Historical Dictionary of Boxing John Grasso,2013-11-14 Boxing is one of the oldest sports in the world reaching back to the Ancient Greeks although it has become popular only in the past century or so But in some ways it is a rather complicated sport since to avoid unnecessary harm it has been endowed with rules to keep it clean referees to see the rules

are obeyed and organizations to regulate the sport Boxing was once largely amateur although the professional bouts attracted the most attention but now it is also an Olympic sport And over the years there has been one champion after another who symbolized what boxing was all about such Joe Louis Mohammad Ali and Cassius Clay Naturally these champions are the focus of the Historical Dictionary of Boxing as well and they have the biggest entries in the dictionary section but they had to fight against someone and there are dozens and dozens of other boxers with smaller entries More of these boxers come from the United States than elsewhere but there are others from Europe Asia and Latin America and there are also entries on the major boxing countries as well Plus entries on the rules on the organizations and on the technical terminology and jargon you have to know just to follow the bouts The introduction provides a broad view of boxing s history while the chronology traces events from 688 B C to 2012 A D Not all that much has been written on boxing that is not ephemeral but much of that literature can be found in the bibliography This book is an excellent access point for students researchers and anyone wanting to know more about the sport of boxing Boxing Nostalgia Alex Daley,2018-11-30 The champs and challengers unsung heroes and eccentrics tragedies and bizarre little known tales from the history of boxing are all here This unique assortment of articles comes from the popular Boxing News e Yesterday s Heroese column In this compilation Alex Daley has delved deep into the archives and interviewed ex fighters to uncover some of boxing s most intriguing stories British legends like Jimmy Wilde Jim Driscoll Ted Kid Lewis Jock McAvoy Benny Lynch Freddie Mills Randolph Turpin John Conteh and Terry Downes all feature as do American greats like Muhammad Ali Sugar Ray Robinson Harry Greb Sonny Liston and Jack Dempsey Read about the world champion who was sold to a boxing booth by his father the bareknuckle champ who became an MP women s boxing pioneers and the fighter who started a mutiny Boxing Nostalgia takes you on a journey through British ring history from the bareknuckle era to the late 20th century with stories that are often sad staggering or downright bizarre Sports around the World John Nauright,2012-04-06 This multivolume set is much more than a collection of essays on sports and sporting cultures from around the world it also details how and why sports are played wherever they exist and examines key charismatic athletes from around the world who have transcended their sports Sports Around the World History Culture and Practice provides a unique global overview of sports and sports cultures Unlike most works of this type this book provides both essays that examine general topics such as globalization and sport international relations and sport and tourism and sport as well as essays on sports history culture and practice in world regions for example Latin America and the Caribbean the Middle East and North Africa Europe and Oceania in order to provide a more global perspective These essays are followed by entries on specific sports world athletes stadiums and arenas famous games and matches and major controversies Spanning topics as varied as modern professional cycling to the fictional movie Rocky to the deadly ball game of the ancient Mayans the first three volumes contain overview essays and entries for specific sports that have been and are currently practiced around the world The fourth volume provides a compendium of

Forthcoming Books Rose Arny, 1997 *A Social History of Sheffield Boxing, Volume II* Matthew Bell, Gary Armstrong, 2021-01-04 A Social History of Sheffield Boxing combines urban ethnography and anthropology sociological theory and place and life histories to explore the global phenomenon of boxing Raising many issues pertinent to the social sciences such as contestations around state regulation of violence commerce and broadcasting

pedagogy and elite sport and how sport is delivered and narrated to the masses the book studies the history of boxing in Sheffield and the sport's impact on the cultural, political and economic development of the city since the 18th century. Interweaving urban anthropology with sports studies and historical research, the text expertly examines a variety of published sources ranging from academic papers to biographies and from newspaper reports to case studies and contemporary interviews. In Volume II Bell and Armstrong examine the revival of Sheffield boxing after the decline of the 1950s and 1960s outlined in Volume I. Instigated by two men from outside the city, Brendan Ingle and Herol Graham, this renaissance became known as the Ingle style, which between 1995 and 2014 produced four world champions: Naseem Hamed, Johnny Nelson, Junior Witter and Kell Brook. These successes inspired others and raised Sheffield's profile as a boxing city, which in the 1990s and 2000s produced two more world champions in Paul Silky Jones and Clinton Woods. In this second volume Bell and Armstrong track the resurgence of boxing to the present day and consider how the game and its players have changed over time.
