

God makes RAINBOWS

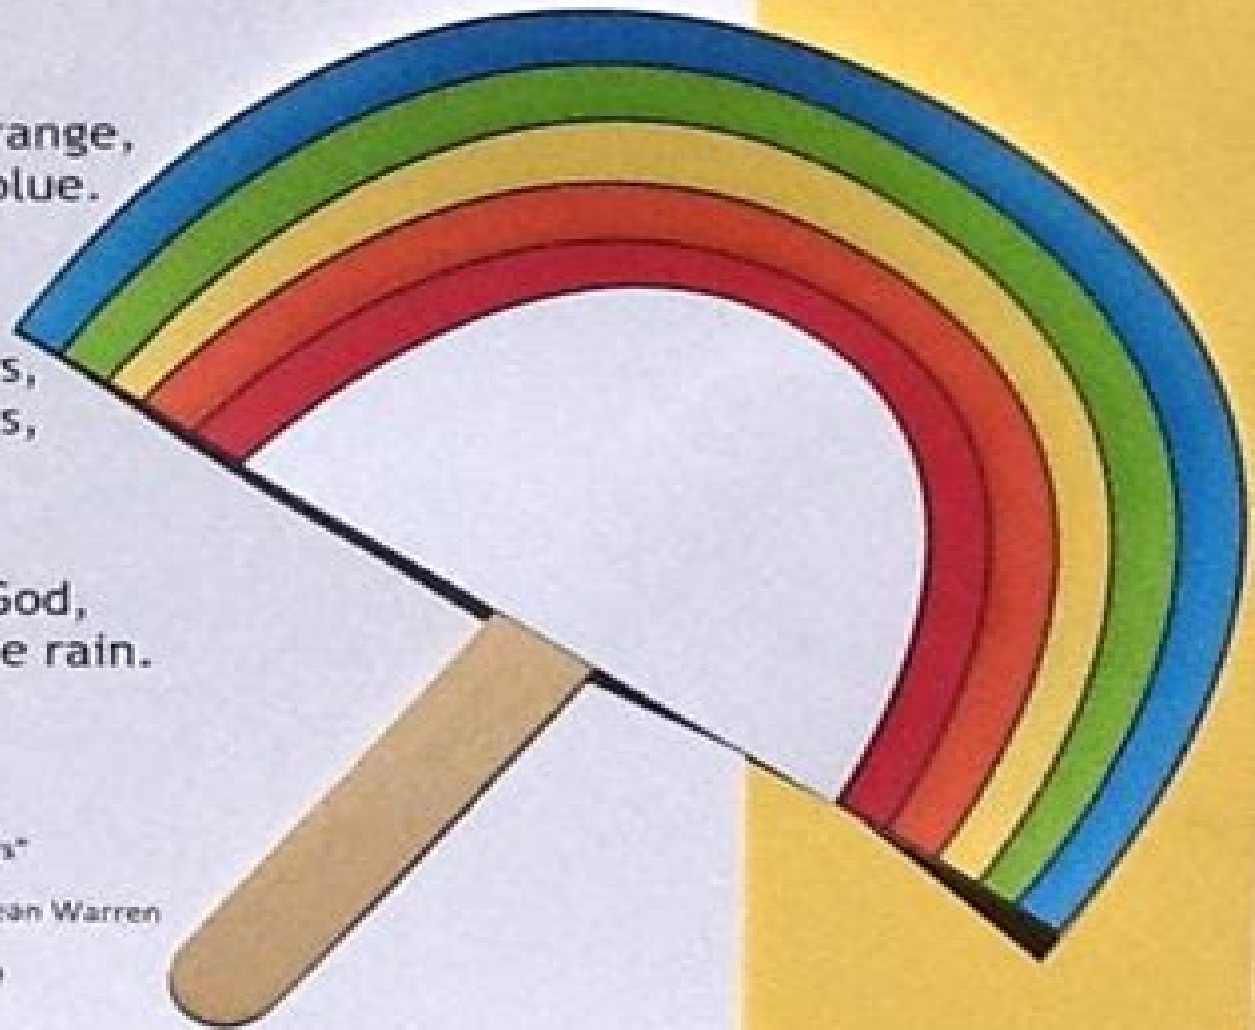

Tune: "Frere Jacques"

God makes rainbows,
God makes rainbows,
Way up high
In the sky.

They are red and orange,
Yellow, green and blue.
Purple, too.
What a view!

God makes rainbows,
God makes rainbows,
Way up high
In the sky.

They are made by God,
Shinning through the rain.
What a view
In skies so blue!

encountered alongside their grief throughout the years since their son's passing. In sharing their grief they reveal how it has affected them as individuals, as a couple, as parents, and the relationships with their family, friends, and with fellow grieving parents. As the passing of their son forces them to come to terms with their new normal, their lives continue to move forward as does their grief journey. Through the years they are confronted with many of life's struggles and challenges, many of which allow them to find eventual acceptance in living with the never-ending emotions for the son they will always grieve for. By relying on each other, their family, friends, and most importantly on their faith, they find comfort and peace by leaning heavily on the Lord and trusting in the plans and purpose he has set for them. Not lost on the author is the reality that many of the experiences shared in this story have also been experienced by other grieving parents. Though not intended to be a "How to get through grief" story, if for no other reason, this story allows other grieving parents and those who love them to know that they are not alone.

The Great American Songbook Steven Suskin, 2023-04-01 In an age of ubiquitous music and countless new songs releasing every minute, the Great American Songbook endures. After all, the Songbook, that sprawling canon of popular songs, standards, and show tunes from roughly the 1920s through the 1950s, is a foundational text of American pop music. Rare indeed is the song that doesn't in some way draw on this magnificent corpus, and rare is the person who hasn't heard at least a few of its most enduring melodies. Nonetheless, the Songbook is broader and deeper than most listeners can imagine, and on the margins, the question of whether this or that song should be included is the source of regular arguments among scholars and buffs alike. Attempting to plumb its depths can be a daunting prospect. Enter Steven Suskin, who has been writing about music since the days that Rodgers, Arlen, and Berlin still roamed the streets of Manhattan. In this carefully curated and cheerfully opinionated guidebook, Suskin surveys 201 of the most significant selections from the Songbook, ranging from celebrated masterpieces to forgotten gems. Year by year, he puts songwriters and their contributions in their context and explains what makes each song such a distinctive treat, whether felicitous melody, colorful harmony, compositional originality, or merely the sheer irreducible joy of listening to it. Old and new favorites await all readers of this painstakingly compiled, enthusiastically written catalog.

The Giant Encyclopedia of Circle Time and Group Activities for Children 3 to 6 Kathy Charner, 1996 Contains more than six hundred circle time and group activities designed by teachers to use with children three to six years old, each including a suggested age, a list of materials, and step-by-step directions, and features lists of related books, songs, and poems.

Song of the Season Thomas Hischak, 2024-03-21 What links the popular songs "You'll Never Walk Alone," "Send in the Clowns," "Memory," and "I Am What I Am"? They all originated in Broadway musicals. "Song of the Season" is for those who believe that the score is at the heart of a musical and is the essential building block on which the rest of a show is built. Through a systematic historical survey from 1891 to 2023, it argues that the best musicals survive because of their songs, from early 20th-century classics such as "Show Boat" and "Oklahoma!" through to the contemporary sound of "Dear Evan Hansen" and "Hamilton." Looking at outstanding songs from each Broadway season, the development and history of the

musical is illustrated with a fresh perspective As song styles and popular music tastes changed throughout the decades this structure charts the progress of American showtunes alongside popular music forms as songs evolved from the waltz and ragtime to jazz rock rap and hip hop Factual analysis and historical context combine to offer a rich picture of the American songbook from Irving Berlin to Elton John Song of the Season paints a fresh picture for musical theatre students and fans alike illustrating significant changes in the form through the music Analyzed in an accessible and engaging way that doesn't rely on music theory knowledge and including a link to playlist where all the songs of the seasons can be listened to it is a must have for those looking to expand their knowledge of the form and trace the social history of the American showtune
