## **Modern German Novel 1945 1965:**

**The modern German novel, 1945-1965** H.M. Waidson,1959      **The modern German Novel** Herbert Morgan Waidson,1971      *Germany and the United States, a "special Relationship?"* Hans Wilhelm Gatzke,1980 A discerning statement about Germany and other nations this book reevaluates for the general reader and the historian the impact of rapid industrialization the origins of the world wars the question of war guilt the decade of Weimar democracy and the rise and fall of Hitler Gatzke looks anew at the economic miracle in West Germany and the consequences of making prosperity the cornerstone of a new republic      **After the Nazis** Michael H. Kater,2023-01-01 A wide ranging insightful history of culture in West Germany from literature film and music to theater and the visual arts After World War II a mood of despair and impotence pervaded the arts in West Germany The culture and institutions of the Third Reich were abruptly dismissed yet there was no immediate return to the Weimar period s progressive ideals In this moment of cultural stasis how could West Germany s artists free themselves from their experiences of Nazism Moving from 1945 to reunification Michael H Kater explores West German culture as it emerged from the darkness of the Third Reich Examining periods of denial and complacency as well as attempts to reckon with the past he shows how all postwar culture was touched by the vestiges of National Socialism From the literature of G nter Grass to the happenings of Joseph Beuys and Karlheinz Stockhausen s innovations in electronic music Kater shows how it was only through the reinvigoration of the cultural scene that West Germany could contend with its past and eventually allow democracy to reemerge      *Narrative as Counter-Memory* Reiko Tachibana,1998-07-30 A pioneering study of German and Japanese postwar fiction providing a broad cultural basis for understanding a half century of responses to World War II from within the two societies      **Modernist Trends in Twentieth-century Polish Fiction** Stanisław Eile,1996      **Philosophy and German Literature, 1700-1990** Nicholas Saul,2002-05-02 Although the importance of the interplay of literature and philosophy in Germany has often been examined within individual works or groups of works by particular authors little research has been undertaken into the broader dialogue of German literature and philosophy as a whole *Philosophy and German Literature 1700 1990* offers six chapters by leading specialists on the dialogue between the work of German literary writers and philosophers through their works The volume shows that German literature far from being the mouthpiece of a dour philosophical culture dominated by the great names of Leibniz Kant Hegel Marx Heidegger and Habermas has much more to offer while possessing a high affinity with philosophy it explores regions of human insight and experience beyond philosophy s ken      **The National union catalog, 1968-1972** ,1973      *Writers Directory* NA NA,2016-03-05      *Alfred Döblin* Steffan Davies,Ernest Schonfield,2009-10-28 Döblin s texts which range widely across contemporary discourses are paradigms of the encounter between literary and scientific modernity With their use of *Tatsachenphantasie* they explode conventional language seeking a new connection with the world of objects and things This volume reassesses and reevaluates the uniquely interdisciplinary quality of Döblin s

interdiscursive factually inspired poetics by offering challenging new perspectives on key works The volume analyses not only some of D blin s best known novels and stories but also neglected works including his early medical essays political journalism and autobiographical texts Other topics addressed are D blin s engagement with German history his relation to medical discourse his topography of Berlin his aestheticisation of his own biography and his relation to other major writers such as Heine Benn Brecht and Sebald With contributions in English and in German by scholars from Germany and the United Kingdom the volume presents insights into D blin that are of value to advanced researchers and to students alike

**Literature** Martin Seymour-Smith,1985 A comprehensive account of twentiethcentury world literature Important writers are put into historical critical biographical and sociological context **Poetics of Politics** Sebastian M. Herrmann,Carolyn Alice

Hofmann,Katja Kanzler,Stefan Schubert,Frank Usbeck,2015-04-22 This volume proposes the poetics of politics as an analytic angle to interrogate contemporary cultural production in the United States As recent scholarship has observed American

literature and culture around the turn of the millennium while still deeply informed by the textual self consciousness of postmodernism are marked by a rekindled interest in matters of social concern This revived interest in politics is frequently read as a grand epochal transition Sidestepping such a logic of periodization this book points to the interplay between the textual and the political as a dynamic always locally specific that affords unique insights into the characteristics of the contemporary moment The sixteen case studies in this book explore this interplay across a wide range of media genres and modes Together they make visible a broad cultural concern with negotiating social relevance and textual self awareness that permeates and structures contemporary US popular culture
