are always new Each month brings surprises expected or not the blossoming of the wild red flower currant in March the appearance of a pod of killer whales in July Mrs Heckman s gift to the reader as in all of the best nature writing is to let us see it through her eyes as if never seen before But the developers have arrived and the natural world of the Island is as threatened as the way of life of its people Mrs Heckman knows that Anderson Island is not the Grand Canyon that its destruction will never arouse great public indignation but while it exists as one of the little wild places she is able to share it and her love for it
