

Modern Military In American Society

Nathan K. Finney, Tyrell Mayfield

Modern Military In American Society:

The Modern Military in American Society Charles Walton Ackley, 1972 **The Modern American Military** David M. Kennedy, 2013-05-10 The advent of the all volunteer force and the evolving nature of modern warfare have transformed our military changing it in serious if subtle ways that few Americans are aware of Edited by Pulitzer Prize winning historian David M Kennedy this stimulating volume brings together insights from a remarkable group of scholars who shed important new light on the changes effecting today s armed forces Beginning with a Foreword by former Secretary of Defense William J Perry the contributors take an historical approach as they explore the ever changing strategic political and fiscal contexts in which the armed forces are trained and deployed and the constantly shifting objectives that they are tasked to achieve in the post 9 11 environment They also offer strong points of view Lawrence Freedman for instance takes the leadership to task for uncritically embracing the high tech Revolution in Military Affairs when conventional warfare seems increasingly unlikely And eminent psychiatrist Jonathan Shay warns that the post battle effects of what he terms moral wounds currently receive inadequate attention from the military and the medical profession Perhaps most troubling Karl Eikenberry raises the issue of the political ownership of the military in an era of all volunteer service citing the argument that absent the political protest common to the draft era government decision makers felt free to carry out military operations in both Iraq and Afghanistan Andrew Bacevich goes further writing that it s no longer our army it hasn t been for years it s theirs the government s and they intend to keep it Looking at such issues as who serves and why the impact of non uniformed contractors in the war zone and the growing role of women in combat this volume brings together leading thinkers who illuminate the American military at the beginning of the twenty first century Palgrave Advances in Modern Military History Matthew Hughes, 2006-09-25 This book provides a concise and accessible introduction to modern military history The collection is a clear and up to date survey of the significant debates interpretations and historiographical shifts for a series of key themes in military history Each chapter is supported by notes and a brief bibliography outlining further reading **The Modern Military in American Society** Charles Walton Ackley, 1968 Early Modern Military History, 1450-1815 G. Mortimer, 2004-06-25 Key military developments occurred in the Early Modern period during which armies evolved from troops of medieval knights to Napoleon s mass levies Firearms impelled change necessitating new battlefield tactics and fundamentally altering siege and naval warfare The size and cost of military forces expanded enormously and new standing armies underpinned the growing absolutist power of princes Academic experts from both sides of the Atlantic review these developments discussing the medieval legacy Spain the Ottoman Turks the Thirty Years War Prussia the ancien r gime and the Napoleonic Wars together with sea power the American Revolution and warfare outside the West *Dialogues Concerning Science, Technology, and Intellect in American Society's and Military's Future* Bruce J. West, Chris Arney, Kira Hutchinson, 2021-03-11 This book presents distinctive perspectives and voices concerning the nature utility and limitations of science and technology in

national security as well as outlining the nature of science and technology's interdependency with military operations. These dialogues are particularly timely during this period of transition for the US military in which these implicit ideas are molding the Army Futures Command and similar other service agencies. The design decisions being made to equip, train, educate, deploy and lead the future force need wisdom from experienced scientists, engineers and innovators. This book addresses fundamental issues such as the relationship between scientific advances and technological innovation and the roles of science and technology in a modern society and the military.

Modern America: A Documentary History of the Nation Since 1945 Robert H. Donaldson, 2014-12-18. This primary source reader assembles key documents and firsthand accounts that are emblematic of American life from the end of World War II to the present. Designed to complement a core text for a typical post-1945 U.S. history course, the book offers conciseness and selectivity with balanced coverage of domestic and foreign societal and cultural issues grouped together chronologically. The readings afford students compelling and sometimes startling insights into the nation's postwar adaptation to its new position of global power and responsibility, wealth and rapid social change, on through years of energy and ambition, conflict and tragedy to the post-Vietnam malaise and the rise of Ronald Reagan, the frenzied nineties and the arrival of the new millennium. Each chapter includes an introduction that sets the documents in historical context, a biographical sketch of a significant person of the time, study questions and suggestions for further reading.

Redefining the Modern Military Nathan K. Finney, Tyrell Mayfield, 2018-10-15. This edited collection will expand upon and refine the ideas on the role of ethics and the profession in the 21st Century. The authors delve into whether Samuel Huntington and Morris Janowitz still ring true in the 21st century, whether training and continuing education play a role in defining a profession, and if there is a universal code of ethics required for the military as a profession. *Redefining the Modern Military* is unique in how it treats the subject of ethics and the military profession as well as the types of writers it brings on board to address this topic. The book puts a significant emphasis on individual agency for military professionalism as opposed to broad organizational or cultural change. Such a review of these topics is necessary because the process of serious intellectual self-reflection is a requirement especially in a profession that involves life and death of people and nations.

U.S. Army Historical Directory Center of Military History, *A History of Modern Latin America* Teresa A. Meade, 2022-08-09. Explores the modern history of Latin America using an intersectional approach, newly revised and updated. *A History of Modern Latin America: 1800 to the Present*, Third Edition, offers a lively account of the rich political, cultural and social history of the independent nation-states of Latin America and the Caribbean. Viewing Latin American history through the lens of social class, gender, race and ethnicity, this accessible textbook explores the complex set of personalities, issues and events that intersect to form the Latin American historical landscape. Written in a clear and engaging narrative style, the fully updated third edition examines specific events in different nations and periods to illustrate broader historical trends and interpretations. Concise chapters feature first-hand accounts of the life history of both prominent and ordinary people to

contextualize topics such as African slavery in the Americas the struggle for Haitian independence the patriarchal rules governing marriage in Brazil the construction of the Panama Canal indigenous uprisings in the Mexican Revolution the impact of immigration on Latin American life the opening of diplomatic relations between the United States and Cuba and more Presents documents and excerpts from fiction to serve as concrete examples of historical ideas Examines gender and its influence on political and economic change Highlights the role of music art sports movies and other popular culture in the formation of Latin American cultural identity Includes a summary of European colonialism and an overview of Latin America in the 21st century Provides end of chapter review questions discussion topics and suggested readings Part of the popular Wiley Blackwell Concise History of the Modern World series the third edition of A History of Modern Latin America 1800 to the Present is an excellent textbook for introductory and intermediate undergraduate students as well as high school students taking advanced honors Latin American history courses

Modern American Lives: Individuals and Issues in American History Since 1945 Blaine T Browne, Robert C. Cottrell, 2014-12-18 The individuals presented in these narrative biographies significantly and sometimes decisively impacted contemporary American life in a wide range of areas including national politics foreign policy social and political activism popular and literary culture sports and business The combined biographical thematic approach is designed to serve two purposes to present more substantive biographical information and to offer a fuller examination of key events and issues The book is an ideal supplement for undergraduate courses on The United States Since 1945 as well as for courses on Modern America and 20th Century America

The American History Highway: A Guide to Internet Resources on U.S., Canadian, and Latin American History Dennis A. Trinkle, 2020-10-28 This brand new addition to the acclaimed History Highway series is essential for anyone conducting historical research on North Central or South America Complete with a CD with live links to sites it directs users to the best and broadest most current information on U S Canadian and Latin American history available on the Internet The American History Highway provides detailed easy to use information on more than 1 700 websites covers all periods of U S Canadian and Latin American History features new coverage of Hispanic American and Asian American History includes chapters on environmental history immigration history and document collections all site information is current and up to date includes a CD of the entire contents with live links to sites just install the disc go online and link directly to the sites and also provides a practical introduction to web based research for students and history buffs of all ages

Problems in Modern Latin American History James A. Wood, 2013-11-07 Now in its fourth edition this leading reader has been updated to tighten the focus of each chapter on a major interpretive problem This edition includes an entirely new chapter Historical Memory which allows readers to revisit the era of the Cold War from a contemporary perspective and the chapters on nationalism and globalization have been thoroughly revised The book continues to offer a rich variety of materials that can be tailored to the needs of individual instructors By focusing each chapter on a single interpretive problem the book painlessly engages students in

document analysis and introduces them to historiography With its innovative combination of primary and secondary sources and editorial analysis this text is designed specifically to stimulate critical thinking in a wide range of courses on Latin American history since independence

Race and Gender in Modern Western Warfare David Ulbrich, Bobby A. Wintermute, 2018-12-03 This book fills a gap in the historiographical and theoretical fields of race gender and war In brief Race and Gender in Modern Western Warfare RGMWW offers an introduction into how cultural constructions of identity are transformed by war and how they in turn influence the nature of military institutions and conflicts Focusing on the modern West this project begins by introducing the contours of race and gender theories as they have evolved and how they are employed by historians anthropologists sociologists and other scholars The project then mixes chronological narrative with analysis and historiography as it takes the reader through a series of case studies ranging from the early nineteenth century to the Global War of Terror The purpose throughout is not merely to create a list of so called great moments in race and gender but to create a meta landscape in which readers can learn to identify for themselves the disjunctures flaws and critical synergies in the traditional memory and history of a largely monochrome and male exclusive military experience The final chapter considers the current challenges that Western societies particularly the United States face in imposing social diversity and tolerance on statist military structures in a climates of sometimes vitriolic public debate RGMWW represents our effort to blend race gender and military war to problematize these intersections and then provide some answers to those problems

Encyclopedia of Right-Wing Extremism in Modern American History Stephen E. Atkins, 2011-09-13 This encyclopedia covers American right wing extremist groups and extremism from the 1930s to the present day including neo Nazis the Ku Klux Klan and various anti government organizations Right wing extremism in America has had an established presence from the 1930s through the present day The election of America's first African American president and the resuscitation of big government policymaking have stimulated a reaction from and a reemergence of right wing extremists Neo Nazis racist skinheads and white supremacists Unfortunately it seems Americans are still living in an age of extremism The Encyclopedia of Right Wing Extremism in Modern American History provides useful authoritative information about these groups and their histories covering conservative extremism from the 1930s onward such as white supremacist groups and neo Nazis Christian Identity and other right wing religious movements and anti American government extremists An introductory overview insightful conclusion chapter and useful up to date bibliography are also included

Professional Journal of the United States Army, 2012 [Revolutionary Armies in the Modern Era](#) S.P. Mackenzie, 2013-01-11 This presents a major re evaluation of the standard view of revolutionary armies the range of attitudes towards the role of heroic individuals the formation and leadership of armies and the differences and similarities between such armies Beginning with an exploration of the New Model Army of the 1640s a force whose name itself seems to denote its revolutionary credentials the author presents ten case studies from around the globe including the American War of Independence The French

Revolution The Zulu Boer War the Waffen SS and the Viet Cong Through a detailed analysis of source material he examines the images connected with these armies both historical and recent and assesses these images in their socio political and nationalist contexts **Daily Lives of Civilians in Wartime Modern America** David S. Heidler, Jeanne T.

Heidler, 2007-01-30 In post Civil War America civilians were ordinarily far removed from the actual fighting War brought about tremendous and far reaching changes to America's society politics and economy nonetheless Readers are offered detailed glimpses into the lives of ordinary folk struggling with the privations shortages and anxieties brought on by U S entry into war They are also shown how they strove to turn changing times to their advantage especially civically and economically as minorities pressed for political inclusion and traders profited from government contracts and women took on well paying skilled jobs in large numbers for the first time Susan Badger Doyle's chapter on the Indian Wars in the American West shows how for whites the migration westward was the path to a land of opportunity for Native Americans migration it was a disastrous epoch that led to their near extermination Michael Neiberg's piece on World War I highlights how America's entry into the war on the Allied side was far from universally popular or supported because of large German and Irish immigrant communities and how this tepid support led to the creation of some of the harshest censorship and curtailment of civil rights in U S history Judy Litoff's chapter on the home front during World War II focuses on the exceptional changes brought on by total mobilization for the war effort African Americans push for expanded civil rights to women entering the workforce in large numbers to the public's acceptance even expectation of centralized planning and government intervention in economic and social matters Jon Timothy Kelly's essay on the Cold War provides a look at how the country quickly returned to a state of readiness when the end of World War II ushered in the Cold War and the immanent threat of nuclear annihilation even as a booming economy brought undreamt of material prosperity to huge numbers of Americans Finally James Landers describes how American involvement in Vietnam the first televised war profoundly changed American attitudes about war even as this particular conflict touched few Americans but divided them like few previous events have

War, Politics and Society in Early Modern China, 900-1795 Peter Lorge, 2006-03-29 The first book in English to study this period of Chinese history this comprehensive survey sets out the major military events in chapters and argues that war was the most important tool used by the Chinese in building and maintaining their empire [International Encyclopedia of Military History](#) James C. Bradford, 2004-12 With its impressive breadth of coverage both geographically and chronologically the International Encyclopedia of Military History is the most up to date and inclusive A Z resource on military history From uniforms and military insignia worn by combatants to the brilliant military leaders and tacticians who commanded them the campaigns and wars to the weapons and equipment used in them this international and multi cultural two volume set is an accessible resource combining the latest scholarship in the field with a world perspective on military history

Modern Military In American Society Introduction

In the digital age, access to information has become easier than ever before. The ability to download Modern Military In American Society has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Modern Military In American Society has opened up a world of possibilities. Downloading Modern Military In American Society provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Modern Military In American Society has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Modern Military In American Society. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Modern Military In American Society. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Modern Military In American Society, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure

their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Modern Military In American Society has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Modern Military In American Society Books

1. Where can I buy Modern Military In American Society books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Modern Military In American Society book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
