Longest Road Stories Along The Transcanada Highway:

The Longest Road Bob Weber, 2003 The Longest Road examines how a single highway linking the entire country has changed the nation that built it the travelers who follow it and the people who live alongside it Everybody loves a road story and the Trans Canada Highway is the world's biggest stage for one The Longest Road hops in the driver's seat winds up the engine and heads out to tell it

Tourism and War Richard Butler, Wantanee Suntikul, 2013-05-07 This is the first volume to fully explore the complex relationship between war and tourism by considering its full range of dynamics including political psychological economic and ideological factors at different levels in different political and geographical locations Issues of peace and tourism are dealt with insofar as they pertain to the effects of war on tourism that emerge after the cessation of hostilities The book therefore reveals how not only location but also political strategies accidents of history transportation linkages and economic expediency all have played their role in the development and continuation of tourism before during and after wartime It further shows how the effects of war are seldom if ever simply a negation or reversal of the effects of peace on tourism The volume draws on a range of examples from medieval times to the present to reveal the multi-faceted development of tourism amidst and because of conflict in a wide variety of locations including the Pacific Europe the Middle East North America Africa and South East Asia showing the diverse ways in which tourism and war interact In doing so it explores how some locations have been developed as tourist attractions primarily because of war and conflict e.g. as resting and training places for troops and others flourished because of the threat of danger from conflicts to more traditional tourist locations This thought-provoking volume contributes to the understanding of the interrelationships between war peace and tourism in many different parts of the world at different scales It will be valuable reading for all those interested in this topic as well as dark tourism battlefield tourism and heritage tourism

The Drive Across Canada Mark

Richardson, 2025-05-06 Experience driving Canada's longest road and travel with the adventurers who helped make it a reality The Trans Canada Highway is one of the longest highways in the world 7 700 kilometres from St John's Newfoundland to Victoria British Columbia with almost the same distance again on secondary routes It's ironically Canadian but its story is a long and winding journey In The Drive Across Canada automotive journalist Mark Richardson tells the stories of the pioneers who first drove across the country in the early days of cars and motorcycles even before any roads existed and of the political fight to create a physical link that would connect Canadians to every province of their vast country Richardson drove the length of the Trans Canada Highway in 2023 repeating the drive he first completed in 2012 In his most recent journey he encounters a hurricane in Newfoundland a firestorm in British Columbia and unspeakable tragedies on the Prairies He meets people whose lives have been changed by the highway sometimes in ways they could never have imagined and along the way the highway changes his life too

Thumbing a Ride Linda Mahood, 2018-08-01 In the 1920s as a national network of roads and youth hostels spread across Canada so did the practice of hitchhiking By the 1960s the Trans Canada Highway had become the main thoroughfare for thousands of young baby boomers seeking adventure Thumbing a Ride examines the rise and fall of hitchhiking and hostelling in the 1970s drawing on records from the time Many equated adventure travel with freedom but a counter narrative emerged of girls gone missing and other dangers Town councillors community groups and motorists called for a nationwide clampdown on a transient youth movement that they believed was spreading hippie sensibilities and anti establishment nomadism Linda Mahood unearths good and bad stories and key biographical moments that formed young travellers understandings of personal risk agency and national identity Thumbing a Ride asks new questions about hitchhiking as a rite of passage and about the adult interventions that turned a subculture into a moral and social issue
