New English Weekly & the New Age, 1934 *Radio Times*, 1970 **Media and Public Life** Everette E. Dennis, Robert W. Snyder, For over a decade the Media

Studies Journal has joined in the debate about the media and proposed solutions to problems that divide the media and the public. Its contributions by leading figures in print and other media have helped better professional, scholarly, and public understanding of the media's role in society. During this time, the world has experienced vast changes with the end of the cold war and the rise of democracies and market economies almost everywhere, conditions that have generally benefited freedom of expression. *Media and Public Life* is a retrospective of ten years of some of the most arresting published work derived from the *Media Studies Journal*. Some of the journal's most enduring essays appear in this volume. Among them are *How Vast the Wasteland Now* by Newton N. Minow, *In the South When It Mattered to Be an Editor* by Dudley Clendinen, *Seething in Silence: News in Black and White* by Ellis Cose, *Requiem for the Boys on the Bus* by Maureen Dowd, *The Flickering Images That May Drive Presidents* by Robert MacNeil, and *The Inevitable Global Conversation* by Walter B. Wriston. *Media and Public Life* reflects the diversity of issues and perspectives that has been a trademark of the *Media Studies Journal*. The chapters aptly depict the growing field of communication and media studies. Many ideas are taken into consideration, including the great functions of communication like information, opinion, entertainment, and publicity; trends such as news in the post-cold war period and specific industries such as radio and book publishing. Throughout the book, the consequences and impact of media institutions on society and public life are maintained. *Media and Public Life* will be of value to communications specialists, media studies scholars, and sociologists.

U2 and Philosophy Mark A. Wrathall, 2012-03-30. Is it possible to be a committed Christian and a rock superstar? Can political activists make good music? Do hugely successful rock bands really care about AIDS and poverty in Africa, or is it just another image-enhancing schtick? U2 and Philosophy ponders these and other seeming dichotomies in the career of the Irish supergroup. For over two decades, U2 has been one of the biggest acts in rock music. They've produced over a dozen platinum and multiplatinum records and won 15 Grammy Awards. Critics everywhere have praised the band's thoughtful, complex lyrics and the artistry of their music. At the same time, Bono, the group's lead singer, has dedicated himself to political and social causes, blurring the line between rock star and respected statesman. Offering fresh insight into the band's music and activism, these thought-provoking essays allow fans to discover philosophy through the eyes of U2 and rediscover U2 through the eyes of philosophers.
