Modern Photojournalism Nachum Gidal,1973 *Modern photojournalism : origin and evolution, 1910-1933* Nachum Gidal,1973 **Modern Photojournalism: Origin and Evolution, 1910-1933** Tim Gidal,1973 In this book the birth and growth of photojournalism is brilliantly chronicled by a man who was a pioneer in the field when this new medium of mass communication was becoming established in Germany The 135 illustrations include numerous reproductions from the Berliner Illustrierte Zeitung and M nchner Illustrierte Presse and the work of such masters of photoreportage as Walter Bosshard Erich Salomon Wolfgang Weber Martin Munkacsi Willi Ruge Alfred Eisenstaedt Andr Kertesz Umbo and Harald Lechenperg Page 4 de la couverture **Stefan Lorant** Michael Hallett,2005-12-05 Hungarian born Stefan Lorant s work as a visual and literary editor allowed him to pioneer and develop the genr of picture based journalism at a period that saw the emergence of modern mass communications Lorant became a guiding force on an international scale disseminating his ideas and political knowledge throughout Europe in the late twenties and thirties by working in Hungary Germany and England His innovative layouts his exclusive interviews and his thirst for knowledge became a familiar part of millions of everyday lives largely through the pages of his own creations and in particular the legendary Picture Post Eventually his sphere of influence spread to America where he introduced the concept of the pictorial biography His vision of photography as a documentary medium inspired Life and Look magazines and paved the way for the eventual emergence of the television documentary For this he has become recognized as the godfather of photojournalism Lorant s work enlightened the world yet his own world was shrouded with darkness His secret past hidden throughout his lifetime reveals the changing attitude of sexual politics as it evolved throughout the century His serial womanizing and scandalous love affairs provide insight into the unhappy alliance between his sexual fulfillment and intellectual frustration his searching in others for what he could not find within himself Michael Hallett first interviewed Stefan Lorant in late 1990 and spent the following years researching and interviewing his subject Hallett examines Lorant s public image his huge ego his manipulative nature and his devious love of subterfuge and confusion Hallett also reveals Lorant s warmth his generosity his callousness his passions and his extraordinary humanity This biography encompasses the 20th century while focusing on the emergence of modern mass communications throughout Europe and the United States Additionally there is a small but key section that highlights Lorant s pl **History of the Mass Media in the United States** Margaret A. Blanchard,2013-12-19 The influence of the mass media on American history has been overwhelming History of the Mass Media in the United States examines the ways in which the media both affects and is affected by U S society From 1690 when the first American newspaper was founded to 1995 this encyclopedia covers more than 300 years of mass media history History of Mass Media in the United States contains more than 475 alphabetically arranged entries covering subjects ranging from key areas of newspaper history to broader topics such as media coverage of wars major conflicts over press freedom court cases and legislation and the concerns and representation of ethnic and

special interest groups The editor and the 200 scholarly contributors to this work have taken particular care to examine the technological legal legislative economic and political developments that have affected the American media

American Photojournalism Claude Hubert Cookman,2009 The traditional approach to studying American photojournalism explains the what and who of photojournalism what events and developments occurred what notable images were taken and who took them Without neglecting those concerns American Photojournalism emphasizes the why

Print Matters Maria Antonella Pelizzari,Andrés Mario Zervigón,2025-11-11 This volume presents a nuanced exploration of how illustrated magazines shaped global visual culture between 1910 and 1970 In the early to mid twentieth century the vast majority of printed photographs appeared in the pages of illustrated magazines Publications such as Life China Pictorial Drum Picture Post and Ebony did more than showcase photographs they crafted visual narratives by combining images text and graphics into influential cultural artifacts These periodicals shaped public perception and mass media consensus like the Internet does today bringing a shared visual experience to homes and newsstands around the world The essays in this volume delve into the technologies and visual strategies behind these publications showing how their layouts were affected by political commercial editorial and artistic factors leading up to World War II The commentaries also explore how democracy dictatorships colonization and modernity at large gave rise to experimental magazine designs turning avant garde art and lifestyle reporting into popular formats Featuring over 150 images Print Matters traces how illustrated magazines evolved across countries and continents offering new insights into their history and enduring impact on culture and society

The Encyclopedia of New York City Kenneth T. Jackson,Lisa Keller,Nancy Flood,2010-12-01 Covering an exhaustive range of information about the five boroughs the first edition of The Encyclopedia of New York City was a success by every measure earning worldwide acclaim and several awards for reference excellence and selling out its first printing before it was officially published But much has changed since the volume first appeared in 1995 the World Trade Center no longer dominates the skyline a billionaire businessman has become an unlikely three term mayor and urban regeneration Chelsea Piers the High Line DUMBO Williamsburg the South Bronx the Lower East Side has become commonplace To reflect such innovation and change this definitive one volume resource on the city has been completely revised and expanded The revised edition includes 800 new entries that help complete the story of New York from Air Train to E ZPass from September 11 to public order The new material includes broader coverage of subject areas previously underserved as well as new maps and illustrations Virtually all existing entries spanning architecture politics business sports the arts and more have been updated to reflect the impact of the past two decades The more than 5 000 alphabetical entries and 700 illustrations of the second edition of The Encyclopedia of New York City convey the richness and diversity of its subject in great breadth and detail and will continue to serve as an indispensable tool for everyone who has even a passing interest in the American metropolis

The Making of Visual News Thierry Gervais,Gaëlle Morel,2020-09-23 The Making of Visual News sets out to show how

photography has changed the way we read report and sell the news It investigates how photographs first became news images at the end of the nineteenth century and how magazines in the USA the UK France and Germany have put them to use ever since Drawing on a wide selection of images author Thierry Gervais in collaboration with Ga lle Morel analyses news photographs in the context of their original presentation in print Highly illustrated the book contains 85 full colour magazine layouts and spreads offering the reader a view of how photographs were and are used in print publications including Life Picture Post the Berliner Illustrierte Zeitung and VU It examines how photographs were employed to attract new readers throughout the twentieth century arguing that photography was the main tool by which news editors sought to communicate the news and attract a broader readership Looking beyond the roles of photographer and journalist this study also highlights the contributions of picture editors and artistic directors by commissioning photographs and incorporating images into magazine layouts these figures played critical but often overlooked roles in the construction of visual news even as they crafted unique styles for their publications Charting changes in technology and reportage as well as broader social and political histories The Making of Visual News offers new insight into the history of photojournalism making this an essential resource for students and scholars of photojournalism and the history of photography media and culture *Encyclopedia of Twentieth-Century Photography, 3-Volume Set* Lynne Warren,2005-11-15 The Encyclopedia of Twentieth Century Photography explores the vast international scope of twentieth century photography and explains that history with a wide ranging interdisciplinary manner This unique approach covers the aesthetic history of photography as an evolving art and documentary form while also recognizing it as a developing technology and cultural force This Encyclopedia presents the important developments movements photographers photographic institutions and theoretical aspects of the field along with information about equipment techniques and practical applications of photography To bring this history alive for the reader the set is illustrated in black and white throughout and each volume contains a color plate section A useful glossary of terms is also included **The Decisive Network** Nadya Bair,2020-07-07 Since its founding in 1947 the legendary Magnum Photos agency has been telling its own story about photographers who were witnesses to history and artists on the hunt for decisive moments Based on unprecedented archival research The Decisive Network unravels Magnum s mythologies to offer a new history of what it meant to shoot edit and sell news images after World War II Nadya Bair shows that between the 1940s and 1960s Magnum expanded the human interest story to global dimensions while bringing the aesthetic of news pictures into new markets Working with a vast range of editorial and corporate clients Magnum made photojournalism integral to postwar visual culture But its photographers could not have done this alone By unpacking the collaborative nature of photojournalism this book shows how picture editors sales agents spouses and publishers helped Magnum photographers succeed in their assignments and achieve fame Bair concludes in the late 1960s and early 1970s when changing market conditions led Magnum to consolidate its brand In that moment Magnum s photojournalists became artists and their assignments oeuvres

Bridging art history media studies cultural history and the history of communication The Decisive Network transforms our understanding of the photographic profession and the global circulation of images in the predigital world **Public Images** Ryan Linkof, 2020-08-12 The stolen snapshot is a staple of the modern tabloid press as ubiquitous as it is notorious The first in depth history of British tabloid photojournalism this book explores the origin of the unauthorised celebrity photograph in the early 20th century tracing its rise in the 1900s through to the first legal trial concerning the right to privacy from photographers shortly after the Second World War Packed with case studies from the glamorous to the infamous the book argues that the candid snap was a tabloid innovation that drew its power from Britain's unique class tensions Used by papers such as the Daily Mirror and Daily Sketch as a vehicle of mass communication this new form of image played an important and often overlooked role in constructing the idea of the press photographer as a documentary eyewitness From Edward VIII and Wallis Simpson to aristocratic debutantes Lady Diana Cooper and Margaret Whigham the rage of the social elite at being pictured so intimately without permission was matched only by the fascination of working class readers while the relationship of the British press to social economic and political power was changed forever Initially pioneered in the metropole tabloid style photojournalism soon penetrated the journalistic culture of most of the globe This in depth account of its social and cultural history is an invaluable source of new research for historians of photography journalism visual culture media and celebrity studies **Photography and Doubt** Sabine T. Kriebel, Andrés Zervigón, 2016-11-25 Recent decades have seen photography's privileged relationship to the real come under question Spurred by the postmodern critique of photography in the 1980s and the rise of digital technologies soon thereafter scholars have been asking who and what built this understanding of the medium in the first place Photography and Doubt reflects on this interest in photography's referential power by discussing it in rigorously historical terms How was the understanding of photographic realism cultivated in the first place What do cases of staged and manipulated photography reveal about that realism's hold on audiences across the medium's history Have doubts about photography's testimonial power stimulated as much knowledge as its realism Edited by Sabine T Kriebel and Andr's Mario Zervig n Photography and Doubt is the first multi authored collection specifically designed to explore these questions Its 13 original essays illustrated with 73 color images explore cases when the link between the photographic image and its referent was placed under stress and when photography was as attuned to its myth making capabilities as to its claims to authenticity Photography and Doubt will serve as a valuable resource for students and scholars in art history visual and media studies philosophy and the history of science and technology **David 'Chim' Seymour** Carole Naggar, 2022-06-21 He used his camera like a doctor would use a stethoscope in order to diagnose the state of the heart His own was vulnerable Cartier Bresson wrote about David Seymour who liked to be called Chim Chim is best known as one of the cofounders of photojournalism's famous cooperative Magnum Photos Weaving Chim's life and work this book discovers this empathetic photographer who has been called The First Human Rights Photographer In 1947 Chim was

one of the four cofounders of the Magnum Photos cooperative with Robert Capa Henri Cartier Bresson and George Rodger He also wrote Magnum's 1955 bylaws which are still in effect today But he is the only one of those famous photographers who does not have a full biography to his name This book examines his life and work from Poland to France to the Spanish Civil War his work for British intelligence during World War II his reportage on Europe's children after the war his reportages on Italian actors illiteracy and religious festivals in Southern Italy his coverage of Israel's beginnings before his 1956 death during the Suez war His complex itinerary is emblematic of the displacements and passages of the XXth century

Robert Capa Richard Whelan, 1994-01-01 The legendary war photographer Robert Capa carried into his personal life the same remarkable vitality that characterizes his pictures Driven from his native Hungary by political oppression he was first recognized for photographing the Spanish Civil War In 1938 he was in China recording the Japanese invasion During World War II he was in London North Africa and Italy and then in France covering D Day on Omaha Beach the liberation of Paris and the Battle of the Bulge When the new nation of Israel was founded in 1948 he was there In 1954 he was in Vietnam taking photographs until the moment he was killed Away from battle Capa gathered about him such famous people as Ernest Hemingway and his wife the war correspondent Martha Gellhorn Gary Cooper Irwin Shaw and Gene Kelly Whelan shows Capa photographing the street life of Paris crisscrossing America on assignment from Life in Russia with John Steinbeck in Italy with John Huston on the Riviera with Picasso and with Ingrid Bergman

The Concise Focal Encyclopedia of Photography Michael Peres, 2014-06-20 Defining photography is impossible Revealing it is another matter and that's what The Concise Focal Encyclopedia of Photography does with each turn of the page History The technical origins and evolution of photography are half of the story The other half consists of the ways that cultural forces have transformed photography into a constellation of practices more diverse than any other mode of representation Photographers can tell a more in depth story through a photo like Dorothea Lange's Migrant Mother than a journalist ever could with the written word alone Major themes and practitioners Over 25 entries many with supporting illustrations examine the figures trends and ideas that have contributed most heavily to the history and current state of photography Contemporary issues The issues influencing photography today are more complex than at any other time in its history Questions of ethics desire perception digitization and commercialization all vie for attention Hear what the experts have to say about crucial issues such as whether or not the images we take today will last the test of time and if so how When material is covered this skillfully concise is no compromise The Concise Focal Encyclopedia of Photography is packed with useful information compelling ideas and best of all pure pleasure

The Struggle for Utopia Victor Margolin, 1997 Focusing on the difficult relationship between art and social change Margolin brings important new insights to our understanding of the avant garde's role in a period of great political complexity

Facing Black Star Thierry Gervais, Vincent Lavoie, 2023-06-13 The Black Star Collection at The Image Centre the expectations challenges and results of a decade of research in a key photo agency's print collection In 2005 Toronto

Metropolitan formerly Ryerson University TMU acquired the massive collection Black Star Collection of the photo agency previously based in New York City nearly 292 000 black and white prints Preserved at The Image Centre at TMU the images include iconic stills of the American Civil Rights movement by Charles Moore among thousands of ordinary photographs that were classified by theme in the agency's picture library While the move of the collection from a corporate photo agency to a public cultural institution enables more access researchers must still face the size of the collection its structural organization the materiality of the prints and the lack of ephemera Facing Black Star aims to fruitfully highlight this tension between research expectations and challenges Coeditors Thierry Gervais and Vincent Lavoie have gathered local national and international researchers ranging from graduate students to established scholars and curators to illuminate the staggering range of the collection from its disquieting record of the Nazis rise to power to its visual archive of climate change Each contribution highlights methodological epistemological and political issues inherent to conducting research in photographic archives and collections such as indexing protocols and their impact on research the photographic archive as a place of visibility and invisibility and the photographic archive as a hermeneutic tool Shedding new light on current issues in the theory and history of photography this impressive volume containing 100 images will not only discuss the subjects portrayed in the photographs but will also address the history of photojournalism the role of such a photographic archive in our Western societies and ultimately photography as a medium Like the other volumes of the RIC Books series MIT Press The Image Centre formerly the Ryerson Image Centre this publication will appeal as much to academics of visual history as it will to photography enthusiasts in general
