Books Out Loud ,2007 *Angel Whispers* Morgana Starr, 2013-08-01 Take a journey as the author reveals to you the realm of angels in existence since the creation of this world The book is divided into several segments 1 Archangel Anael tells the story of angels who choose to become embodied in order to help humans access their Divine gifts 2 Angelic parables 3 Contemplative Angelic Messages Daily Bread for journaling 4 Eight stories of encounters with angels from various authors 5 Channeled Angel messages from twelve Light workers complete this book This book is dedicated to help those who struggle to find balance in their lives Angelic energy is the strength of unconditional love in order to empower the human race with the infinite gifts of the Divine Morgana's path has led her to contact a world unseen and forgotten by modern humans to uncover a realm that has existed since the creation of this world *Angels Guide* Belinda Womack, 1997 The twelve archangels of the central soul are God's messengers bringing the message of ultimate freedom for all humanity This guide to angels includes a CD with music readings and guided meditations On the Other Side of the Rainbow Lonny Dargavel, 2018-06-29 The deaths of my parents on consecutive days and with the interference of the enemy caused extreme grief in my life It did however open the door of the spirit world for me in real very profound and personal manner In *On the Other Side of the Rainbow* I recount how my grief was transcended by remembering past readings and teachings to strengthen me and I came to develop abilities to perceive and experience my loved ones who were sharing time with me in the present The seeking to heal my soul also led me to connect with Jesus in a very real and personal way His friendship and mentorship has helped me to heal and develop spiritually He has also provided me with the protection I needed and he lifted

me up when I needed it and continues to daily Eventually we grew quite close as did my relationship with Mother Mary and Michael the archangel Without their divine help I am sure I could not have lasted in the face of the enemy Encounters with them as well as my loved ones on the other side of life have become normal occurrences I have also had encounters with other spiritual beings whom I consider allies such as Buddha Ganesh King David a fairy princess a British guard from Fort George during the 1812 War St Theresa St John Paul II and others It is especially interesting to see how my parents continued evolving once they reached the other side and how my spiritual growth and relationship with the Lord changed their course as well as my own Prior to my experiences with the Christian faith I had followed and had many other firsthand experiences that are based on truths that simply are Included in this are experiences with past lives and spiritualism as well as Buddhist teachings and Native American as well My personal experiences are based on truths and were a guided path that led to my development as a spiritual clairvoyant and light worker The book starts in more of the self help variety but soon evolves into a more complex novel that is experiential as well as unique as it embraces many teachings but is not confined by anything that is not based on truth It eventually broadens onto a serious journey with Christ but it does not leave out any past experiences and knowledge gained as a result of these truths It is not typical or confined by any religious teaching but it does not attempt to say they are not significance or important quite the opposite It is I believe a guided path from above that is meant to bring together many to break down walls not build them as what Jesus desires as are other teachers and great beings who work together to try to win this world away from the dark side and lead it into a world that desires light and welcomes it when it soon arrives I hope that my first book helps to achieve some of these Angels & Rainbows Wendy Rainbow,1998 **Working with Angels in Everyday Life** Carol May,2007-07 Rich with anecdotes meditations and cutting edge planetary information WORKING WITH ANGELS IN EVERYDAY LIFE brings a fresh perspective to the Angelic Human connection Carol not only introduces the various angels but indicates their jobs their appearance and how to attune with them She takes us between the dimensions to feel the love and purpose Angels and Humans are a team working together to advance the consciousness of Humanity Carol May enthuses They make our everyday life smoother help with choices and offer inspiration protection energy blessings and more Would you like to meet your 4 personal angels and understand how to contact them on an ongoing basis Are you curious about planetary angels such as The Devas from the Jade Temple or The Blue Ones Maybe you need the Angel s help to handle a current crisis or jumpstart a new business project Whatever you want to know about Angels this is the book for you This isn t an Angel book based on liturgical history or any religious belief system It is based on my energetic experience of universal love the defining relationship between what we know and what we feel The magic that exists inside each moment and the healing that happens when Angels and Humans work together consciously Based on her extensive work as an empath with the Angels Carol deftly introduces us to at least 20 Angels of importance including the Guardian Angels we all have the many ancient healing Angels the House deva even the Project
