The Journal of Transpersonal Psychology ,1991 **The Cumulative Book Index** ,1992 A world list of books in the English language **Forthcoming Books** Rose Army,1992 **The Health Book (Translated)** Peter Deunov,Beinsa Douno,2022-06-16 This book is compiled by a group of disciples using excerpts from Master Peter Deunov s lectures The recommendations collected over the years are addressed to listeners of different inspirations They have been grouped according to a logical organization so as to prioritize the accuracy of the original texts scattered in different books at the risk of repetition rather than depriving readers of in depth and more complete information Repetition itself constitutes a pedagogical method In order to respect the integrity of the Master s thought we considered it preferable not to disassociate the principles of high spirituality from the practice of daily life We entrust to everyone s attention and spiritual openness the putting into practice of this immemorial wisdom that was already expressed with a wide profusion of knowledge at the beginning of the 20th century The ultimate goal is the reconciliation of man with the divine in him the basis of a path to a better existence in accordance with the laws of Nature in order to understand the causes of his illnesses and to find the means of healing best suited to man today _____ All divine creation exists in miniature in man Each man is like a string on the divine instrument on which unseen entities play with their bows Man s body is the result of the divine energy that created today s human organism Man possesses twelve bodies but for the time being only four are in operation the physical body the astral body or emotion body the mental body and a fourth named the causal body The other eight subtle bodies are still in the embryonic state but they will manifest in the future When man reaches the spiritual world four other bodies will manifest and when he enters the divine world the other four bodies will develop Each will develop and manifest at

the right time The human soul possesses its own specific body through which it can elevate and glorify itself This body is so plastic so well made that it is capable of shrinking or enlarging It is precisely this body that builds the physical body as well as all other bodies The intellect and heart are as important as the physical body The latter represents the base in the bosom of which man draws his life forces The physical body represents a divine garment that is constantly being renewed It changes every seven years Because of this permanent renewal man is healthy full of energy and well being At present our spiritual body is in formation as it is not completed the forehead nose mouth bones skull brain hands are not yet fully processed The astral hand is in the process of forming The astral substance is condensing preparing for a higher purer life At present it resembles something fluidic liquid like Man is shaped like a cone wider at the top at shoulder level narrower at the bottom This testifies to his descent into the physical world that is the material world **Spiritual Nutrition** Mike

HEALTH DISCLOSURE Adam Masters,2013-10 A team of doctors and I figured out how to eliminate pain inflammation obesity disease and cancer to 5 basic elements of health arranged as a pyramid of priorities Pain inflammation and unhealthy weight are simply precursors to disease and obesity arranged in a sequence that begin at the precise point where 1 or more of the 5 imbalances occur All are symptoms of inflammation all are caused by imbalances in the pyramid I call the Matrix Where you are in the Matrix is measured by pH 7.2 being perfect By using the Matrix for anyone for any condition reverses and accelerates recovery past the point of curing to a point of thriving It makes pain inflammation obesity disease medication cancer and for most mental illness irrelevant That pyramid is the fulcrum point from where the sequence of obesity and disease begins You can stop and reverse ill health in its tracks by balancing the 5 elements at any point Blood only becomes alkaline pH 7.0-7.2 absent of inflammation to sustain life PH is the report card of the 5 elements that make up the Matrix pyramid of patient health The Matrix is the roadmap and the sequence is the path The difference between existing in a hospital bed requiring a walker living with a sore back to thriving can be manipulated by how much you invest in optimizing the 5 elements The easy part is prevention and cure for anyone of any disease Optimization and thriving is where this book wants to take you Profit has no incentive to change since profit is working well for individuals that currently control the system and doctors cant disclose this information without repercussions The trouble with the health care system is that it is driven by profit and not by incentive for cures Trauma care trained doctors are practicing health care and the symptom is sick care Treating symptoms intensifies problems because it ignores the factor of time Health Disclosure is about health care for the 21st century and its about time
