Yeats and Angelos Sikelianos* Anastasia Psoni,2018-12-19 Modernism as a powerful movement saw the literary and artistic traditions as well as pure science starting to evolve radically creating a crisis even chaos in culture and society Within this chaos myth offered an ordered picture of that world employing symbolic and poetic images Both W B Yeats and Angelos Sikelianos embraced myth and symbols because they liberate imagination and raise human consciousness bringing together humans and the cosmos Being opposed to the rigidity of scientific materialism that inhibits spiritual development the two poets were waiting for a new age and a new religion expecting that they themselves would inspire their community and usher in the change In their longing for a new age archaeology was a magnetic field for Yeats and Sikelianos as it was for many writers and thinkers After Sir Arthur Evans s discovery of the Minoan Civilization where women appeared so peacefully prominent the dream of re creating a gynocentric mythology was no longer a fantasy In Yeats s and Sikelianos s gynocentric mythology the feminine figure appears in various forms and like in a drama it plays different roles Significantly a gynocentric mythology permeates the work of the two poets and this mythology is of pivotal importance in their poetry their poetics and even in their life as the intensity of their creative desire brought to them female personalities to inspire and guide them Indeed in Yeats s and Sikelianos s gynocentric mythology the image of the feminine holds a place within a historical context taking the reader into a larger social political and religious space **Romania and World War II** Kurt Treptow,2022-11-01 Romania and World War II is a collection of studies in English and Romanian by distinguished American European and Romanian historians on the situation of Romania during World War II presented at the First International Conference of the Center for Romanian Studies held in Ia i on 25 26 May 1995 commemorating the fiftieth anniversary of the end of World War II in Europe This book reveals the results of research by leading specialists from around the world addressing many important aspects of Romania s involvement in World War II The papers published in this volume include Charles King The Moldovan ASSR on the Eve of the War Cultural Policy in 1930s Transnistria Kurt W Treptow Alegerile din decembrie 1937 si instaurarea dictaturii regale Nicholas M Nagy Talavera Reminiscences of Iorga s Murderer Traian Boeru Florin Constantiniu Un episod pu in cunoscut al rela iilor rom no sovietice 1941 Larry L Watts Incompatible Alliances Small States of Central Europe during World War II Mihai Retegan The End of the War in Europe Consequences for the States of Central and Eastern Europe A Comparative Study Valeriu Florin Dobrinescu Unele considera ii privind intrarea
