Stegner said the national park is the best idea we ever had the rail trail is certainly a close runner up Part transportation
corridor part park the rail trail has revolutionized the way America creates high quality car free pathways for bicyclists
runners walkers equestrians and more It was only a few decades after railroad barons had run roughshod over America s
economy and politics that they began to shed nearly one hundred thousand miles of unneeded railroad corridor At the same
time bicyclists were being so thoroughly pushed off ever more intimidating roadways they came close to extinction Through
political organizing and lawyerly grit an unlikely formerly marginalized advocacy arose seized on seemingly worthless strips
of land and created a resource that is treasured by millions of Americans today for recreation purposeful travel tourism
conservation and historical interpretation From Rails to Trails is the fascinating tale of the rails to trails movement as well as

Barile,Jamie C. Brandon,2004-06-25 Discusses the concepts of home house and household in past societies Because
archaeology seeks to understand past societies the concepts of home house and household are important Yet they can be the
most elusive of ideas Are they the space occupied by a nuclear family or by an extended one Is it a built structure or the sum
of its contents Is it a shelter against the elements a gendered space or an ephemeral place tied to emotion We somehow
believe that the household is a basic unit of culture but have failed to develop a theory for understanding the diversity of
households in the historic and prehistoric periods In an effort to clarify these questions this volume examines a broad range
of households a Spanish colonial rancho along the Rio Grande Andrew Jackson s Hermitage in Tennessee plantations in South
Carolina and the Bahamas a Colorado coal camp a frontier Arkansas farm a Freedman s Town eventually swallowed by Dallas
and plantations across the South to define and theorize domestic space The essays devolve from many disciplines but all
approach households from an archaeological perspective looking at landscape analysis excavations reanalyzed collections or
archival records Together the essays present a body of knowledge that takes the identification analysis and interpretation of
households far beyond current conceptions *The Western Railroader, for the Western Railfan* ,1960 **Search for the**
