Modern Library Price Guide 1917 1985:

The Modern Library Price Guide, 1917-1985 Henry Toledano, Modern Library (Firm), 1993 George Gissing Pierre Coustillas, 2005 George Gissing the definitive bibliography is an extraordinary work Over 600 pages long and stuffed with unimaginably recherche detail its effect will be to run professional bibliographers of whom Pierre Coustillas is not one green with envy The Gissing Journal ,1992 **National Library of Medicine Audiovisuals Catalog** National Library of Medicine (U.S.), The Modern Library Price Guide, 1917-1995 Henry Toledano, Modern Library (Firm), 1995 **The Labour Theory of Value** Peter C. Dooley, 2005-05-24 Exploring the origins and development of the labour theory of value Peter Dooley examines its emergence from the natural law philosopher of the sixteenth and seventeenth century and its domination of the classical school of economics This book will prove to be essential reading for all students of the history of economics **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), Studies in Contemporary Jewry: XI: Values, Interests, and Identity Peter Y. Medding, 1995 This collection of original articles addresses the often conflicting roles of values interests and identity in contemporary Jewish politics with its focus on Jews and contemporary politics particularly the interplay of politics and jewish history this new work makes an outstanding contribution to the scholarly literature **Righteous Revolutionaries** Jeffrey A. Javed, 2022-09-07 Righteous Revolutionaries illustrates how states appeal to popular morality shared understandings of right and wrong to forge new group identities and mobilize violence against perceived threats to their authority Jeffrey A Javed examines the Chinese Communist Party s mass mobilization of violence during its land reform campaign in the early 1950s one of the most violent and successful state building efforts in history Using an array of novel archival documentary and quantitative historical data this book illustrates that China s land reform campaign was not just about economic redistribution but rather part of a larger brutally violent state building effort to delegitimize the new party state s internal rivals and establish its moral authority Righteous Revolutionaries argues that the Chinese Party state simultaneously removed perceived threats to its authority at the grassroots and bolstered its legitimacy through a process called moral mobilization This mobilization process created a moral boundary that designated a virtuous ingroup of the masses and a demonized outgroup of class enemies mobilized the masses to participate in violence against this broadly defined outgroup and strengthened this symbolic boundary by making the masses complicit in state violence Righteous Revolutionaries shows how we can find traces of moral mobilization in China today under Xi Jinping s rule In an era where states and politicians regularly weaponize moral emotions to foment intergroup conflict and violence understanding the dynamics of violent mobilization and state authority are more relevant than ever before *List of Books for School Libraries of the State of Oregon* ,1917 **Six Stages on the Spiritual Path** Ruth Whitney, 2021-05-21 In Six Stages on the Spiritual Path we learn about spirituality and its stages as well as how spirituality helps to reduce our suffering and create more love Writings from ancient to contemporary mystics across the world provide

us with practical and spiritual wisdom that will make our lives happier and more loving In the first stage on the mystic way children experience awe and wonder but they do not realize that this is a spiritual experience While all indigenous people recognize awe as a mystical experience only some adults and most artists do When parents and religious leaders teach children about God they cause their spiritual growth to flourish or to become stunted at an elementary school level Awakening is an experience of the Divine that helps us realize that the Sacred Spirit is within us and loves us Awakening produces love for our neighbors and ourselves Then love nurtures more awakenings Illumination and union are deeper mystical experiences that the Holy One is not only within all of us and all of creation but also that we are within the ONE Illumination creates more love for all people and all the universe
