Boardman, 2016-12-31 What is an apologetic Simply put an apologetic is an argument meant to persuade Trial lawyers use apologetics every day to persuade juries and judges to adopt their point of view But we too are exposed to apologetics everyday as we listen to advertising touting one product over another or as we listen to our lawn care provider explain why we should continue using him to mow our lawn and trim our shrubs instead of a cheaper company down the street No high theology to be found here To the contrary this course arms Catholics both young and old with easy to understand basics necessary to defend their Catholic Faith and to comfortably share this faith with others If you are just beginning your walk as a newly committed Catholic or if you are a Cradle Catholic

to whom the basic ways of the faith have become foggy this course is for you

Family Secrets Gloria González-López, 2017-06-20 Real personal accounts of sixty Mexican women and men affected by incest and sexual violence In Family Secrets Gloria González-López tells the life stories of women and men in Mexico whose lives were irrevocably changed in the wake of childhood and adolescent incest In Mexico a patriarchal religious society where women are expected to make themselves sexually available to men and where same sex experiences for both women and men bring great shame incest is easily hidden seldom discussed and rarely reported to authorities Through a gripping emotional narrative González-López brings the deeply troubling hidden and unspoken issues of incest and sexual violence in Mexican families to light She contends that family and cultural structures in Mexican life enable incest and the culture of silence that surrounds it She examines the strong bonds of familial obligation between parents and children brothers and sisters and elders and youth that in the case of incest can morph into sexual obligation the codes of honor and shame reinforced by tradition and the Church discouraging openness about sexual violence and trauma and the double standards of morality and stereotypes about sexuality that leave girls and women and gender nonconforming boys and men especially vulnerable to sexual abuse A riveting account Family Secrets turns a feminist and sociological lens on a disturbing issue that has gone unnoticed for far too long

Olson, 2012-08-21 Does modernization lead to the decline of religion This question lies at the centre of a key debate in the sociology of religion During the past decade American scholars using primarily American data have dominated this debate and have made a strong case that the answer to this question is no Recently however a new crop of European scholars working with new sources of European data have uncovered evidence that points toward an affirmative answer This volume pays special attention to these trends and developments to provide the reader with a more well rounded understanding of the many ways in which religion interacts with modernization Respected scholars such as David Voas Steve Bruce and Anthony Gill examine modern societies across the world in this splendid book which will interest sociologists political scientists historians and theologians in equal measure From Jesus to J-Setting Sandra Lynn Barnes, 2023-09-15 From Jesus to J-Setting details the experiences of Black people with diverse sexual identities from ages eighteen to thirty years old The work examines how the intersection of racial sexual gender and religious identities influence self expression and lifestyle modalities in this understudied often hidden population by exploring how racial sexual and religious dynamics play out Voices in the book illuminate a continuum of decisions from more traditional i.e. Black church participation to nontraditional i.e. dancing known as J-Setting and spirituality and the corresponding beliefs values and experiences that emerge under the ever present specter of racism homophobia heterosexism and for many ageism Drawing upon sociology sociology of religion black

Scott Dixon, Dagmar Freist, Mark Greengrass, 2009 Drawing together a number of case studies from diverse parts of Europe Living with Religious Diversity in Early Modern Europe explores the processes involved with groups of differing religious confessions living together sometimes grudgingly but often Crabgrass Catholicism Stephen M. Koeth, 2025-08-19 How suburbanization was a crucial catalyst for reforms in the Catholic Church The 1960s in America were a time of revolt against the stifling conformism embodied in the sprawling uniform suburbs of the 1950s Typically the reforms of the Catholic Church's Second Vatican Council which aimed to make the Church more modern and accessible are seen as one result of that broader cultural liberalization Yet in Crabgrass Catholicism Stephen M Koeth demonstrates that the liberalization of the Church was instead the product of the mass suburbanization that began some fifteen years earlier Koeth argues that postwar suburbanization revolutionized the Catholic parish the relationship between clergy and laity conceptions of parochial education and Catholic participation in US politics and thereby was a significant factor in the religious disaffiliation that only accelerated in subsequent decades A novel exploration of the role of Catholics in postwar suburbanization Crabgrass Catholicism will be of particular interest to urban historians scholars of American

Catholicism and religious studies and Catholic clergy and laity Whither the Child? Eric P. Kaufmann, W. Bradford Wilcox, 2015-11-19 Birth rates are falling and fertility rates are well below replacement levels At the same time the economic crisis has forced governments to scale back public spending reduce child support and raise the retirement age causing immense social conflict Taking a step outside the disciplinary comfort zone Whither the Child asks how demography affects individuals and society What does it feel like to live in a low fertility world What are the consequences Is there even a problem economically culturally and morally No other book confronts so many dimensions of the low fertility issue and none engage with the thorny issues of child psychology parenting family and social policy that are tackled head on here
