Historical Dictionary of Radical Christianity William H. Brackney, 2012-05-03 There are several eras in the history of Christianity radical forms of the tradition are obvious the early church of the first five centuries the medieval era the age of reform the early modern era and the contemporary era Radical Christian activity and experience may reflect either a primary or a derived level of spirituality New converts may join a sect or movement with radical characteristics or they may become dissatisfied with their initial Christian experiences and desire a different or deeper Christian spirituality usually closely parallel to that seen in the New Testament The *Historical Dictionary of Radical Christianity* covers the history of this movement and includes an introductory essay and a bibliography The dictionary section has over 400 cross referenced entries The dictionary entries selected reflect the leading groups movements and sects from each major era of Christian history Especially in the contemporary period the great proliferation of radical thinkers and groups has necessitated a selection process with those selected exhibiting sustained group activity possessing an identifiable following and demonstrating a significant cultural impact This book is an excellent access point for students researchers and anyone wanting to know more about Radical Christianity

Radical Christianity Christopher Rowland, 2004-12-09 At different times and places Christian ideas have had a radical critical role and have served as a basis for programs of social change This concise and clearly written book documents the history of radical Christianity by discussing some of the most important developments and figures from the millenarian movements of early Christianity to the liberation theology of today Christopher Rowland begins by discussing the character and transformation of early Christian ideas and the ongoing patterns of protest against the status quo Subsequent chapters deal with the legacy of the Apocalypse and with the work of Thomas Muenzer and Gerrard Winstanley A final chapter on liberation theology examines the role of religion in Latin America today where basic Christian communities have emerged as power houses of social and political reform Radical Christianity is a reading of recovery which shows that social criticism and hope for a better world are integral features of the Christian tradition The book will be of great interest to students of religion and to anyone concerned with the role of religious ideas in past and present day societies

Radical Christianity Daniel M. Keeran, 2006 Was the taking of interest on loans considered to be sinful in the Bible What is greed in the New Testament What is the place of rich and poor in the kingdom of God Does Jesus teach pacifism for his followers The volume is divided into three parts the first addressing the radical principles of personal finance the second pertaining to the non violent way of the cross and the third looking briefly at specific ideas created to live out the meaning of the crucified life The second part includes a chapter on practical approaches for peacemaking in relationships as well as a concordance of words in scripture related to pacifism intended to assist the reader in further study of the biblical text In the application of radical Christianity there are different dangers and pitfalls addressed by the author The teaching of Jesus is intended to encourage a radical personal way of life Jesus did not come to

establish a political or economic system but to transform the person as he said the kingdom of God is within you and my kingdom is not of this world *Historical Dictionary of Radical Christianity* William H. Brackney, 2012-05-03 There are several eras in the history of Christianity radical forms of the tradition are obvious the early church of the first five centuries the medieval era the age of reform the early modern era and the contemporary era Radical Christian activity and experience may reflect either a primary or a derived level of spirituality New converts may join a sect or movement with radical characteristics or they may become dissatisfied with their initial Christian experiences and desire a different or deeper Christian spirituality usually closely parallel to that seen in the New Testament The *Historical Dictionary of Radical Christianity* covers the history of this movement and includes an introductory essay and a bibliography The dictionary section has over 400 cross referenced entries The dictionary entries selected reflect the leading groups movements and sects from each major era of Christian history Especially in the contemporary period the great proliferation of radical thinkers and groups has necessitated a selection process with those selected exhibiting sustained group activity possessing an identifiable following and demonstrating a significant cultural impact This book is an excellent access point for students researchers and anyone wanting to know more about Radical Christianity *Radical Christianity* Christopher Rowland, 1988 *Radical Christianity in Palestine and Israel* Samuel J. Kuruvilla, 2013-03-27 Christianity arose from the lands of biblical Palestine and regardless of its twentieth century associations with the Arab Israeli conflict to Christians around the world it remains first and foremost the birthplace of Christianity Nevertheless the size of the Christian population among Palestinians today living in Israel and the Palestinian territories is now relatively insignificant In *Radical Christianity in the Middle East* Samuel J. Kuruvilla argues that Christian Palestinians often employ politically astute as well as theologically radical means in their efforts to prove relevant as a minority community within Israeli and Palestinian societies Examining the political background of the gradual collapse of secular Arab Nationalism to be replaced by Islamic liberation movements he reveals a trend within the Christian Palestinian Church which saw increasing politicisation in the 1980s and 1990s In the face of often restrictive Israeli policies such as land confiscation along with the First Intifada there was a drive towards setting up inter Church and faith activism with the goal of Palestinian liberation Kuruvilla charts the development of a theology of Christian liberation in particular through the work of Palestinian Anglican cleric Naim Stifan Ateek and Palestinian Lutheran Pastor Mitri Raheb From its roots in 1960s Latin America liberation theology has been adapted and contextualised within the specific situation within Israel and Palestine to produce a framework that emphasises peace and reconciliation while recognising the importance of resistance and national unity Theology has impacted Christian perceptions of Palestinians struggle with Israel the idea of a land promised to the sons of Abraham and the moral responsibilities that come with this are pitted against Israeli oppression of both Christian and Muslim inhabitants of the Holy Land and their desire for independence and justice Through this comprehensive study of the often overlooked theological political and practical position of Christians in

Palestine Kuruvilla provides a new and insightful perspective on one of the most written about conflicts **Radical Christianity** Riaan Engelbrecht,2023-10-27 If we truly want to lead a supernatural life with a faith believing in the impossible then we need to become radical for God We need to be red hot Christians who are on fire for Jesus It means following Him no matter the cost It means doing as He says in His Word and never compromising For the radical Christian it is all about Christ and nothing else God is calling for a people who will no longer submit to the normal Are we just going through the motions of serving Christ Has our spiritual life become bland dull and dreary Our lives must always be connected to the Spirit of God We must be infused into God so that He truly abides in us and we abide in us The normal the spiritual deadness the dryness and the staleness are to be found in the traditions and the rituals of religion God is calling for a people who will step outside the normal We are not called to follow a religion or any other manmade rules or ideas but God and God alone Jesus came to show us how to lead a vibrant life infused with divine holy power For God has spoken then it is time for a people to arise who will no longer be satisfied to walk in the staleness deadness and dustiness of a religion that has no power It is time to seek God beyond the veil and to be the new wineskin to carry the glorious wine of the Holy Spirit in fulfilling the Great Commission Radical Christian Communities Thomas P. Rausch,2002-09-27 Throughout the centuries certain Christians chose to live out the challenges of the Gospel in communities that withdrew from the common and conventional in the world This book studies this phenomenon and focuses on a number of contemporary Christian communities lay and religious who respond to the Gospel call to discipleship in a radical way whether by being communities of peace and reconciliation of social ministry and solidarity with the poor or of service to the Church or of prayer and contemplation Is a Radical Church Possible? Adrian Alker,2016-03-25 Mainstream Christian denominations are facing critical decline in the United Kingdom Church leaders call for new strategies for growth but will these be effective In this book Adrian Alker calls for an honest look at the life of Jesus and the faith of the Church and suggests a radical and more honest reshaping of the churches to enable them to face the challenges of the present day The author has been ordained as an Anglican priest for over thirty years and recognises the important contributions which church congregations can and do make to their communities and the wider world He passionately believes that the Church must become more Jesus shaped and less concerned with its own structures and beliefs in order to attract new members Seven Principles of Ministry for the Average, Radical Christian James Cunneen,2011-04-01 Go and make disciples It s one of the most familiar phrases in the Bible but one of the most puzzling and challenging to see fulfilled How does one make a disciple What s the cost What s the reward Why do so many Christians struggle with this Great Commission directive from the Lord This book presents seven clear biblical principles of ministry for serious Christians who want to have significant personal ministries It gives encouragement motivation and practical instruction for success in making disciples for Jesus Christ These are principles such as Be what you want others to be Give your life to people not just your knowledge and Don t use people to build your ministry

use your ministry to build people This book will deepen your appreciation for the power of lay ministry and help you be a disciple maker for Christ right where you are Mere Discipleship Lee C. Camp,2008-08-01 What does it mean to be a disciple of Christ today And are Christians really prepared for the answers In Mere Discipleship Lee Camp sets forth his vision of what it means to truly follow Christ challenging Christians to put obedience to Jesus as Lord ahead of allegiances to all earthly authorities be they nationalistic political economic or cultural Camp clearly lays out a sound biblical framework of what disciples believe and therefore what they should do This substantially revised and expanded second edition updates examples adds chapter introductions and summaries and includes new study questions Radical Christian Voices and Practice Zoë Bennett,David B. Gowler,2012-01-26 Sixteen new essays by a team of leading international scholars on the theme of the Bible and its reception and appropriation in the context of radical practices and an exposition of the imaginative possibilities of radical engagement with the Bible in inclusive social contexts *Too Good to be True* Christopher D. Rodkey,2014-02-28 With a foreword by Peter Rollins and an afterword by Thomas J J Altizer Too Good to be True is a collection of sermons written and preached from a radical theology perspective which demonstrate preaching in a post Christendom post God world These sermons were actually preached in a mainline church in the US The sermons follow the liturgical and lectionary year A so clergy may use the books for their own preaching and easily reference it in their professional work Radical Christianity and Its Sources John Charles Cooper,1968 Radical Christian Writings Andrew Bradstock,Christopher Rowland,2008-04-15 This volume which fills a gap in the current literature will be essential reading for third year undergraduates and above in Biblical studies *Radical Christianity* Tim Timmons,1986 **The British Christian Women's Movement** Jenny Daggars,2018-05-08 This title was first published in 2002 This book presents a timely study of a neglected British Christian women s movement Jenny Daggars charts the inception of the movement in the exciting times of the post sixties decades amid new currents generated in the British denominational churches and the wider current of Women s Liberation Focusing on Christian women s concern with the position of women in the church this book identifies a core Christian women s theology which affirms a rehabilitated new Eve in Christ and so contrasts with a concurrent paradigm shift taking shape in North American feminist theology Daggars argues that this divergence is primarily due to the effect of the prolonged Church of England women s ordination debate upon the ethos of the British Christian women s movement **Transforming Faith Communities** Michael I. Bochenski,2013-03-14 Transforming Faith Communities argues for a model of being church that combines congregationalism with a constructive approach to church state relationships Congregationalism within a vision for a renewed Christendom is commended here as a viable option for Christian mission in the twenty first century world In making this case two movements are explored those inspired by sixteenth century Anabaptism and late twentieth century Latin American liberation theology Each movement is held up as a mirror to the other A continuing vision for the transformation of church and society emerges from this book as a number of

contemporary resonances begin to sound These include an outline of some likely common features in the development of radical religious communities an examination of some of the factors that create world affirming Christian faith communities and many examples of effective and constructive engagement with church and society across the centuries Radical Christianity Jim Burns,1996 Jim Burns helps today s teens get down to the core issues integrity priorities taming the tongue and more and shows them how to make their lives count for Christ Great for a youth group study **Underdogma** Michael Prell,2011-02-01 Analyzing and refuting the common assumptions of anti Americanism is a critical contribution to the global political debate Thank goodness for this effort UN Ambassador John Bolton author of Surrender is Not an Option David versus Goliath the American Revolutionaries The Little Engine That Could Team USA s Miracle on Ice the Star Wars Rebel Alliance Rocky Balboa the Jamaican bobsled team and the meek inheriting the Earth Everyone it seems loves an underdog Why is that We begin life tiny and helpless at the mercy of those who are bigger and more powerful than us parents and guardians who tell us what to eat what to wear how to behave even when to sleep and wake up From childhood into adulthood we re told what to do by those who wield more power our parents teachers bosses government So naturally we have a predisposition to resent the overdogs and root for the little guy But this tendency which international political consultant and human rights activist Michael Prell calls underdogma can be very dangerous both to America and to the world at large In Underdogma Prell who has worked world leaders including Israeli Prime Minister Benjamin Netanyahu the Australian and Canadian prime ministers and the Dalai Lama explores our love hate relationship with power within our culture and our politics Underdogma explains seeming mysteries such as why Almost half of Americans blamed President Bush for the attacks of 9 11 even while the American media described the architect of these attacks as thoughtful about his cause and craft and folksy Gays and lesbians protest those who protect gay rights America Israel while championing those who outlaw and execute homosexuals Palestine Environmentalists focus their rage on America even though China is the largest emitter of greenhouse gases The United Nations elevates countries such as Sudan to full membership on the UN s Commission on Human Rights even as the ethnic cleansing of Darfur proceeds Tracing the evolution of this belief system through human history ancient Greece to Marxism to the dawn of political correctness Prell shows what continuing with this collective mindset means for our future While America and its president increasingly exalt the meek and apologize for their power America s competitors and enemies are moving in a different direction China is projected to overtake the U S economically by 2027 and is ready to move into the position of hegemon and radical Islamists are looking to extend their global territory taking any sign of weakness as a chance to attack America must return to its founding spirit and underdogma must stop now our nation depends on it
