Modern Japan

A Concise Survey

Modern Japan A Concise Survey

Hugh Cortazzi

Modern Japan A Concise Survey:

Modern Japan Hugh Cortazzi, 1994 **Modern Japan: Concise Survey** Cortazzi S., **Modern Japan** Sir Hugh Cortazzi, 2016-07-27 After a brief description of Japan's geography, people, and language and a summary of Japanese history and culture, the book gives an account of the Japanese constitution, the Diet, and the organization of government, central and local. Separate chapters follow on law and order, foreign affairs, and defence, finance, industry and commerce, agriculture and infrastructure, employment, health and welfare, and finally education and culture. Seven appendices provide additional facts and figures. A full list of suggestions for further reading is included.

Modern Japanese Drama Ted T. Takaya, 1979 Home to the New York Yankees, the Bronx Zoo, and the Grand Concourse, the Bronx was at one time a haven for upwardly mobile second-generation immigrants eager to leave the crowded tenements of Manhattan in pursuit of the American dream. Once hailed as a wonder borough of beautiful homes, parks, and universities, the Bronx became during the 1960s and 1970s a national symbol of urban deterioration. Thriving neighborhoods that had long been home to generations of families dissolved under waves of arson, crime, and housing abandonment, turning blocks of apartment buildings into gutted, graffiti-covered shells and empty trash-filled lots. In this revealing history of the Bronx, Evelyn Gonzalez describes how the once infamous New York City borough underwent one of the most successful and inspiring community revivals in American history. From its earliest beginnings as a loose cluster of commuter villages to its current status as a densely populated home for New York's growing and increasingly more diverse African American and Hispanic populations, this book shows how the Bronx interacted with and was affected by the rest of New York City as it grew from a small colony on the tip of Manhattan into a sprawling metropolis. This is the story of the clattering of elevated subways and the cacophony of crowded neighborhoods, the heady optimism of industrial progress and the despair of economic recession, and the vibrancy of ethnic cultures and the resilience of local grassroots coalitions crucial to the borough's rejuvenation. In recounting the varied and extreme transformations this remarkable community has undergone, Evelyn Gonzalez argues that it was not racial discrimination, rampant crime, postwar liberalism, or big government that was to blame for the urban crisis that assailed the Bronx during the late 1960s. Rather, the decline was inextricably connected to the same kinds of social initiatives, economic transactions, political decisions, and simple human choices that had once been central to the development and vitality of the borough. Although the history of the Bronx is unquestionably a success story, crime, poverty, and substandard housing still afflict the community today. Yet the process of building and rebuilding carries on, and the revitalization of neighborhoods and a resurgence of economic growth continue to offer hope for the future.

The Political Ideas of Modern Japan Kiyoshi Karl Kawakami, 1903 **Hugh Cortazzi - Collected Writings** Hugh Cortazzi, 2013-06-17 Special areas, biographies, history, cultural exchange, arts, business, and foreign affairs.

Japanese Education Reform Christopher P. Hood, 2003-09-02 The Japanese education system has attracted increasing attention over the past 20 years, largely due to the belief that it has been central to Japan's economic growth. Many

have felt however that the system is stunted by an inability or perhaps even on an incapacity to change This study challenges these contentions It examines the reform policies implemented by Prime Minister Nakasone during the 1980s and argues that not only has the system changed considerably as a result of Nakasone s work but that it continues to do so It analyses the key areas of the education reform debate in particular internationalism government control of education increased liberalization and various social problems and considers the degree to which response to them have been successful This book will be of great interest to all those interested in the Japanese educational system **Japan and Back** Hugh Cortazzi,2023-12-14 Sir Hugh Cortazzi one of Britain s most prominent post war Ambassadors to Japan who was in Tokyo to receive Margaret Thatcher on her historic handbagging visit in 1982 was never a so called traditional diplomat Having gained entry to the Foreign Service in 1949 his diplomatic life was hardly conventional it was most certainly at times controversial from London to Bonn to Washington at the time of Watergate but principally Japan where he undertook three tours of duty the last as Ambassador 1980 84 After retiring from the Diplomatic Service he became a high profile Chairman of the Japan Society in 1985 a post he held for ten years This memoir is a real tour de force providing the reader with an informed critical perspective on world affairs in general but with a particular emphasis on Japan Japan 1868-1945 Takao Matsumura,John Benson,2014-09-25 The history of Imperial Japan from the Meiji Restoration through to defeat and occupation at the end of the Second World War is central to any understanding of the way in which modern Japan has developed and will continue to develop in the future This wide ranging accessible and up to date interpretation of Japanese history between 1868 and 1945 provides both a narrative and analysis Describing the major changes that took place in Japanese political economic and social life during this period it challenges widely held views about the uniqueness of Japanese history and the homogeneity of Japanese society *The Japanese War* Sadao Oba,2018-12-07 Translated by Ann Kaneko How British school pupils were recruited to learn in 18 months or less what was then considered to be the most difficult language in the world in order to become translators interpreters and interrogators for the allied effort in the Pacific War a staggering 648 experts in the period 1942 47
