Modern Man in Search of a Soul C.G. Jung, 2014-12-18 Modern Man in Search of a Soul is the perfect introduction to the theories and concepts of one of the most original and influential religious thinkers of the twentieth century Lively and insightful it covers all of his most significant themes including man s need for a God and the mechanics of dream analysis One of his most famous books it perfectly captures the feelings of confusion that many sense today Generation X might be a recent concept but Jung spotted its forerunner over half a century ago For anyone seeking meaning in today s world Modern Man in Search of a Soul is a must

Faith and History - A Comparison of Christian and Modern Views of History Reinhold Niebuhr, 2013-04-18 The theme of this volume was first presented as the Lyman Beecher Lectures On Preaching at the Yale Divinity School in 1945 Some of the same

lectures were given by arrangement under the Warrack Lectureship On Preaching at the Universities of Glasgow and Aberdeen in Scotland in the winter of 1947 Some of the chapters were used as the basis of lectures given under the Olaf Petri Foundation of the University of Uppsala in Sweden I sought to develop various portions of a general theme in these various lectureships In this volume I have drawn these lectures into a more comprehensive study of the total problem of the relation of the Christian faith to modern conceptions of history While the total work therefore bares little resemblance to the lectures it does contain consideration of the specific problems which were dealt with in the lectures I shall not seek to identify this material by chapters as I subjected the whole to reorganization Two of these lectureships usually deal with the art of preaching though not a few of the actual lectures have been concerned with the preacher s message Since I had no special competence in the art of homiletics I thought it wise to devote the lectures to a definition of the apologetic task of the Christian pulpit in the unique spiritual climate of our day Since several of the Beecher lecturers in the past half century sought to accommodate the Christian message to the prevailing evolutionary optimism of the nineteenth and early twentieth centuries I thought it might be particularly appropriate to consider the spiritual situation in a period in which this evolutionary optimism is in the process of decay This volume is written on the basis of the faith that the Gospel of Christ is true for men of every age and that Jesus Christ is the same yesterday today and forever It is nevertheless the task of the pulpit to relate the ageless Gospel to the special problems of each age In doing so however there is always a temptation to capitulate to the characteristic prejudices of an age
