Radical Jew

Frank Jacob, Sebastian Kunze

Radical Jew:

A Radical Jew Daniel Boyarin, 1994 Talmudic scholar Daniel Boyarin turns to the Epistles of Paul as the spiritual autobiography of a first century Jewish cultural critic and explores what led Paul in his dramatic conversion to Christianity to such a radical critique of Jewish culture Boyarin's incisive questioning is relevant to cultural clashes in many parts of the world Robin Scroggs PRINCETON SEMINARY BULLETIN An Anomalous Jew Bird, 2016 Lively well informed portrait of the complex figure who was the apostle Paul Though Paul is often lauded as the first great Christian theologian and a champion for Gentile inclusion in the church in his own time he was universally regarded as a strange and controversial person In this book Pauline scholar Michael Bird explains why An Anomalous Jew presents the figure of Paul in all his complexity with his blend of common and controversial Jewish beliefs and a faith in Christ that brought him into conflict with the socio religious scene around him Bird elucidates how the apostle Paul was variously perceived as a religious deviant by Jews as a divisive figure by Jewish Christians as a purveyor of dubious philosophy by Greeks and as a dangerous troublemaker by the Romans Readers of this book will better understand the truly anomalous shape of Paul's thinking and worldview **Jewish Power in America** Henry Feingold, 2017-07-12 Jewish political power exists as a separate agency in the American polity but before it can be determined whether it is inordinate historian Henry L Feingold declares that it first needs to be identified and defined Jewish power is not associated with military armaments as with a sovereign state like Israel Nor is it personal power There are many influential Jews today who have raised huge sums for office seekers but there are none whose use of financial resources was inordinate With the exception of an abiding concern with the security of Israel there are no overriding public policy concerns that differentiate Jewish voters from the informed educated segment of the American electorate Feingold acknowledges that American Jews do have political power But what kind is it and how does it compare to the power exercised by other ethnic and interest groups that thrive in the American polity The basic charge of those who have raised the alarm about Jewish power that it is used conspiratorially against the national interest is addressed and repudiated This book addresses the question of Jewish power by examining five recent major instances beginning with the New Deal when the play of Jewish power or power exercised by Jews was evident The engagement of American Jewry in the political process is amply documented by survey research and evidenced by the disproportionate number of Jewish office holders on all levels of government It can be traced in some measure to its relationship to European Jewish migration and to the inherent activism of the political left The work presents the reader with a broadly comprehensive and highly informative picture of American Jewish participation in the American polity Jewish Radicalisms Frank Jacob, Sebastian Kunze, 2019-12-16 Jewish radical thoughts and actions can be described in a variety of terms and dimensions This volume wants to survey Jewish radicalism and present different approaches on this global historical phenomenon It is focused on the 19th and 20th century and tries to grasp the manifold Ideas of Jewish radicalism and thereby it approaches the term

Jewish radicalism from different perspectives and wants to extend the understanding of this phenomenon *Slandering the Jew* Susanna Drake, 2013-07-16 As Christian leaders in the first through fifth centuries embraced ascetic interpretations of the Bible and practices of sexual renunciation sexual slander such as the accusations Paul leveled against wayward Gentiles in the New Testament played a pivotal role in the formation of early Christian identity In particular the imagined construct of the lascivious literal minded Jew served as a convenient foil to the chaste Christian ideal Susanna Drake examines representations of Jewish sexuality in early Christian writings that use accusations of carnality fleshliness bestiality and licentiousness as strategies to differentiate the spiritual Christian from the carnal Jew Church fathers such as Justin Martyr Hippolytus of Rome Origen of Alexandria and John Chrysostom portrayed Jewish men variously as dangerously hypersexual at times literally seducing virtuous Christians into heresy or as weak and effeminate unable to control bodily impulses or govern their wives As Drake shows these carnal caricatures served not only to emphasize religious difference between Christians and Jews but also to justify increased legal constraints and violent acts against Jews as the interests of Christian leaders began to dovetail with the interests of the empire Placing Christian representations of Jews at the root of the destruction of synagogues and mobbing of Jewish communities in the late fourth and early fifth centuries *Slandering the Jew* casts new light on the intersections of sexuality violence representation and religious identity *Children of Laughter and the Re-Creation of Humanity* Samuel J. Tedder, 2020-07-02 Paul's passionate Letter to the Galatians has occasioned various perspectives old new radical new apocalyptic etc for explaining Paul's defense of the truth of the gospel in it This book makes an audacious claim that the allegorical passage of 4:21-5:1 is the best vantage point for configuring Paul's theological vision and logic in the letter Offering a fresh approach for understanding Paul's allegorical practice it demonstrates how both the Abraham narrative and the book of Isaiah function as a formative matrix for Paul's theology With an in depth analysis of these scriptural texts Paul's two identifications for believers in Christ belonging to the Jerusalem above and being children of promise in the pattern of Isaac receive new clarity and precision The investigative journey in this book discusses key concepts and texts from Galatians and addresses questions concerning the shape of Paul's retelling of Israel's story in relation to Jews and Gentiles The result is a well grounded interpretation of Paul's conception of the gospel that made him new and continues to bring about new creation in our world *The Jewish World In Modern Times* Abraham J. Edelheit, Hershel Edelheit, 2019-09-10 The momentous events of modern Jewish history have led to a proliferation of books and articles on Jewish life over the last 350 years Placing modern Jewish history into both universal and local contexts this selected annotated bibliography organizes and categorizes the best of this vast array of written material The authors have included all English language books of major importance on world Jewry and on individual Jewish communities plus books most readily available to researchers and readers and a select number of pamphlets and articles The resulting bibliography is also a guide to recent Jewish historiography and research methods Biblical Studies/Cultural Studies J. Cheryl

Exum, Stephen D. Moore, 1998-11-01 Based on an international colloquium held at the University of Sheffield this collection represents the first book length encounter between biblical studies and the proliferating and controversial field of cultural studies A multidisciplinary team of contributors engage in a multifaceted examination of the Bible's place in culture ancient and modern high and low Contributors include Alice Bach Fiona Black Athalya Brenner Robert Carroll David Clines Margaret Davies Philip Davies Philip Esler Cheryl Exum Yael Feldman Jennifer Glancy Jan Willem van Henten David Jasper Francis Landy Barry Matlock Stephen Moore Hugh Pyper John Rogerson Regina Schwartz William Scott and Erich Zenger **Jews and Christians - Parting Ways in the First Two Centuries CE?** Jens Schröter, Benjamin A. Edsall, Joseph

Verheyden, 2021-08-23 The present volume is based on a conference held in October 2019 at the Faculty of Theology of Humboldt University Berlin as part of a common project of the Australian Catholic University the Katholieke Universiteit Leuven and the Humboldt University Berlin The aim is to discuss the relationships of Jews and Christians in the first two centuries CE against the background of recent debates which have called into question the image of parting ways for a description of the relationships of Judaism and Christianity in antiquity One objection raised against this metaphor is that it accentuates differences at the expense of commonalities Another critique is that this image looks from a later perspective at historical developments which can hardly be grasped with such a metaphor It is more likely that distinctions between Jews Christians Jewish Christians Christian Jews etc are more blurred than the image of parting ways allows In light of these considerations the contributions in this volume discuss the cogency of the parting of the ways model with a look at prominent early Christian writers and places and suggest more appropriate metaphors to describe the relationships of Jews and Christians in the early period **The Jewish Forum**, 1922 **The Apostle Paul in the Jewish Imagination** Daniel R.

Langton, 2010-03-22 The Apostle Paul in the Jewish Imagination is a pioneering multidisciplinary examination of Jewish perspectives on Paul of Tarsus Here the views of individual Jewish theologians religious leaders and biblical scholars of the last 150 years together with artistic literary philosophical and psychoanalytical approaches are set alongside popular cultural attitudes Few Jews historically speaking have engaged with the first century Apostle to the Gentiles The modern period has witnessed a burgeoning interest in this topic however with treatments reflecting profound concerns about the nature of Jewish authenticity and the developing intercourse between Jews and Christians In exploring these issues Jewish commentators have presented Paul in a number of apparently contradictory ways The Apostle Paul in the Jewish Imagination represents an important contribution to Jewish cultural studies and to the study of Jewish Christian relations **James and Paul** V. George Shillington, 2015-06-01 Recent interest in the person and work of James of Jerusalem and in the community he led has sometimes put the apostle Paul in a negative light a reversal of the more usual pattern in Protestantism Rather than exaggerating the opposition between these two figures V George Shillington seeks to understand them both without prejudice Examining what can be reconstructed of both men and their respective missions from our sources read critically

Shillington concludes that the tension between those missions indicates a conflict between different politics of identity A Special Illumination Rollan McCleary, 2017-07-28 Gay spirituality represents a hidden strand in Western thought that was only publically declared from the Gay Liberation of the 1970s Since coming out expressions of gay spirituality have proliferated in both number and diversity Beginning with gay theology within Christianity the phenomenon has now reached as far as Buddhism and neo paganism But so far critical analysis of the movement has been very limited largely because gay spirituality has been treated as a political and social movement arguing for rights and acceptance within religious circles A Special Illumination offers an indepth analysis and argues that gay spirituality should be placed at the heart of religion

Yearbook Central Conference of American Rabbis, 1905 Contains proceedings of annual conventions **Yearbook of the Central Conference of American Rabbis** Central Conference of American Rabbis, 1904 **Year Book of the Central Conference of American Rabbis**, 1905 **Year Book of the Central Conference of American Rabbis** Central Conference of American Rabbis, 1892 Containing the proceedings of the convention **Christian-Jewish Relations Through the Centuries** Stanley E. Porter, Brook W. Pearson, 2004-12-19 Christian Jewish relations have had changing fortunes throughout the centuries Occasionally there has been peace and even mutual understanding but usually these relations have been ones of tension often involving recrimination and even violence This volume addresses a number of the major questions that have been at the heart and the periphery of these tenuous relations through the years The volume begins with a number of papers discussing relations as Christianity emerged from and defined itself in terms of Judaism Other papers trace the relations through the intervening years And a number of papers confront issues that have been at the heart of the troubled twentieth century In all these papers address a sensitive yet vital set of issues from a variety of approaches and perspectives becoming in their own way a part of the ongoing dialogue *Paul against the Nations* Neil Elliott, 2023-11-10 Some of the most heated contests around the apostle Paul today concern the effort to understand him wholly within Judaism and the effort to interpret him over against the culture and ideology of the early Roman Empire Here Neil Elliott argues that these two conversations belong together and must be resolved together by understanding Paul as a Jew living out Israel's ancient hopes under the pressures of Roman imperial power *The Paul Quest* Ben Witherington III, 2001-10-22 Ben Witherington III examines the various profiles of the historical Paul that have been newly discovered revealing how a reacquaintance with the classical Roman world has filled in even more details of Paul's life and work

Radical Jew Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is actually remarkable. This extraordinary book, aptly titled "**Radical Jew**," written by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound impact on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
