fantasies about Arab society L L Wynn uses stories of love affairs to interrogate three areas of classic anthropological theory mimesis kinship and gift She develops a broad picture of how individuals love and desire within a cultural and political system that structures the possibilities of and penalties for going against sexual and gender norms Wynn demonstrates that love is at once a moral horizon an attribute that naturally inheres in particular social relations a social phenomenon strengthened through cultural concepts of gift and kinship and an emotion deeply felt and desired by individuals A History of World Egyptology Andrew Bednarski, Aidan Dodson, Salima Ikram, 2021-05-27

A History of World Egyptology is a ground breaking reference work that traces the study of ancient Egypt over the past 150 years Global in purview it enlarges our understanding of how and why people have looked and continue to look into humankind's distant past through the lens of the enduring allure of ancient Egypt Written by an international team of scholars the volume investigates how territories around the world have engaged with and have been inspired by ancient Egypt and its study and how that engagement has evolved over time Chapters present a specific territory from different perspectives including institutional and national while examining a range of transnational links as well The volume thus touches on multiple strands of scholarship embracing not only Egyptology but also social history the history of science and reception studies It will appeal to amateurs and professionals with an interest in the histories of Egypt archaeology and science
