Ring Of Words An Anthology Of Poetry For Children:

The Ring of Words Roger McGough, 2007 Roger McGough's *The Ring of Words* is a perfect introduction to the pleasures of poetry. His selection is wonderfully varied, drawing on classic and contemporary poets and illustrating if there were any doubters just how relevant poetry is to our lives. The poems are in one way or another about growing up, placing ourselves in the world around us and discovering the imaginative world in our own heads. There are poems of exhilaration and poems of sadness, poems that ambush us with the unexpected and make us think about something all over again, and poems that make us laugh out loud. Whether about secret passions or shared enthusiasms, dreams of escape or longing for home, each of the poems has its own ring of truth which will resound in readers of all ages. The book has been beautifully illustrated by Satoshi Kitamura, whose distinctive and quirky style makes the book a feast for the eye as well as the ear.

Teaching Poetry in the Primary Classroom Gervase Phinn, 2009-01-05 When asked by the school inspector what he thought of poetry, an eleven-year-old replied that it's all 'la dida and daffodils' isn't it? In his primary school, the boy had come across very little poetry apart from nursery rhymes, snatches of rhyming verse and a few comic pieces and nonsense poems. Poetry to him was something arcane, not really related to his own life. He had studied no powerful, challenging, contemplative, arresting, quirky poems and had written very few poems himself. His teacher admitted that he was no English specialist, had received few ideas at college on the teaching of poetry and didn't really know where to start. As children progress through the primary school, they need to be exposed to a rich diet of poetry and encouraged to read, perform and write it themselves. Providing a varied and stimulating environment is essential if it is to flourish. In addition, children need specific guidance and ideas to start them off writing their own poems. This book, written by a former teacher and school inspector and popular and widely published children's poet, offers an accessible, practical and structured programme for the teaching of this sometimes neglected aspect of the English curriculum.
