Spiritual Renaissance Susan Minnaar, 2007-06-19 This book draws upon the legacy of wisdom from ancient manuscripts which can have a profound impact on your life Mankind is

oblivious to the extent of the devastation bestowed on the environment and the fact that we are jeopardising the survival of future generations There has never been so much violence crime corruption murder and war in the history of mankind In spite of our triumphs in terms of scientific discoveries we are deprived of physical emotional and spiritual well being The state of the outer world reflects the condition of our inner world This book provides the reader with a renewed epiphany and insight into the extent to which we have strayed from our authentic self or true essence Our main obstacles are ignorance apathy and complacency We are morally bankrupt and the solution to our problem is a soul ution Most people are unaware of the fact that we all have the ability to tap into the realm of Divine Universal Energy that surrounds us We have the ability to live from a soul level to connect with the sacred and to increase our awareness The possibility of perfect health serenity and inner peace exists within the Spiritual Realm The choice to live in this Realm and in harmony with the Universal Laws comes with certain responsibilities This book offers guidelines which will assist you to live with increased joy purpose passion and meaning Applying these principles can make the difference between surviving and thriving *Subtle Energy Work* Synthia Andrews,2022 Learning to consciously interact in the domain of subtle energy is the next step in personal and planetary transformation Subtle energy is more than life force it is the substance of reality and the vehicle of consciousness Your body is wired to navigate this domain This book is a unique guide of principles practices and exercises to help you access your energy awareness and live a more empowered life **Open Your Heart to Nature and Beyond** Dr. Linda N.

Cameron,2021-09-09 *Open Your Heart to Nature and Beyond* maintains there is one problem separation from the Divine and one solution applying some form of forgiveness It details the holding relationships that actually separate us from the Divine and how to use the Law of Forgiveness to let them go and open our hearts to God s presence Like a computer delete key the activity of forgiveness allows us to let go physically emotionally and mentally until we join Universal Being This Divine encounter is divided into 7 distinct stages with descriptions based on experiences of the author as well as poets and individuals from other major religions This book also suggests that a religious experience is simply having an experience of the Zero Energy Field as defined in quantum physics The Zero Energy Field is defined as the activity of subatomic particles such as photons electrons and other quantum particles in space at temperatures of absolute zero Research indicates that humans can affect this field with pray which is the mental activity of calling these energy particles to organize and outpicture as manifestations in nature We also have the ability to apply the Law of Forgiveness that Jesus introduced and release the electrons neutrons and protons forming something in the world and in our minds and thereby causing them to disorganize them and return to the Zero Energy Field The human activity of forgiving or letting things thoughts and emotions go shows that we have the mental ability to apply the Law of Entropy and disorganized manifested things and release them back into subatomic particles in the Zero Energy Field **Stop the Brain** Jimmy Smart,2024-04-16 In *Stop the Brain Enjoy Freedom from Intrusive Thoughts* author Jim Smart PhD PE investigates questions critical to spiritual wellness what is the mind and

where do thoughts come from Most people think they have no control over their thoughts but they can learn to control the release of thoughts for hours at a time Stop the Brain shows readers how in a short easy text as opposed to years of therapy Using powerful new tools and mindfulness techniques the mind can be stabilized and rendered free of uninvited intrusive thoughts Enjoy profound spiritual results such as a calmer mind less anxiety a sense of peace greater tolerance radical forgiveness deep sleep increased focus and less bodily pain *Holistic Creation and Focus Zone Chi Gong* Aleksander Kupisz,2010-12 Your body is like a hard drive Every event that you have ever experienced to which you have not surrendered or made peace with either by gratitude or by forgiveness remains stuck in your body This stagnant energy hinders all attempts at life change as it is not in the mind but in the body and is connected to the subconscious on a deep cellular level This book shows you a surprising easy way to go into the body and allow all stored energy to pass eventually reaching states on non duality forgiveness gratitude and surrender The book is designed as a course which when completed sets in motion our natural ability to surrender and allow responses of attachment and aversion to pass automatically without any effort the Holistic Creation and Focus Zone Chi Gong System is for those more interested in living life to the fullest then for those who want to live their stories **Waking the Warrior Goddess , I Painted the Light** Jeanne Grimes,2013-05-02 When I

was five years old I painted the Light I painted the happy space I went to while being sexually abused by my father When the abuse would start two adorable cherubs would appear and take me by the hands Off we would go into the Light We would fly about and tumble laugh and be filled with joy It was a glorious fun and safe place to be The Light saved me So when I was given the chance to create my first ever painting in kindergarten I naturally wanted to paint this beautiful glowing space I painted the Light I covered every square inch of my flip chart paper with bright yellow paint I was so happy to recreate this space and share it with my dad But my joy was short lived once I actually unrolled my painting at home and explained my bright yellow space to my father His violent reaction became one more incident that further buried the memories of the abuse I tell my story here to help those of you who have also been sexually abused I went beyond the counseling and cognitive therapies and found other spiritual and experiential techniques that brought me to a place of peace and wholeness These practices helped heal my mind my body and my spirit I offer my experiences here so that you may apply them to your own healing journey My goal is to help you see the Light within you to find the peace within you as I have finally found in me May Divine Love be with us on our journey **Waking The Warrior Goddess (EasyRead Edition)** Christine Horner,2007
