Railway King Of Canada Sir William Mackenzie 1849 1923:

The Railway King of Canada R. B. Fleming, 2007-10-01 During the first two decades of this century Sir William Mackenzie was one of Canada's best known entrepreneurs He Spearheading some of the largest and most technologically advanced projects undertaken in Canada he built a business empire that stretched from Montreal to British Columbia and to Rio de Janeiro and Sao Paulo in Brazil It included gas electric telephone and transit utilities railroads hotels and steamships as well as substantial coal mining whaling and timber interests But when he died in 1923 his estate was virtually bankrupt as a result of the dramatic collapse of his Canadian Northern Railway during the First World War In a business biography intended as much for general readers as for a scholarly audience Fleming offers a revisionist perspective on Mackenzie He dispels the simplistic approach of those historians and journalists who have depicted Mackenzie and his partner Sir Donald Mann as melodramatic crooks who could have stepped out of the pages of Huckleberry Finn The Railway King of Canada Rae Bruce Fleming, 1991 International Bibliography of Business History Francis Goodall, Terry Gourvish, Steven Tolliday, 2013-12-16 The field of business history has changed and grown dramatically over the last few years There is less interest in the traditional company centred approach and more concern about the wider business context With the growth of multi national corporations in the 1980s international and inter firm comparisons have gained in importance In addition there has been a move towards improving links with mainstream economic financial and social history through techniques and outlook The International Bibliography of Business History brings all of the strands together and provides the user with a comprehensive guide to the literature in the field The Bibliography is a unique volume which covers the depth and breadth of research in business history This exhaustive volume has been compiled by a team of subject specialists from around the world under the editorship of three prestigious business historians Canadian History: Confederation to the present Martin Brook Taylor, Doug Owram, 1994-01-01 In these two volumes which replace the Reader's Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover Toronto Sketches 3 Mike Filey, 1994-09 These are collections of Mike Fileys best work from his popular and long running Toronto Sun column The Way We Were **Railroad Nation** Carlos Arnaldo Schwantes, 2025-05-15 From passenger tickets wall calendars and advertising posters to train orders and bills of lading railroads have left a colorful paper trail across America In Railroad Nation historian Carlos Arnaldo Schwantes examines a fascinating array of these materials showcasing the railroad industry s incredible variety of eye catching illustrations to enliven their timetables and promotional brochures Schwantes traces the evolution of railroad commercial art from drab black and white broadsides and text only advertisements that the early railroads placed in local newspapers to the riotous m lange of color graphics in the early twentieth century when the visual appeal of public timetables and their thousands of different brochures enticed settlers to create farms ranches and towns alongside newly laid tracks Railroad Nation offers

readers an unparalleled look at the ephemera of the railroad industry highlighting the vibrant history of railroading in America through its rich tapestry of visual materials Finance, Politics, and Imperialism A. Dilley, 2011-12-15 Andrew Dilley offers a major new study of financial dependence examining the connections this dependence forged between the City and political life in Edwardian Australia and Canada mediated by ideas of political economy In doing so he reconstructs the occasionally imperialistic politic of finance which pervaded the British World at this time **Embattled Nation** Patrice Dutil, David MacKenzie, 2017-10-07 Embattled Nation explores Canada's tumultuous wartime election of 1917 and the people and issues that made it a pivotal moment in Canadian history Embattled Nation explores the drama of Canada's tumultuous election of 1917 In the context of the bloody battles of Vimy Ridge Hill 70 Passchendaele and of the Halifax explosion Sir Robert Borden's Conservative government introduced conscription and called for a wartime election Most Liberals led by Sir Wilfrid Laurier opposed compulsory military service while in Quebec a new movement emerged to contest the Canadian government's attitude and policy To survive and win the election Prime Minister Borden resorted to unprecedented measures that tested the fabric of Canadian democracy Canadian Railways 2-Book Bundle David R.P. Guay, 2016-07-16 Transportation history buffs rejoice Ride the rails and the waves in this special two book collection on the great railways from Canada's past Passenger and Merchant Ships of the Grand Trunk Pacific and Canadian Northern Railways The first detailed account of the rise and fall of the maritime branches of two of Canada's great transcontinental railways of the early twentieth century the Grand Trunk Pacific and Canadian Northern Great Western Railway of Canada It was one of the great railways that opened up Canada and played a huge role in the development of Hamilton the site of its head offices Yet the rise and fall of the Great Western Railway has been almost lost to memory David R P Guay provides the authoritative book of a great Canadian railway that history forgot The Prairie West: Historical Readings R. Douglas Francis, Howard Palmer, 1992 This collection of 35 readings on Canadian prairie history includes overview interpretation and current research on topics such as the fur trade native peoples ethnic groups status of women urban and rural society the Great Depression and literature and Passenger and Merchant Ships of the Grand Trunk Pacific and Canadian Northern Railways David R.P. art Guay, 2016-07-02 The first detailed account of the rise and fall of the maritime branches of two of Canada's great transcontinental railways of the early twentieth century the Grand Trunk Pacific and Canadian Northern The Thousandth Man Barry Cahill, Osqoode Society for Canadian Legal History, 2000-01-01 James McGregor Stewart 1889 1955 was perhaps the foremost Canadian corporate lawyer of his day He was also an appellate counsel venture capitalist Conservative Party fundraiser bibliographer of Rudyard Kipling and sometime university teacher of classics A leader of the bar in the inter war period he was the first Maritimer to serve as president of the Canadian Bar Association He distinguished himself mainly in constitutional cases before the Judicial Committee of the Privy Council During his career Stewart was also head of the leading law firm in eastern Canada now Stewart McKelvey Stirling Scales director and vice president of the Royal Bank of

Canada and senior counsel to the Royal Commission on Dominion Provincial Relations Above all Stewart was committed to the idea of law as a truly learned profession and to the bar as the most important legal institution. To this day no lawyer has held such prestige and power both within and outside Atlantic Canada in his time he was the only Maritime lawyer who gained full acceptance by every branch of the Canadian establishment Thematic rather that chronological in approach this fascinating legal biography provides both a history of a uniquely Canadian career and an interpretation of its significance for **A Thousand Blunders** Frank Leonard, 2011-11-01 During the first two decades of this century Stewart s time and ours the Grand Trunk Pacific Railway played an important part in the development of the north central corridor of British Columbia The GTP which ran from Winnipeg via the Yellowhead Pass and Edmonton to Prince Rupert on the northwest coast was built to supplant the Canadian Pacific line to Vancouver The B C line was the most expensive and least remunerative of its sections and contributed ultimately to the company's collapse in 1919 In A Thousand Blunders Frank Leonard looks at why the Road of a Thousand Wonders failed to live up to the expectations forecast by company president Charles M Hays and other senior managers Not only was the railway built through a sparsely settled region which generated little immediate traffic but its economic difficulties were also compounded by the numerous mistakes made by managers at all levels for example their failure to respond adequately to labour shortages caused serious delays and prevented the company from proving Prince Rupert as an effective alternative harbour before World War I broke out For this book Frank Leonard had access to a wealth of original documents among them the GTP legal department files providing him with insights into the decisions that formed the basis for policies in townsites and on Indian reserves A Thousand Blunders is a provocative account of one of the greatest failures in Canadian entrepreneurial history Richly detailed and thoroughly documented it makes an important contribution to the fields of railway and business history as well as to the study of the history of northern British Scrum Wars Allan Levine, 1996-08-08 The image of the scrum a beleaguered politican surrounded by jockeying Columbia reporters is central to our perception of Ottawa The modern scrum began with the arrival of television but even in Sir John A Macdonald's day a century earlier reporters in the parliamentary press gallery had waited outside the prime minister's office pen in hand hoping for a quote for the next edition The scrum represents the test of wills the contest of wits and the battle for control that have characterized the relationship between Canadian prime ministers and journalists for more than 125 years Scrum Wars chronicles this relationship It is an anecdotal as well as analytical account showing how earlier prime ministers like Sir John A Macdonald and Sir Wilfrid Laurier were able to exercise control over what was written about their administrators while more recent leaders like John Diefenbaker Joe Clark John Turner and Brian Mulroney often found themselves at the mercy of intense media scrutiny and comment Smart Globalization Andrew Smith, Dimitry Anastakis, 2014-02-24 Today s globalization debates pit neoliberals who favour even deeper integration into the global economy against neo mercantilists who call for a relatively selective approach to globalization and the return to more

interventionist industrial policies Both sides claim to have the facts on their side Inspired by the work of economists Ha Joon Chang and Dani Rodrik editors Andrew Smith and Dimitry Anastakis bring together essays from both historians and economists in this collection to test claims that wealth comes from either protectionism or free trade With empirical research that spans more than a century of Canadian history Smart Globalization demonstrates that Canada's success stemmed neither from complete openness to globalization or policies of isolation and self sufficiency From Oueenston to Kingston Ron Brown, 2010-05-31 Whether you hike bike ride the rails or drive the shore of Lake Ontario can yield a treasure trove of heritage sites and natural beauty if you know where to look Travel with Ron Brown as he probes the shoreline of the Canadian side of Lake Ontario to discover its hidden heritage Explore ghost ports forgotten coves historical lighthouses rumrunning lore and even the location of a top secret spy camp The area also contains some unusual natural features including a mysterious mountain top lake sand dunes and the rare albars of Prince Edward County From small communities to the megacity of Toronto history lives on in the buildings bridges canals rail lines and homes that have survived and in the stories both well known and long forgotten of the people and places no longer here In From Queenston to Kingston Ron Brown provides today s explorer s with a window into Ontario s not so distant past and shares a hope that in future progress and historical preservation go hand in hand Alan Bowker's Canadian Heritage 2-Book Bundle Alan Bowker, 2015-12-07 In this two book bundle Alan Bowker sheds new light on two subjects with a surprising connection the great Canadian writer Stephen Leacock and the rise of Canada on the world stage which Leacock profiled with keen wit and observational skill With Bowker as your guide explore what it was really like to live through the great upheaval that pushed Canada to come into its own on the world stage A Time Such as There Never Was Before Ottawa Book Award 2015 Shortlisted The years after World War I were among the most tumultuous in Canadian history a period of unremitting change drama and conflict They were in the words of Stephen Leacock a time such as there never was before The war had been a great crusade and its end was supposed to bring a world made new But the conflict had cost sixty thousand Canadian lives with many more wounded and had stirred up divisions in the young diverse country With Canada struggling to define itself labour farmers business the church social reformers and minorities all held extravagant hopes irrational fears and contradictory demands Whose hopes would be realized and whose dreams would end in disillusionment Which changes would prove permanent and which would be transitory A Time Such As There Never Was Before describes how this exciting period laid the foundation of the Canada we know today On the Front Line of Life In the last decade of his life Stephen Leacock turned to writing informal essays that blended humour with a conversational style and ripened wisdom to address issues he cared about most education literature economics Canada and its place in the world and to confront the joys and sorrows of his own life With an introduction that sets them in the context of his life thoughts and times these essays reveal a passionate intelligent personal Leacock against a backdrop of Depression and war finding hope and conveying the timeless message that only the human spirit can bring social

justice peace and progress **Relentless Change** Joe Martin, 2009-09-19 Casebooks in business history are designed to instruct students in classrooms and boardrooms about the evolution of business management The first casebook for the study of business history in a Canadian context Joseph E Martin s text will help students both in the classroom and the boardroom understand the Canadian economy and guide them in making sound decisions and contributing to a healthy growing economy Thirteen original case studies from the mid nineteenth to the twenty first centuries deal with different industry sectors as well as individual corporations and managers Overviews provide context by examining major public policy decisions and key developments in the financial system that have affected business practices Martin also presents eight original tables that trace the evolution of the 60 largest Canadian corporations between 1905 and 2005 Relentless Change is an invaluable resource for instructors and business students and clearly demonstrates how businesses are affected by the interaction of individual decisions policy changes and market trends From Telegrapher to Titan Valerie Knowles, 2004-03-01 Winner of the 2005 Ottawa Book Award for Non fiction the 2005 University of British Columbia Award for Best Canadian Biography and the Canadian Railroad Historical Association Award for Best Railway Book of the Year William Van Horne was one of North America's most accomplished men Born in Illinois in 1843 he became a prominent railway figure in the United States before coming to Canada in 1881 to become general manager of the fledgling Canadian Pacific Railway Van Horne pushed through construction of the CPR s transcontinental line and went on to become company president He also became one of Canada s foremost financiers and art collectors capping his career by opening Cuba s interior with a railway When Coal Was King John Hinde, 2011-11-01 The town of Ladysmith was one of the most important coal mining communities on Vancouver Island during the early twentieth century The Ladysmith miners had a reputation for radicalism and militancy and engaged in bitter struggles for union recognition and economic justice most notably the Great Strike of 1912 14 This strike one of the longest and most violent labour disputes in Canadian history marked a watershed in the history of the town and the coal industry This book explains the origins of the 1912 14 strike by examining the development of the coal industry on Vancouver Island the founding of Ladysmith the experience of work and safety in the mines the process of political and economic mobilization and how these factors contributed to the development of identity and community While the Vancouver Island coal industry and the strike have been the focus of a number of popular histories this book goes beyond to emphasize the importance of class ethnicity gender and community in creating the conditions for the emergence and mobilization of the working class population Informed by current academic debates on the matter and within the discipline this readable history takes into account extensive archival research and will appeal to historians and others interested in the history of Vancouver Island
