## **Modern Latin American Fiction Writers:**

*Modern Latin-American fiction writers*, 1992      **Modern Latin-American Fiction Writers** William Luis, 1992  
Annotation Thirty authors are thoroughly profiled in this new volume in the remarkable DLB series Annotation copyrighted by Book News Incorporated Portland OR      **Modern Latin American Literature** Roberto Gonzalez Echevarria, 2012-01-24  
This Very Short Introduction provides an overview of Latin American literature from the late eighteenth century to the present Roberto Gonzalez Echevarria covers a wide range of topics highlighting how Latin American literature became conscious of its continental scope and international reach in moments of political crisis such as independence from Spain the Spanish American War and the Mexican and Cuban revolutions With this narrative the author discusses major writers ranging from Andres Bello and Jose Maria Heredia through Borges and Garcia Marquez to Fernando Vallejo and Roberto Bolano      **The Modern Latin American Novel** Raymond L. Williams, 1998 Series Editor Herbert Sussman Northeastern University The volumes in this series examine significant literary foundations of the novel by applying the most recent critical approaches Marxism feminism structuralism and others Each volume surveys a specific novel writing tradition and includes A chronology listing publication dates of major novels birth and death dates of novelists and dates of significant events An introductory overview of the novels and their critical reception A summary of the state of the criticism Primary and secondary source bibliographies      **Modern Latin-American Fiction Writers** William Luis, Ann González, 1994      **Latin American Fiction** Phillip Swanson, 2008-04-15 This book introduces readers to the evolution of modern fiction in Spanish speaking Latin America Presents Latin American fiction in its cultural and political contexts Introduces debates about how to read this literature Combines an overview of the evolution of modern Latin American fiction with detailed studies of key texts Discusses authors such as Mario Vargas Llosa Gabriel Garcia Marquez Jorge Luis Borges and Isabel Allende Covers nation building narratives modernismo the New Novel the Boom the Post Boom Magical Realism Hispanic fiction in the USA and more      The Voice of the Masters Roberto González Echevarría, 2010-07-05 By one of the most original and learned critical voices in Hispanic studies a timely and ambitious study of authority as theme and authority as authorial strategy in modern Latin American literature An ideology is implicit in modern Latin American literature argues Roberto Gonzalez Echevarria through which both the literature itself and criticism of it define what Latin American literature is and how it ought to be read In the works themselves this ideology is constantly subjected to a radical critique and that critique renders the ideology productive and in a sense is what constitutes the work In literary criticism however too frequently the ideology merely serves as support for an authoritative discourse that seriously misrepresents Latin American literature In The Voice of the Masters Gonzalez Echevarria attempts to uncover the workings of modern Latin American literature by creating a dialogue of texts a dynamic whole whose parts are seven illuminating essays on seminal texts in the tradition As he says To have written a sustained expository book would have led me to make the same kind of critical error that I attribute to most criticism of Latin

American literature I would have naively assumed an authoritative voice while attempting a critique of precisely that critical gesture. Instead, major works by Barbet Aronson, Roberto Bolaño, Gabriel García Márquez, José Martí, and Rodolfo Cordero are the object of a set of independent deconstructive and reconstructive readings. Writing in the tradition of Derrida and de Man, González Echevarría brings to these readings both the penetrative brilliance of the French master and a profound understanding of historical and cultural context. His insightful annotation of Barbet Aronson's *Meta-End*, the full text of which is presented at the close of the study, clearly demonstrates these qualities and exemplifies his particular approach to the text.

Modern Latin American Literature: A Very Short Introduction Roberto González Echevarría, 2012-01-13 This Very Short Introduction chronicles the trends and traditions of modern Latin American literature, arguing that Latin American literature developed as a continent-wide phenomenon, not just an assemblage of national literatures in moments of political crisis. With the Spanish American War, the end of World War I, and the Mexican Revolution, the avant-garde and the Cuban Revolution sparked a movement in the novel that came to be known as the Boom. Within this narrative, the author covers all of the major writers of Latin American literature from Andrés Bello and José Martí through Borges and García Márquez to Fernando Vallejo and Roberto Bolaño. **The New Novel in Latin America** Philip Swanson, 1995 A critical analysis of Latin American writers from the 1960s to the present reveals interesting insights into the ambiguity of the fiction's break from traditional social realism to a representation of realism which is incomprehensible and paradoxical. Swanson's *Hispanic Studies* (State U of New York Albany) examines the new novel's inconsistencies, political statements, and postmodern intertextuality through the work of Puig, Vargas Llosa, Cabrera Infante, Fuentes, Donoso Sainz, Lispector, and Isabel Allende. Distributed by St Martin's Press. Annotation copyright by Book News Inc, Portland, OR.

**Landmarks in Modern Latin American Fiction (Routledge Revivals)** Philip Swanson, 2015-08-11 In the 1960s, there occurred amongst Latin American writers a sudden explosion of literary activity known as the Boom. It marked an increase in the production and availability of innovative and experimental novels. But the Boom of the 1960s should not be taken as the only flowering of Latin American fiction, for such novels, dubbed 'new novels', were being written in the 1940s and 1950s as well as in the 1970s and 1980s. In this edited collection, first published in 1990, Philip Swanson charts the development of Latin American fiction throughout the twentieth century. He assesses the impact of the new novel on Latin American literature and follows its growth. Nine key texts are analysed by contributors, including works by the 'big four' of the Boom: Fuentes, Cortázar, García Márquez, and Vargas Llosa. This book will be of interest to critics and teachers of Latin American literature and will be useful too as supplementary reading for students of Spanish and Hispanic Studies. It will also serve as a helpful introduction to those new to Latin American fiction. **Short Stories by Latin American Women** Dora Alonso, 2003-01-14 Celia Correás de Zapata, an internationally recognized expert in the field of Latin American fiction, has collected stories by thirty-one authors from fourteen countries, translated into English by such renowned

scholars and writers as Gregory Rabassa and Margaret Sayers Peden Contributors include Dora Alonso Rosario Ferr Elena Poniatowska Ana Lydia Vega and Luisa Valenzuela The resulting book is a literary tour de force stories written by women in this hemisphere that speak to cultures throughout the world In her Foreword Isabel Allende states This anthology is so valuable it lays open the emotions of writers who in turn speak for others still shrouded in silence [Dictionary of Literary Biography](#) William Luis,1992
