Anonymous,2020-09-28 After leaving Vienna and long before you come to Buda Pesth the Danube enters a region of singular loneliness and desolation where its waters spread away on all sides regardless of a main channel and the country becomes a swamp for miles upon miles covered by a vast sea of low willow bushes On the big maps this deserted area is painted in a fluffy blue growing fainter in color as it leaves the banks and across it may be seen in large straggling letters the word Sumpf meaning marshes In high flood this great acreage of sand shingle beds and willow grown islands is almost topped by the water but in normal seasons the bushes bend and rustle in the free winds showing their silver leaves to the sunshine in an ever moving plain of bewildering beauty These willows never attain to the dignity of trees they have no rigid trunks they

remain humble bushes with rounded tops and soft outline swaying on slender stems that answer to the least pressure of the wind supple as grasses and so continually shifting that they somehow give the impression that the entire plain is moving and alive For the wind sends waves rising and falling over the whole surface waves of leaves instead of waves of water green swells like the sea too until the branches turn and lift and then silvery white as their under side turns to the sun Happy to slip beyond the control of stern banks the Danube here wanders about at will among the intricate network of channels intersecting the islands everywhere with broad avenues down which the waters pour with a shouting sound making whirlpools eddies and foaming rapids tearing at the sandy banks carrying away masses of shore and willow clumps and forming new islands innumerable which shift daily in size and shape and possess at best an impermanent life since the flood time obliterates their very existence Properly speaking this fascinating part of the river's life begins soon after leaving Pressburg and we in our Canadian canoe with gipsy tent and frying pan on board reached it on the crest of a rising flood about mid July That very same morning when the sky was reddening before sunrise we had slipped swiftly through still sleeping Vienna leaving it a couple of hours later a mere patch of smoke against the blue hills of the Wienerwald on the horizon we had breakfasted below Fischeraamend under a grove of birch trees roaring in the wind and had then swept on the tearing current past Orth Hainburg Petronell the old Roman Carnuntum of Marcus Aurelius and so under the frowning heights of Theben on a spur of the Carpathians where the March steals in quietly from the left and the frontier is crossed between Austria and Hungary

Magic, Witchcraft, and Ghosts in the Enlightenment Michael R. Lynn,2022-03-17 Magic Witchcraft and Ghosts in the Enlightenment argues for the centrality of magical practices and ideas throughout the long eighteenth century Although the hunt for witches in Europe declined precipitously after 1650 and the intellectual justification for natural magic came under fire by 1700 belief in magic among the general population did not come to a sudden stop The philosophes continued to take aim at magical practices alongside religion as examples of superstitions that an enlightened age needed to put behind

Children of Wrath: Possession, Prophecy and the Young in Early Modern England Anna French, 2016-05-23 The spiritual status of the early modern child was often confused and uncertain and yet in the wake of the English Reformation became an issue of urgent interest This book explores questions surrounding early modern childhood focusing especially on some of the extreme religious experiences in which children are documented those of demonic possession and godly prophecy Dr French argues that despite the fact that these occurrences were not typical childhood experiences they provide us with a window through which to glimpse the world of early modern children The work introduces its readers to the dualistic nature of early modern perceptions of their young they were seen to be both close to devilish temptations and to God s divine finger as illustrated by published accounts of possession and prophecy

These cases reveal to us moments in which children could be granted authority or in which writers and publishers framed children in positions of spiritual agency This can tell us much about how early modern society perceived imagined and depicted their young and helps us to revise the notion that early modern children s lives which were often fleeting may have gone unregarded Both contributing to and informed by some of the most recent historiographical directions taken by early modern history this book engages with three key areas the history of extreme spiritual experience such as demonic possession the lived experience of early modern religion and the history of childhood In this way it offers the first scholarly exploration of the dialogue between these three areas of current and widespread historical interest which have perhaps surprisingly not yet been considered together
