The Mini-Cycle Allan Weiss, 2021-05-06 While scholars have been studying the short story cycle for some time now this book discusses a form that has never before been identified and named let alone analyzed the mini cycle A mini cycle is a short story cycle made up in most cases of only two or three stories This study looks at mini cycles spanning the period from Anton Chekhov s little trilogy 1898 to the Alphinland stories in Margaret Atwood s Stone Mattress 2014 including texts by such authors as Stephen Leacock Alice Munro Robert Olen Butler and Clark Blaise Consideration is also given to marginal examples like Sherwood Anderson s Godliness A Tale in Four Parts 1919 which can be seen as one story or four distinct texts unified under one title and to what is called the exploded mini cycle one whose component stories are published with

intervening stories between them rather than consecutively For each mini cycle the analysis is based on close reading of both the linking elements character imagery symbolism and so forth and the rhetorical and aesthetic effects of the mini cycle s being made up of distinct stories rather than constructed as one long narrative

A Path Called Compelling K. Bradley Watson,2023-04-12 While hiking in 2010 an ill advised off trail climb left debut author K Bradley Watson dangling precariously over the edge of a cliff Narrowly escaping disaster Watson then found himself lost in the woods bushwhacking for hours before he found his way out of a dense canyon forest The haphazard hiking moment became an epiphany for him underscoring the importance of following trails As in hiking so it is in life and faith to find our way we need the direction of a path to guide us In A Path Called Compelling Watson reimagines the Christian faith as the Jesus Path where three key events from Jesus s life birth baptism temptations are revealed to be more than events to believe in but a path meant to be entered travelled and lived Acting as an expedition guide raconteur and pastor Watson weaves masterful storytelling with thoughtful reflections on Scripture that will have readers chuckling to themselves in one moment while readying themselves to travel the Jesus Path in the next Fresh and urgent the book invites readers to rediscover faith as they walk and explore A Path Called Compelling

When Mockingbirds Sing Billy Coffey, 2013-06-11 Nine year old Leah's invisible friend seems harmless enough until she begins to paint the future Suddenly the townspeople are divided between those who see her as a prophet and those who fear the danger she represents Caught in the middle is Leah's agnostic father who clashes with a powerful town pastor over Leah's prophecies and what to do about them Leah is a child from Away isolated from her peers because of her stutter After her family moves to Mattingly she begins painting scenes that are epic in scope brilliant in detail and suffused with rich prophetic imagery When the event foreshadowed in the first painting dramatically comes true the town takes notice Leah attributes her ability to foretell the future to an invisible friend she calls the Rainbow Man Some of the townsfolk are enchanted with her Others fear her But there is one thing they all agree on there is no such thing as the Rainbow Man The town minister is unraveled by the notion that a mere child with no formal training may be hearing from God more clearly than he does While the town bickers over what to do with this strange child the content of Leah's paintings grows darker Still Leah insists that the Rainbow Man's heart is pure Then a dramatic and tragic turn of events leaves the town reeling and places everyone's lives in danger The people of Mattingly face a single choice will they cling to what they know or embrace the things Leah believes in that cannot be seen Supernatural standalone novel Includes discussion questions for book clubs
