The Modes of Modern Writing David

Lodge, 2015-10-29 *The Modes of Modern Writing* tackles some of the fundamental questions we all encounter when studying or reading literature such as what is literature What is realism What is relationship between form and content And what dictates the shifts in literary fashions and tastes In answering these questions the book examines texts by a wide range of modern novelists and poets including James Joyce T S Eliot Ernest Hemingway George Orwell Virginia Woolf Samuel Beckett and Philip Larkin and draws on the work of literary theorists from Roman Jakobson to Roland Barthes Written in Lodge's typically accessible style this is essential reading for students and lovers of literature at any level The Bloomsbury

Revelations edition includes a new Foreword Afterword by the author **The Publishers Weekly** ,1972 *Social Formalism* Dorothy J. Hale,1998 In recent decades literary critics have praised novel theory for abandoning its formalist roots and defining the novel as a vehicle of social discourse The old school of novel theory has long been associated with Henry James the new school allies itself with the Russian theorist Mikhail Bakhtin In this book the author argues that actually it was the compatibility of Bakhtin with James that prompted Anglo American theorists to embrace Bakhtin with such enthusiasm Far from rejecting James in other words recent novel theorists have only refined James s foundational recharacterization of the novel as the genre that does not simply represent identity through its content but actually instantiates it through its form *Social Formalism* demonstrates the persistence of James s theoretical assumptions from his writings and those of his disciple Percy Lubbock through the critique of Jamesian theory by Roland Barthes Wayne Booth and Gerard Genette to the current Anglo American assimilation of Bakhtin It also traces the expansion of James s influence as mediated by Bakhtin into cultural and literary theory Jamesian social formalism is shown to help determine the widely influential theories of minority identity expounded by such important cultural critics as Barbara Johnson and Henry Louis Gates *Social Formalism* thus explains why a tradition that began by defining novelistic value as the formal instantiation of identity ends by defining minority political empowerment as aestheticized self representation **Choice** ,1972 **Beyond the Return of Religion: Art and the Postsecular** Lieke Wijnia,2019-08-26 *Beyond the Return of Religion Art and the Postsecular* explores the conceptual potential of the postsecular for investigations of late modern art and religion Indicating a public co existence and merging of religion and the secular the postsecular is approached as an alternative to the return of religion narrative Rather than framing artistic concerns with religion as a recurrence after temporary absence Lieke Wijnia shows how the postsecular allows for seeing the interaction between art and religion as an enduring albeit transforming relationship of mutual nature Whereas secularization theories are intrinsically connected to modernity the postsecular requires a pluralized perspective covering the processes of secularization diversification and spiritualization The postsecular reinforces the interconnectedness of these processes which are in turn embodied in the concept s interdisciplinary nature While this book predominantly focuses on visual art and its institutional context of the museum the postsecular has interdisciplinary relevance for broader artistic and academic disciplines Subject Catalog Library of Congress,1970 **Library Journal** ,1973 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately **American Book Publishing Record Cumulative, 1950-1977** R.R.
