**Discourse in Contemporary Israel** Ilan Peleg, 2019-04-24 This book deals comprehensively with different aspects of collective victimhood in contemporary Israel but also with the wider implications of this important concept for many other societies including the Palestinian one The eight highly diverse scholarly chapters included in this volume offer analysis of the politics of victimhood viewing it as increasingly dominant within contemporary Israel assess victimhood as a focal point of the Jewish historical legacy trace the evolution and changes of Zionist thought as it relates to a sense of national victimhood study the possibility of the political transformation of victimhood through changing perceptions and policies by top Israeli leaders focus on important events that have contributed to the evolution of the victimhood discourse in Israel and beyond e g the 1967 Six Day and 1973 Yom Kippur wars in the Middle East examine the politics and ideology of victimhood within the Palestinian national movement and offer new ways of progressing beyond national victimhood and toward a better future for people in the Middle East and beyond The insights of the eight authors and their conceptualization of Israeli victimhood are of immediate relevance for numerous other national groups as well as for a variety of disciplines in the humanities and the social sciences This volume has been inspired by the universality of victimhood among humans reflected in King Lear's words I am a man more sinned against than sinning as well as by the words of the late Israeli prime minister Yitzhak Rabin telling the Knesset in Jerusalem No longer is it true that the whole world is against us While the book sums up the state of the field in regard to collective victimhood it invites the readers to engage in contemplating the far reaching implications of this important concept for our lives **Multiculturalism in Israel** Adia Mendelson-Maoz, 2015-03-15 By analyzing its position

within the struggles for recognition and reception of different national and ethnic cultural groups this book offers a bold new picture of Israeli literature Through comparative discussion of the literatures of Palestinian citizens of Israel of Mizrahim of migrants from the former Soviet Union and of Ethiopian Israelis the author demonstrates an unexpected richness and diversity in the Israeli literary scene a reality very different from the monocultural image that Zionism aspired to create Drawing on a wide body of social and literary theory Mendelson Maoz compares and contrasts the literatures of the four communities she profiles In her discussion of the literature of the Palestinian citizens of Israel she presents the question of

language and translation and she provides three case studies of particular authors and their reception Her study of Mizrahi literature adopts a chronological approach starting in the 1950s and proceeding toward contemporary Mizrahi writing while discussing questions of authenticity and self determination The discussion of Israeli literature written by immigrants from the former Soviet Union focuses both on authors who write Israeli literature in Russian and of Russian immigrants writing in Hebrew The final section of the book provides a valuable new discussion of the work of Ethiopian Israeli writers a group whose contributions have seldom been previously acknowledged The picture that emerges from this groundbreaking book replaces the traditional homogeneous historical narrative of Israeli literature with a diversity of voices a multiplicity of origins and a wide range of different perspectives In doing so it will provoke researchers in a wide range of cultural fields to look at the rich traditions that underlie it in new and fresh ways

Reimagining Israel and Palestine in Contemporary British and German Culture Isabelle Hesse,2024-03-05 Isabelle Hesse identifies an important relational turn in British and German literature TV drama

and film published and produced since the First Palestinian Intifada 1987-1993. This turn manifests itself on two levels: one in representing Israeli and Palestinian histories and narratives as connected rather than separate, and two by emphasising the links between the current situation in Israel and the Occupied Palestinian Territories and the roles that the United Kingdom and Germany have played historically and continue to play in the region. This relational turn constitutes a significant shift in representations of Israel and Palestine in British and German culture as these depictions move beyond an engagement with the Holocaust and Jewish suffering at the expense of Palestinian suffering and indicate a willingness to represent and acknowledge British and German involvement in Israeli and Palestinian politics. This book offers new ways of thinking about how Israel and Palestine are imagined and reimagined as topics of cultural and political interest in two countries that have had complicated histories with both Israel and Palestine histories which are marked by each country's memories of the Holocaust and colonialism.

**The Arab Diaspora** Zahia Smail Salhi, Ian Richard Netton, 2006-09-27. **Jewish and Arab Childhood in Israel** Einat Baram Eshel, Wurud Jayusi, Ilana Paul-Binyamin, Eman Younis, 2021-08-06. This book is a result of the growing public and academic interest in the variety of childhoods that take place side by side in the multicultural state of Israel despite its tiny geographical dimensions. In a collection of groundbreaking articles, the book describes various features of Israeli childhoods in the present and recent past in both Arab and Jewish societies. The first section of the book, Childhood and Environment in Israel, addresses the various spaces in which childhood practices occurred and still occur in Israel: the intimate home environment, the educational environment, playgrounds and many others. The second section, Childhoods and Power Structures in Israeli Literature, illuminates the perceptions and images of childhood and describes the extensive and heterogenic variety of childhood representations in Jewish and Arab literature. Scholars of culture, society, education and literature, Jews and Arabs, have joined forces to encourage in-depth thinking about perceptions of childhood in the diverse Israeli society, the status of children in Arab and Jewish societies and the resources invested to nurture them from a global aspect as individuals with universal duties and rights and/or a local point of view as a national asset, as designers of the nation's future or alternatively as a burden, nuisance or threat.

**Theatre and the Israel-Palestine Conflict** Azza Harras, 2025-02-20. This book delves into the complex narratives surrounding the ongoing Israeli-Palestinian dispute through the unique lens of theatre. This ground

breaking exploration employs postcolonial theory to analyze a diverse array of theatrical works by Israeli Palestinian and Western playwrights. By juxtaposing portrayals of significant events such as the Nakba or the Israeli War of Independence, the Intifadas and the experiences of diaspora and exile, Harris provides a nuanced examination of how these events are represented on stage. The book reveals the profound impact of language in constructing and contesting historical narratives and underscores theatre's role as a space for cultural critique and self-reflection. This comprehensive study offers new insights into the power of artistic expression to challenge historical dichotomies and encourage a deeper understanding of this enduring conflict. Essential for scholars of Postcolonial Studies, Middle East Studies and the Performing Arts, this work invites readers to reconsider the conflict through the transformative lens of theatre.

**Edinburgh Companion to the Postcolonial Middle East** Ball Anna Ball, 2018-11-14. This Edinburgh Companion seeks to develop a postcolonial framework for addressing the Middle East. The first collection of essays on this subject, it assembles some of the world's foremost postcolonialists to explore the critical theoretical and disciplinary possibilities that inquiry into this region opens for postcolonial studies. Throughout its twenty-four chapters, its focus is on literary and cultural critique. It draws on texts and contexts from the late nineteenth to the early twenty-first centuries as case studies and deploys the concept of post-colonial modernity to reveal the enduring impact of colonial and imperial power on the shaping of the region. And it covers a wide and significant range of political, social and cultural issues in the Middle East during that period, including the heritage of Orientalism in the region, the roots and contemporary branches of the Israel-Palestine conflict, colonial history, state formation and cultures of resistance in Egypt, Turkey, the Maghreb and the wider Arab world, the clash of tradition and modernity in regional and transnational expressions of Islam, the politics of gender and sexuality in the Arab world, the ongoing crises in Libya, Iraq, Iran and Syria, the Arab Spring and the Middle Eastern refugee crisis in Europe.

**Poetic Trespass** Lital Levy, 2017-05-09. A Palestinian-Israeli poet declares a new state whose language, Homelandic, is a combination of Arabic and Hebrew. A Jewish-Israeli author imagines a language plague that

infects young Hebrew speakers with old world accents and sends the narrator in search of his Arabic heritage In Poetic Trespass Lital Levy brings together such startling visions to offer the first in depth study of the relationship between Hebrew and Arabic in the literature and culture of Israel Palestine More than that she presents a captivating portrait of the literary imagination s power to transgress political boundaries and transform ideas about language and belonging Blending history and literature Poetic Trespass traces the interwoven life of Arabic and Hebrew in Israel Palestine from the turn of the twentieth century to the present exposing the two languages intimate entanglements in contemporary works of prose poetry film and visual art by both Palestinian and Jewish citizens of Israel In a context where intense political and social pressures work to identify Jews with Hebrew and Palestinians with Arabic Levy finds writers who have boldly crossed over this divide to create literature in the language of their other as well as writers who bring the two languages into dialogue to rewrite them from within Exploring such acts of poetic trespass Levy introduces new readings of canonical and lesser known authors including Emile Habiby Hayyim Nahman Bialik Anton Shammas Saul Tchernichowsky Samir Naqqash Ronit Matalon Salman Masalha A B Yehoshua and Almog Behar By revealing uncommon visions of what it means to write in Arabic and Hebrew Poetic Trespass will change the way we understand literature and culture in the shadow of the Israeli Palestinian conflict

The Holy Land in Transit Steven Salaita, 2015-02-01 Steven Salaita s ambitious and thought provoking work compares the dynamics of settler colonialism in the United States related to Native Americans with the circumstances in Israel related to the Palestinians revealing the way in which politics influences literary production The author s original approach is based not on similarities between the two disparate settler regions but rather on similarities between the rhetoric employed by early colonialists in North America and that employed by Zionist immigrants in Palestine Meticulously examining histories theories and literary depictions of colonialism and its interethnic dialects Salaita identifies the commonalities in the myths employed by both groups as well as the counter discourse cultivated in the literature of resistance by native peoples He complements his analysis with personal observations of Palestinians in Lebanese refugee camps where he encountered a sympathetic perception of American Indians The Holy Land in Transit presents one of the first intercommunal studies to assess the ways in which indigenous authors react to analogous colonial dynamics With great perception and energy the author offers a fresh contribution to an emerging frame of reference for historical political literary and cultural investigation **Jerusalem**

Madelaine Adelman, Miriam Fendius Elman, 2014-06-12 Jerusalem is one of the most contested urban spaces in the world It is a multicultural city but one that is unlike other multi ethnic cities such as London Toronto Paris or New York This book brings together scholars from across the social sciences and the humanities to consider how different disciplinary theories and methods contribute to the study of conflict and cooperation in modern Jerusalem Several essays in the book center on political decision making others focus on local and social issues While Jerusalem s centrality to the Israeli Palestinian conflict is explored the chapters also cover issues that are unevenly explored in recent studies of the city These include Jerusalem s

diverse communities of secular and orthodox Jewry and Christian Palestinians religious and political tourism and the heritage managers of Jerusalem the Israeli and Palestinian LGBT community and its experiences in Jerusalem and visual and textual perspectives on Jerusalem particularly in architecture and poetry Adelman and Elman argue that Jerusalem is not solely a place of contention and violence and that it should be seen as a physical and demographic reality that must function for all its communities
