The Desert Smells Like Rain remains a classic work about nature how to respect it and what transplants can learn from the longtime residents of the Sonoran Desert the Tohono O odham people In this work Gary Paul Nabhan brings O odham voices to the page at every turn He writes elegantly of how they husband scant water supplies grow crops and utilize edible wild foods Woven through his account are coyote tales O odham children s impressions of the desert and observations of the political problems that come with living on both sides of an international border Nabhan conveys the everyday life and extraordinary perseverance of these desert people This edition includes a new preface written by the author in which he reflects on his gratitude for the O odham people who shared their knowledge with him He writes about his own heritage and connections to the desert climate change and the border He shares his awe and gratitude for O odham writers and storytellers who have been generous enough to share stories with those of us from other cultural traditions so that we may also respect and appreciate the smell of the desert after a rain Longtime residents of the Sonoran Desert the Tohono O odham people have spent centuries living off the land a land that most modern citizens of southern Arizona consider totally inhospitable Ethnobotanist Gary Nabhan has lived with the Tohono O odham long known as the Papagos observing the delicate balance between these people and their environment Bringing O odham voices to the page at every turn he writes

elegantly of how they husband scant water supplies grow crops and utilize wild edible foods Woven through his account are coyote tales O odham children s impressions of the desert and observations on the political problems that come with living on both sides of an international border Whether visiting a sacred cave in the Baboquivari Mountains or attending a saguaro wine drinking ceremony Nabhan conveys the everyday life and extraordinary perseverance of these desert people in a book that has become a contemporary classic of environmental literature *Neither Wolf Nor Dog* David Rich Lewis,1994-10-06

During the nineteenth century Americans looked to the eventual civilization and assimilation of Native Americans through a process of removal reservation and directed culture change Policies for directed subsistence change and incorporation had far reaching social and environmental consequences for native peoples and native lands This study explores the experiences of three groups Northern Utes Hupas and Tohono O odhams with settled reservation and allotted agriculture in the nineteenth and twentieth centuries Each group inhabited a different environment and their cultural traditions reflected distinct subsistence adaptations to life in the western United States Each experienced the full weight of federal agrarian policy yet responded differently in culturally consistent ways to subsistence change and the resulting social and environmental consequences Attempts to establish successful agricultural economies ultimately failed as each group reproduced their own cultural values in a diminished and rapidly changing environment In the end such policies and agrarian experiences left Indian farmers marginally incorporated and economically dependent *Scientists and Storytellers* Catherine Jane Lavender,2006

The work of four early women ethnographers Elsie Clews Parsons Ruth Benedict Gladys Reichard and Ruth Underhill and their emphases on women s roles in Southwestern Indian cultures *The Columbia Guide to American Indians of the Southwest* Trudy Griffin-Pierce,2010-06-08

A major work on the history and culture of Southwest Indians The Columbia Guide to American Indians of the Southwest tells a remarkable story of cultural continuity in the face of migration displacement violence and loss The Native peoples of the American Southwest are a unique group for while the arrival of Europeans forced many Native Americans to leave their land behind those who lived in the Southwest held their ground Many still reside in their ancestral homes and their oral histories social practices and material artifacts provide revelatory insight into the history of the region and the country as a whole Trudy Griffin Pierce incorporates her lifelong passion for the people of the Southwest especially the Navajo into an absorbing narrative of pre and postcontact Native experiences She finds that even though the policies of the U S government were meant to promote assimilation Native peoples formed their own response to outside pressures choosing to adapt rather than submit to external change Griffin Pierce provides a chronology of instances that have shaped present day conditions in the region as well as an extensive glossary of significant people places and events Setting a precedent for ethical scholarship she describes different methods for researching the Southwest and cites sources for further archaeological and comparative study Completing the volume is a selection of key primary documents literary works films Internet resources and contact information for each Native

community enabling a more thorough investigation into specific tribes and nations The Columbia Guides to American Indian History and Culture also include The Columbia Guide to American Indians of the Great Plains Loretta Fowler The Columbia Guide to American Indians of the Northeast Kathleen J Bragdon The Columbia Guide to American Indians of the Southeast Theda Perdue and Michael D Green **Religion and Sustainable Agriculture** Todd LeVasseur, Pramod Parajuli, Norman Wirzba, 2016-10-21 Distinct practices of eating are at the heart of many of the world's faith traditions from the Christian Eucharist to Muslim customs of fasting during Ramadan to the vegetarianism and asceticism practiced by some followers of Hinduism and Buddhism What we eat how we eat and whom we eat with can express our core values and religious devotion more clearly than verbal piety In this wide ranging collection eminent scholars theologians activists and lay farmers illuminate how religious beliefs influence and are influenced by the values and practices of sustainable agriculture Together they analyze a multitude of agricultural practices for their contributions to healthy ethical living and environmental justice Throughout the contributors address current critical issues including global trade agreements indigenous rights to land and seed and the effects of postcolonialism on farming and industry Covering indigenous Buddhist Hindu Christian Muslim and Jewish perspectives this groundbreaking volume makes a significant contribution to the study of ethics and agriculture

Border Citizens Eric V. Meeks, 2019-11-15 In Border Citizens historian Eric V Meeks explores how the racial classification and identities of the diverse indigenous mestizo and Euro American residents of Arizona's borderlands evolved as the region was politically and economically incorporated into the United States First published in 2007 the book examines the complex relationship between racial subordination and resistance over the course of a century On the one hand Meeks links the construction of multiple racial categories to the process of nation state building and capitalist integration On the other he explores how the region's diverse communities altered the blueprint drawn up by government officials and members of the Anglo majority for their assimilation or exclusion while redefining citizenship and national belonging The revised edition of this highly praised and influential study features dozens of new images an introductory essay by historian Patricia Nelson Limerick and a chapter length afterword by the author In his afterword Meeks details and contextualizes Arizona's aggressive response to undocumented immigration and ethnic studies in the decade after Border Citizens was first published demonstrating that the broad based movement against these measures had ramifications well beyond Arizona He also revisits the Yaqui and Tohono O'odham nations on both sides of the Sonora Arizona border focusing on their efforts to retain extend and enrich their connections to one another in the face of increasingly stringent border enforcement [How Mockingbirds Are](#) Donald Bahr, 2011-06-24 The power of mockingbirds and the enduring significance of indigenous ceremonial speeches are deftly revealed in this brilliant analysis of ritual orations created and delivered by the O'odham people also known as the Pima Papago Making their homes along the Akimel rivers and across the arid expanses and mountains of the desert of southern Arizona and northern Sonora the O'odham people traditionally lived in small villages with scattered brush walled

round houses Public ceremonies involved many villages and centered around small brush walled rainhouses One hundred years ago two very different versions of a speech delivered during rain ceremonies were heard at these rainhouses The Pimas Akimel O odham told of nearly silent and stately events the calming of a heaving earth the building of a house on the stilled land the breathing out of smoke and the coming of gentle rain In marked contrast the Papagos Tohono O odham told of how raucous drunken people caused clouds to rise and explode with rain like vomiting drunks Both stories featured mockingbirds and both involved the coming of rain Today the gentler Pima version is extinct while the wilder Papago story endures Why Drawing upon a rich reservoir of O odham oral traditions and ceremonial performances a meticulous deciphering of particular texts and an insightful assessment of the impact of Christianity upon the O odham people Donald Bahr offers a brilliant analysis of why some indigenous stories cease to be relevant and told The clues lie in the very different trajectories of the Pima and Papago communities in the late nineteenth and twentieth centuries trajectories resulting in part with how Christianity fared in the respective communities

O'odham Creation and Related Events Donald M. Bahr, 2016-12-01 The origin stories of the O odham Pima Indians of Arizona are renowned for their beauty and complexity but have been collected in only a handful of books This volume the third full O odham telling of ancientness to appear in print brings together dozens of stories collected in 1927 by anthropologist Ruth Benedict during her only visit to the Pimas Never before published they helped inspire Benedict to write her groundbreaking book Patterns of Culture The Pimas represented a way of life that Benedict at first called Dionysian after hearing the stories narratives songs and oratory collected from various tellers during her three month stay The oral literature concerns the creation of the world and its transformations over time the creation of the O odham people and other cultural traditions Featuring a pair of man gods a female monster born of woman and a conquest of Pimas by Pimas they serve to mark the O odham as a people distinct from their neighbors near and far The present volume contains more stories than any other source of Pima tales plus more of the songs and orations that accompanied a telling It includes The Rafter a host of ancillary stories numerous Coyote tales and additional speeches tied to the narratives of ancientness One long story The Feud found only in this collection shows similarities to the Maya Popol Vuh Donald Bahr a preeminent authority on the O odham has not only clarified the text but has also written an introduction that provides the background to the collection and analyzes Benedict's probable reasons for never having published it He has also included a previously unpublished text by Benedict Figures of Speech among the Pima O odham Creation and Related Events represents an invaluable sourcebook of a people's oral literature as well as a tribute to a singular scholar's dedication and vision

The Wind Doesn't Need a Passport Tyche Hendricks, 2010 There are other books dealing with life at the border but none as intelligent searching objective or encompassing as Tyche Hendricks vivid evocation of this region its people its landscape its industry its problems and its unique culture Peter Schrag author of Not Fit for Society Immigration and Nativism in America This vivid evocative book made me think of the Robert Frost line Something there is that doesn't love a

wall Tyche Hendricks multilayered portrait of the human communities that transcend the U S Mexico border should remind us all of what an artificial thing barriers fences and checkpoints are Maybe just maybe someday we like so much of western Europe can do without them Adam Hochschild author of *Bury the Chains* This is an ambitious undertaking and Hendricks excels finding stories along the way that illustrate the clash between within and along that nearly 2 000 mile stretch of territory Her reporting illustrates that for many U S Mexico border residents the international bridge is something you cross on your way to visit family shop for groceries get to a doctor or work Macarena Del Rocio Hernandez University of Houston Dear President Obama next time you are at Camp David spend a couple of hours reading *The Wind Doesn't Need a Passport* While the Health Care overhaul may well come to define your presidency immigration will define the future of our country In this marvelous book rigorously grounded smartly argued beautifully crafted Tyche Hendricks captures in stories of biblical proportion the contours of the magical line that at once unites us and divides us as Americans and as neighbors of our indispensable partner in the South Ms Hendricks's book *Mr President* will remind you just what is at stake in getting immigration reform right All Californians Texans and Arizonians who think they know the border should read this book It is essential reading for our times Marcelo M Suarez Orozco Fisher Membership Fellow Institute for Advanced Study and co author of *Latinos Remaking America*

Native Peoples of the Southwest Trudy Griffin-Pierce, 2000-09 A comprehensive guide to the historic and contemporary indigenous cultures of the American Southwest intended for college courses and the general reader

Gift of the Desert Dog Robert L. Hunton, 2010-11 A twelve year old Tohono O odham boy and his grandfather embark on a hazardous journey across Arizona's borderland desert to the summit of legendary Baboquivari Peak to seek the spirits of their ancestors Treacherous mountain passes ruthless drug smugglers and the mystery of ancient petroglyphs prove the ultimate test of their dedication to one another on a quest to the place where I itoi the first O odham walked Mother Earth

Disruptive Voices and the Singularity of Histories Regna Darnell, Frederic W. Gleach, 2019-11-01 Histories of Anthropology Annual presents diverse perspectives on the discipline's history within a global context with a goal of increasing awareness and use of historical approaches in teaching learning and conducting anthropology The series includes critical comparative analytical and narrative studies involving all aspects and subfields of anthropology Volume 13 *Disruptive Voices and the Singularity of Histories* explores the interplay of identities and scholarship through the history of anthropology with a special section examining fieldwork predecessors and indigenous communities in Native North America Individual contributions explore the complexity of women's history indigenous history national traditions and oral histories to juxtapose what we understand of the past with its present continuities These contributions include Sharon Lindenburger's examination of Franz Boas and his navigation with Jewish identity Kathy M Closkey's documentation of Navajo weavers and their struggles with cultural identities and economic resources and demands and Mindy Morgan's use of the text of Ruth Underhill's O odham study to capture the voices of three generations of women ethnographers Because this work bridges

anthropology and history a richer and more varied view of the past emerges through the meticulous narratives of anthropologists and their unique fieldwork ultimately providing competing points of access to social dynamics This volume examines events at both macro and micro levels documenting the impact large scale historical events have had on particular individuals and challenging the uniqueness of a single interpretation of the same facts **Native America in the Twentieth Century** Mary B. Davis,2014-05-01 First Published in 1996 Articles on present day tribal groups comprise more than half of the coverage ranging from essays on the Navajo Lakota Cherokee and other large tribes to shorter entries on such lesser known groups as the Hoh Paugusett and Tunica Biloxi Also 25 includes maps At the Border of Empires Andrae M. Marak,Laura Tuennerman,2013-03-14 The border between the United States and Mexico established in 1853 passes through the territory of the Tohono O odham peoples This revealing book sheds light on Native American history as well as conceptions of femininity masculinity and empire Wings in the Desert Amadeo M. Rea,2022-04-12 There is a common but often unspoken arrogance on the part of outside observers that folk science and traditional knowledge the type developed by Native communities and tribal groups is inferior to the formal science practiced by Westerners In this lucidly written and humanistic account of the O odham tribes of Arizona and Northwest Mexico ethnobiologist Amadeo M Rea exposes the limitations of this assumption by exploring the rich ornithology that these tribes have generated about the birds that are native to their region He shows how these peoples observational knowledge provides insights into the behaviors mating habits migratory patterns and distribution of local bird species and he uncovers the various ways that this knowledge is incorporated into the communities traditions and esoteric belief systems Drawing on more than four decades of field and textual research along with hundreds of interviews with tribe members Rea identifies how birds are incorporated both symbolically and practically into Piman legends songs art religion and ceremonies Through highly detailed descriptions and accounts loaded with Native voice this book is the definitive study of folk ornithology It also provides valuable data for scholars of linguistics and North American Native studies and it makes a significant contribution to our understanding of how humans make sense of their world It will be of interest to historians of science anthropologists and scholars of indigenous cultures and folk taxonomy **Michael Chiago** Michael Chiago,Amadeo M. Rea,2022-08-30 This book offers an artistic depiction of O odham lifeways through the paintings of internationally acclaimed O odham artist Michael Chiago Sr Ethnobiologist Amadeo M Rea collaborated with the artist to describe the paintings in accompanying text making this unique book a vital resource for cultural understanding and preservation A joint effort in seeing this work explores how the artist sees and interprets his culture through his art A wide array of Chiago s paintings are represented in this book illustrating past and present Akimel O odham and Tohono O odham culture The paintings show the lives and traditions of O odham people from both the artist s parents and grandparents generations and today The paintings demonstrate the colonial Spanish Mexican and Anglo American influences on O odham culture throughout the decades and the text explains how wells

and windmills schools border walls and nonnative crops have brought about significant change in O odham life The paintings and text in this book beautifully depict a variety of O odham lifeways including the striking Sonoran Desert environment of O odham country gathering local foods and cooking meals shrines ceremonies dances and more By combining Chiago s paintings of his lived experiences with Rea s ethnographic work this book offers a full colorful and powerful picture of O odham heritage culture and language creating a teaching reference for future generations
