## **Radical Ecology The Search For A Livable World:**

*Radical Ecology* Carolyn Merchant, 2005 First Published in 2005 Routledge is an imprint of Taylor Francis an informal company Gary Bryner, *The Historical Dictionary of Environmentalism* strategically skips across issues concepts time organizations and cultures not with any pretense of producing a definitive dictionary but rather with the aim of producing an inclusive wide ranging and global history of environmentalism This is done through a chronology a list of acronyms and abbreviations an introductory essay and over 300 cross referenced dictionary entries *Feminist Thought, Student Economy Edition* Rosemarie Tong, 2018-10-03 This book provides a clear comprehensive and incisive introduction to the major traditions of feminist theory from liberal feminism radical feminism and Marxist and socialist feminism to care focused feminism psychoanalytic feminism women of color feminisms and ecofeminism **Environment and Society** Erika Cudworth, 2005-08-04 At the start of the twenty first century it can be argued that human societies have a greater impact on the environment than ever before We have always been dependent upon and interacted with the natural environment However the dramatic social changes of the past three centuries have altered the form of our relationship with non human nature to the extent that some would see people planet relations as in a situation of crisis *Environment and Society* provides a comprehensive and critical account of the ways in which we can think about the relationship between human societies and the environments with which they interact It argues that human societies are ecologically embedded and that environments are often socially embedded and constituted It makes the different theoretical positions and empirical studies accessible to students and includes chapter outlines and summaries annotated further reading boxed case studies and discussion points

**Global Environmental Politics** Jean-Frédéric Morin, Amandine Orsini, Sikina Jinnah, 2020 *Global Environmental Politics* provides a fully up to date and comprehensive introduction to the most important issues dominating this fast moving field Going beyond the issue of climate change the textbook also introduces students to the pressing issues of desertification trade in hazardous waste biodiversity protection whaling acid rain ozone depletion water consumption and over fishing Importantly the authors pay particular attention to the interactions between environmental politics and other governance issues such as gender trade development health agriculture and security **Gender and Environment in Science Fiction** Bridgitte Barclay, Christy Tidwell, 2020-07-07 *Gender and Environment in Science Fiction* focuses on the variety of ways that gender and nature interact in science fiction films and fictions exploring questions of different realities and posing new ones Science fiction asks questions to propose other ways of living it asks what if and that question is the basis for alternative narratives of ourselves and the world we are a part of What if humans could terraform planets What if we could create human nonhuman hybrids What if artificial intelligence gains consciousness What if we could realize kinship with other species through heightened empathy or traumatic experiences What if we imagine a world without oil The texts analyzed in this book ask these questions and others exploring how humans and nonhumans are connected how nonhuman biologies can offer diverse

ways to think about human sex gender and sexual orientation and how interpretive strategies can subvert the messages of older films and written texts

**Muslim Environmentalisms** Anna M. Gade, 2019-08-20 How might understandings of environmentalism and the environmental humanities shift by incorporating Islamic perspectives In this book Anna M Gade explores the religious and cultural foundations of Islamic environmentalisms She blends textual and ethnographic study to offer a comprehensive and interdisciplinary account of the legal ethical social and empirical principles underlying Muslim commitments to the earth Muslim Environmentalisms shows how diverse Muslim communities and schools of thought have addressed ecological questions for the sake of this world and the world to come Gade draws on a rich spectrum of materials scripture jurisprudence science art and social and political engagement as well as fieldwork in Indonesia and Southeast Asia The book brings together case studies in disaster management educational programs international development conservation projects religious ritual and performance and Islamic law to rethink key theories Gade shows that the Islamic tradition leads us to see the environment as an ethical idea moving beyond the established frameworks of both nature and crisis Muslim Environmentalisms models novel approaches to the study of religion and environment from a humanistic perspective reinterpreting issues at the intersection of numerous academic disciplines to propose a postcolonial and global understanding of environment in terms of consequential relations

Judaism and Environmental Ethics Martin D. Yaffe, 2002-05-09 Martin D Yaffe s *Judaism and Environmental Ethics A Reader* is a well conceived exploration of three interrelated questions Does the Hebrew Bible or subsequent Jewish tradition teach environmental responsibility or not What Jewish teachings if any appropriately address today s environmental crisis Do ecology Judaism and philosophy work together or are they at odds with each other in confronting the current crisis Yaffe s extensive introduction analyzes and appraises the anthologized essays each of which serves to deepen and enrich our understanding of current reflection on Judaism and environmental ethics Brought together in one volume for the first time the most important scholars in the field touch on diverse disciplines including deep ecology political philosophy and biblical hermeneutics This ambitious book illustrates precisely because of its interdisciplinary focus how longstanding disagreements and controversies may spark further interchange among ecologists Jews and philosophers Both accessible and thoroughly scholarly this dialogue will benefit anyone interested in ethical and religious considerations of contemporary ecology

Feminist Poetics of the Sacred Frances Devlin-Glass, Lyn McCredde, 2001 This is a multicultural study of ancient contemporary texts that encode women s spirituality It includes both contemporary historical contexts tracing the roles actions beliefs of women in pre Christian Christian Islamic contexts

*Gender Politics in Global Governance* Mary K. Meyer, Elisabeth Prügl, 1999-01-14 From the grassroots to the global women s movements worldwide are taking on new arenas new goals and strategies and in some cases a whole new vocabulary International organizations nonstate actors regimes and norms and a host of globalizing forces offer women and their representatives new opportunities and obstacles This volume draws together a wide range of exciting

new research that looks at the gendered nature of the institutions practices and discourses of global governance The contributors describe the spaces women have carved out in international organizations the strategies women s movements have employed to influence international politics and the ways in which movement activism has contested gendered rules in global governance Out of a stimulating diversity of approaches the common goal of empowering women resounds

*Ecofeminist Natures* Noel Sturgeon,2016-01-08 Examining the development of ecofeminism from the 1980s antimilitarist movement to an internationalist ecofeminism in the 1990s Sturgeon explores the ecofeminist notions of gender race and nature She moves from detailed historical investigations of important manifestations of US ecofeminism to a broad analysis of international environmental politics

**Developing The Environment** C J Barrow,2014-09-19 This book presents a comprehensive overview of global environmental problems past present and future examining their roots and implications and suggesting where possible ways in which they might be mitigated or avoided by careful management

**Postcolonial Ecocriticism** Graham Huggan,Helen Tiffin,2015-04-17 This second edition of *Postcolonial Ecocriticism* a book foundational for its field has been updated to consider recent developments in the area such as environmental humanities and animal studies Graham Huggan and Helen Tiffin examine transverse relations between humans animals and the environment across a wide range of postcolonial literary texts and also address key issues such as global warming food security human over population in the context of animal extinction queer ecology and the connections between postcolonial and disability theory Considering the postcolonial first from an environmental and then a zoocritical perspective the book looks at Narratives of development in postcolonial writing Entitlement belonging and the pastoral Colonial asset stripping and the Christian mission The politics of eating and the representation of cannibalism Animality and spirituality Sentimentality and anthropomorphism The changing place of humans and animals in a posthuman world With a new preface written specifically for this edition and an annotated list of suggestions for further reading *Postcolonial Ecocriticism* offers a comprehensive and fully up to date introduction to a rapidly expanding field

*After the Death of Nature* Kenneth Worthy,Elizabeth Allison,Whitney Bauman,2018-11-09 Carolyn Merchant s foundational 1980 book *The Death of Nature* Women Ecology and the Scientific Revolution established her as a pioneering researcher of human nature relations Her subsequent groundbreaking writing in a dozen books and over one hundred peer reviewed articles have only fortified her position as one of the most influential scholars of the environment This book examines and builds upon her decades long legacy of innovative environmental thought and her critical responses to modern mechanistic and patriarchal conceptions of nature and women as well as her systematic taxonomies of environmental thought and action Seventeen scholars and activists assess praise criticize and extend Merchant s work to arrive at a better and more complete understanding of the human place in nature today and the potential for healthier and more just relations with nature and among people in the future Their contributions offer personal observations of Merchant s influence on the teaching research and careers of other environmentalists

*Feminist Thought* Rosemarie Tong, Tina Fernandes Botts, 2024-07-19 A classic resource on feminist theory this updated sixth edition of *Feminist Thought A More Comprehensive Introduction* offers a clear comprehensive and incisive introduction to the major traditions of feminist theory This new edition explores in detail the wide spectrum of feminist thought from liberal feminism radical feminism Marxist and socialist feminisms women of color feminisms global postcolonial and transnational feminisms to psychoanalytic feminism care focused and maternal focused feminisms to ecofeminism existentialist poststructural and postmodern feminisms The book also includes an expanded discussion of third wave fourth wave and fifth wave feminisms plus much new material on intersectionality LGBTQ issues gender identities sexual orientations and queer theory Learning tools like end of chapter discussion questions and an enhanced up to date bibliography make *Feminist Thought* an essential resource for students and thinkers who want to understand the theoretical origins and complexities of contemporary feminist debates

**Women Writing Nature** Barbara J. Cook, 2008-01-01 *Women Writing Nature* addresses the question Do women write about nature differently In the process the collection considers women s writings about the natural world in light of recent and current feminist and ecofeminist theory

*Globalization and the Environment* Gabriela Kutting, 2012-02-01 This groundbreaking study brings together economic globalization and the environment as never before Gabriela Kutting argues for an eco holistic approach that merges social political economic and environmental analysis so that a globalizing political economy may be understood in relation to environmental and social concerns Key to this merging are the historical dimension of environmental societal relations the concept of consumption and the concept of equity To illustrate the utility of the eco holistic approach Kutting draws out the linkages between social and environmental degradation in West Africa environmental and economic policies in the North and the shopping habits of individual consumers using cotton agriculture and the globalizing political economy of textiles as a case study

**Palgrave Advances in International Environmental Politics** M. Betsill, K. Hochstetler, D. Stevis, 2005-10-31 *Palgrave Advances in International Environmental Politics* provides a state of the art review of the major theoretical approaches and substantive debates of the field The first section reviews the historical development of international environmental politics as well as the theoretical and methodological approaches used in its study The following chapters each review the trajectory of a key research area within international environmental politics and elaborate on current approaches and debates Case studies in each chapter illuminate the main theoretical questions that emerge from the review

**Decolonizing Nature** William Mark Adams, Martin Mulligan, 2003 British imperialism was almost unparalleled in its historical and geographical reach leaving a legacy of entrenched social transformation in nations and cultures in every part of the globe Colonial annexation and government were based on an all encompassing system that integrated and controlled political economic social and ethnic relations and required a similar annexation and control of natural resources and nature itself Colonial ideologies were expressed not only in the progressive exploitation of nature but also in the emerging discourses of conservation At the start

of the 21st century the conservation of nature is of undiminished importance in post colonial societies yet the legacy of colonial thinking endures What should conservation look like today and what indeed whose ideas should it be based upon Decolonizing Nature explores the influence of the colonial legacy on contemporary conservation and on ideas about the relationships between people politics and nature in countries and cultures that were once part of the British Empire It locates the historical development of the theory and practice of conservation at both the periphery and the centre firmly within the context of this legacy and considers its significance today It highlights the present and future challenges to conservationists of contemporary global neo colonialism The contributors to this volume include both academics and conservation practitioners They provide wide ranging and insightful perspectives on the need for and practical ways to achieve new forms of informed ethical engagement between people and nature

### **Gender and Energy Transition**

Katarzyna Iwińska, Xymena Bukowska, 2021-11-01 This volume takes an ecofeminist perspective in analysing societal changes related to energy transition with a focus on Upper Silesia in Europe following the closure of coal mining industries in the region It provides both a macro and micro view of how energy transition in societies built around an energy industry can lead to major shifts in societal and familial dynamics and how women locate themselves in this transition period affecting the economy as well as social and environmental structures and values Densely populated Upper Silesia in southern Poland with one of the longest histories of industrialization extractivism and environmental degradation in Europe can be considered as a microcosm of regions that have undergone such changes due to energy transition The traces of telling socio economic changes as well as the tangle of modernity and conservatism are both clearly visible in the local region and society The book documents the Silesian changes and highlights the female perspective their culture identities as well as empowerment and the agency The paradigm of feminist and masculinity studies helps in presenting the complexity and the challenges of the just energy transition This is a topical volume given that many regions of the world are undergoing similar changes and is an interesting read for decision makers policy experts environmentalists as well social scientists who study issues related to sustainability and environmental societal challenges in energy transition Chapter 1 is available open access under a Creative Commons Attribution 4.0 International License via [link.springer.com](https://link.springer.com)
